Effective September first, nineteen hundred ninety-four, such tax shall be one-half of one per centum of all wagers. Such association or corporation shall receive credit as a reduction of the daily tax by the state for the privilege of conducting pari-mutuel betting of amounts equal to one and one-half per centum of total daily pools resulting from the simulcast of such association's or corporation's races to licensed facilities operated by regional off-track betting corporations in accordance with section one thousand [eight] FOUR of this chapter; provided, however, that in no event shall total daily credit exceed one and one half per centum of the total daily pool of such association or corporation. Provided, however, that on and after September first, nineteen hundred ninety-four, such credit shall be four-tenths percent of total daily pools resulting from such simulcasting and that in no event shall such total daily credit exceed four-tenths percent of the total daily pool of such association or corporation. An amount equal to fifty per centum of such credit shall be used to increase purses. Provided, however, that for any twelve month period beginning on April first in nineteen hundred ninety and any year thereafter, each of the applicable rates set forth above shall be increased by one-half of one per centum on all on-track bets of any such racing association or corporation that did not expend an amount equal to at least one-half of one per centum of its on-track bets during the immediately preceding calendar year for enhancements consisting of capital improvements as defined by section three hundred nineteen of this chapter, repairs to its physical plant, structures, and equipment used in its racing or wagering operations, as certified by the state racing and wagering board to the commissioner of taxation and finance no later than eighty days after the close of such calendar year, and five special events at each track in each calendar year, not otherwise conducted in the ordinary course of business, the purpose of which shall be to encourage, attract and promote track attendance and encourage new and continued patronage, which events shall be approved by the racing and wagering board for purposes of this subdivision. In the determination of the amounts expended for such enhancements, the board shall consider the average of the two immediately preceding twelve month calendar periods. Notwithstanding the foregoing no increase shall be imposed unless such corporation or association has been afforded notice and opportunity to

be heard. The racing and wagering board shall promulgate rules and regulations to implement the provisions relating to notice and hearing.

(i) Of the sums retained by any other licensed harness racing association or corporation other than those described in paragraph a of this subdivision, the applicable tax rates for regular bets shall be six-tenths of one per centum; for multiple bets shall be one and one-tenth per centum; for exotic bets shall be five and six-tenths per centum and for super exotic bets shall be seven per centum, plus fifty per centum of the breaks. Effective September first, nineteen hundred ninety-four, for all licensed harness racing associations and corporations which have entered into a contract with their representative horsemen's association on and after such date, such tax shall be one-half of one per centum of all wagers, plus fifty per centum of the breaks.

Provided, however, that for any twelve month period beginning on April first in nineteen hundred ninety and any year thereafter, each of the applicable rates set forth above shall be increased by one-quarter of one per centum on all on-track bets of any such racing association or corporation that did not expend an amount equal to at least one-half of one per centum of its on-track bets during the immediately preceding calendar year for enhancements consisting of capital improvements as defined by section three hundred nineteen of this article, repairs to its physical plant, structures, and equipment used in its racing or wagering operations, as certified by the state racing and wagering board to the commissioner of taxation and finance no later than eighty days after the close of such calendar year, and five special events at each track in each calendar year, not otherwise conducted in the ordinary course of business, the purpose of which shall be to encourage, attract and promote track attendance and encourage new and continued patronage, which events shall be approved by the racing and wagering board for purposes of this subdivision. In this regard, expenditures by a county agricultural society pursuant to section three hundred nineteen of this article shall be credited to the applicable harness racing association or corporation for this purpose. In the determination of the amounts expended for such enhancements, the board may consider the immediately preceding twelve month calendar period or the average of the two immediately preceding twelve month calendar periods. Notwithstanding the foregoing no increase shall be imposed unless such corporation or association has been afforded a notice and opportunity to be heard and no increase shall be imposed during nineteen hundred ninety-five on the authorized harness racing association conducting a special seven day harness race meeting that did not make such required expenditures during nineteen hundred ninety-four. The racing and wagering board shall promulgate rules and regulations to implement the provisions relating to notice and hearing.

Such associations or corporations shall receive credit as a reduction of the daily tax by the state for the privilege of conducting pari-mutuel betting of amounts equal to one per centum of total daily pools resulting from the simulcast of such association's or corporation's races to licensed facilities operated by regional off-track betting corporations in accordance with section one thousand [eight] FOUR of this chapter, provided however, that in no event shall the total daily credit exceed one per centum of the total daily pool of such association or corporation which tax is hereby levied and shall be paid to the commissioner of taxation and finance as a reasonable tax imposed by the state for the privilege of conducting pari-mutuel betting at races run at race meetings held by such association or corporation. Provided,

however, that on and after September first, nineteen hundred ninety-four such credit shall be four-tenths percent of total daily pools resulting from such simulcasting and that in no event shall such total daily credit exceed four-tenths percent of the total daily pool of such association or corporation. The racing and wagering board shall report annually, before July first, to the director of the budget, the chairman of the senate finance committee and the chairman of the assembly ways and means committee the extent to which such corporations and associations utilized such retained percentages and breakage for operations, maintenance, capital improvements, advertising and promotion, administration and general overhead and evaluate the effectiveness and make recommendations with respect to the application of the reduced rates of taxation as provided for in this subparagraph in accomplishing the objectives stated therein. Such report shall also specify the amounts of such retained percentages and breakage used for investments not directly related to racing activities and such amounts used to declare dividends or other profit distributions, additions to capital stock, its sale and transfer and additions to retained earnings. Such reports shall also include an analysis of any such agreements or proposals to conduct or otherwise expand wagers authorized under article ten of this chapter and present its conclusions with respect to the conduct of such wagering, the nature of such proposals and agreements, and recommendations to ensure the future maintenance of the intent of this article.
