tical area in which the project is located, or if a project is located outside a metropolitan statistical area, the median income for such persons or families for the county in which the project is located, as most recently determined by the United States department of housing and urban development, in which case any person or family becoming eligible for admission pursuant to this subparagraph shall pay, from the time of admission, a rental surcharge as provided for in subdivision three of this section, computed on the basis of the income limitations applicable to such persons or families in the absence of this subparagraph, or (ii) seven times the rental, including the value or cost to them of heat, light, water and cooking fuel, of the dwellings that may be furnished to such persons or families, except that in the case of families with three or more dependents, such ratio shall not exceed eight to one. The "probable aggregate annual income" in the case of dwelling accommodations means the annual NET income [of the chief wage earner of the family] AFTER FEDERAL, STATE AND MUNICIPAL INCOME TAXES ARE DEDUCTED FROM THE GROSS INCOME OF THE CHIEF WAGE EARNER, plus all other income of other members of the family over the age of twenty-one years, plus a proportion of income of gainfully employed members under the age of twenty-one years, the proportion to be determined by the company as approved by the commissioner or the supervising agency, as the case may be, excluding therefrom a deduction of fifteen thousand dollars from the income of secondary wage earners of the family or a larger deduction if approved by the commissioner or the supervising agency, as the case may be, except that the company, as approved by the commissioner or the supervising agency, as the case may be, may exclude a proportion of the income of other members of the family over the age of twenty-one years for the purpose of determining eligibility for admission or continued occupancy, or for establishing the rental of such family, or for all such purposes; in the case of such non-housekeeping accommodations it means the annual income of the occupant, provided that the commissioner or supervising agency, as the case may be, may make rules and regulations relative to the allocation of the income of a family among the members thereof for the purpose of determining the income attributable to such occupant.

S 3. Subdivision 5 of section 85-a of the private housing finance law, as amended by chapter 182 of the laws of 1997, is amended to read as follows:

5. The "probable aggregate annual income" means the annual NET income [of the chief wage earner of the family] AFTER FEDERAL, STATE AND MUNICIPAL INCOME TAXES ARE DEDUCTED FROM THE GROSS INCOME OF THE CHIEF WAGE EARNER plus all other income of members of the family over the age of twenty-one years, plus a proportion of the income of members under the age of twenty-one years to be determined by the commissioner, excluding therefrom a deduction of fifteen thousand dollars from the income of secondary wage earners of the family or a larger deduction if approved by the commissioner or the supervising agency, as the case may be, except that the company, as approved by the commissioner, may exclude a proportion of the income of other members of the family over the age of twenty-one years for the purpose of determining eligibility for admission or continued occupancy, or for establishing the rental of such family, or for all such purposes.
