AN ACT to amend the public authorities law, in relation to protecting metropolitan transportation authority employees from its possible negligence

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative intent. This legislative body recognizes that metropolitan transportation authority workers face dangerous and sometimes fatal circumstances daily due to the nature of their work. This body also recognizes that given the dangerous nature of the occupation, there is a need for competent supervision and precise up-to-date information on the possible dangerous conditions facing the employees on their assignment. In order to ensure proper supervision, there must be an avenue of redress for employees or their representatives to use when they are not being given appropriate and adequate supervision or are subject to conditions where safety markers or designations mandated by law or regulation are not present. Therefore, it is the intent of this legislative body to protect these metropolitan transportation authority employees from such negligence by enacting the following legislation.

S 2. Subdivisions 5 and 6 of section 1276 of the public authorities law are renumbered subdivisions 6 and 7 and a new subdivision 5 is added to read as follows:
