2009-2010 Regular Sessions

I N S E N A T E

November 23, 2009

Introduced by Sen. LAVALLE -- read twice and ordered printed, and when printed to be committed to the Committee on Rules

AN ACT to amend the tax law, in relation to the definition of the metropolitan commuter transportation district for the purposes of the metropolitan commuter transportation mobility tax; and to amend the public authorities law, in relation to requiring the metropolitan transportation authority to renegotiate the joint service operating agreement with the state of Connecticut

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. Pursuant to chapter 25 of the laws of
2 2009, the legislature did enact the metropolitan mobility tax within the
3 twelve county region constituting the metropolitan transportation
4 district. The legislature hereby finds that the residents of the towns
5 of Brookhaven, East Hampton, Riverhead, Shelter Island, Southold and
6 Southampton in the county of Suffolk receive minimal mass transit
7 services from the metropolitan transportation authority. Further, these
8 towns already pay substantial taxes to the MTA for these minimal
9 services, including increased sales taxes and mortgage recording taxes.
10 It has been estimated these five towns contribute more than \$60 million
11 annually to the MTA than they receive back in service.

12 In the interest of tax fairness and to avoid such additional inequitable
13 taxation on these towns, it is the purpose of this act to exempt
14 such towns from the newly adopted metropolitan commuter transportation
15 mobility tax.

16 S 2. Subdivision (a) of section 800 of the tax law, as added by
17 section 1 of part C of chapter 25 of the laws of 2009, is amended to
18 read as follows:

19 (a) Metropolitan commuter transportation district. The metropolitan
20 commuter transportation district ("MCTD") means the area of the state
21 included in the district created and governed by section twelve hundred
