2 farming for the taxable year which is at least two-thirds of excess
3 federal gross income; and provided further that, in determining such
4 income eligibility, a taxpayer may, for any taxable year, use the aver-
5 age of such federal gross income from farming for that taxable year and
6 such income for the two consecutive taxable years immediately preceding
7 such taxable year. Excess federal gross income means the amount of
8 federal gross income from all sources for the taxable year in excess of

16 read as follows:

17 (1) General. In the case of a taxpayer who is an eligible farmer [or],

19 ELIGIBLE FARMER WHO HAS A LEASEHOLD INTEREST OF NOT FEWER THAN FIVE

40 such individual has a federal gross income from farming for the taxable
41 year which is at least two-thirds of excess federal gross income; and
42 provided further that, in determining such income eligibility, a taxpay-
43 er may, for any taxable year, use the average of such federal gross
44 income from farming for that taxable year and such income for the two
45 consecutive taxable years immediately preceding such taxable year.
46 Excess federal gross income means the amount of federal gross income
47 from all sources for the taxable year reduced by the sum (not to exceed
48 thirty thousand dollars) of those items included in federal gross income
49 which consist of (i) earned income, (ii) pension payments, including
