S 4. This act shall take effect immediately.

FISCAL NOTE.--This bill would allow certain peace officers and police officers employed by the Department of Taxation and Finance to be eligible for a performance of duty disability retirement allowance which would be 75% of final average salary less any Worker's Compensation payments received. Further, this bill would grant a presumption that certain infectious diseases and heart related disabilities have been sustained in the performance of duty, unless the contrary be proven by competent evidence.

If this bill is enacted, we anticipate that there will be an increase of approximately $66,000 in the annual contributions of the State of New York for the fiscal year ending March 31, 2011.

In addition to the annual contributions discussed above, we estimate that there will be a past service cost of approximately $190,000 which would be borne by the State of New York as a one-time payment. This estimate is based on the assumption that payment will be made on March 1, 2011.

These estimated costs are based on seventy-eight (78) officers employed by the Department of Taxation and Finance with a total salary of approximately $5.0 million for the fiscal year ending March 31, 2009.

This estimate, dated December 22, 2009, and intended for use only during the 2010 Legislative Session, is Fiscal Note No. 2010-36, prepared by the Actuary for the New York State and Local Employees' Retirement System.
