LBD05073-02-0

This bill also applies to certain veterans who become members of a public retirement system after the effective date of this legislation and certain veterans who render military duty in future conflicts that could occur after the effective date of this legislation.

If this bill is enacted, insofar as it would affect the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System, the cost would depend on the number of members affected and upon each such member's age, salary, credited service, military service, plan coverage and tier.

The number of current and future members who could be affected by this legislation cannot be readily determined.

These costs would be shared by the State of New York and all participating employers in the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.

This estimate, dated April 29, 2010 and intended for use only during the 2010 Legislative Session, is Fiscal Note No. 2010-152, prepared by the Actuary for the New York State and Local Employees' Retirement System and the New York State and Local Police and Fire Retirement System.
