AN ACT making appropriations for the support of government

CAPITAL PROJECTS BUDGET

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. a) The several amounts specified in this chapter for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects designated by the appropriations, and authorized to be made available as hereinafter provided to the respective public officers; such appropriations shall be deemed to provide all costs necessary and pertinent to accomplish the intent of the appropriations and are appropriated in accordance with the provisions of section 93 of the state finance law.

b) Any amounts specified in this chapter for advances for capital projects, or so much thereof as shall be necessary to accomplish the purpose of the appropriations, are appropriated by comprehensive construction programs (hereinafter referred to by the abbreviation CCP), purposes and projects designated by the appropriations as advances from the capital projects fund in accordance with the provisions of sections 40-a and 93 of the state finance law, and are authorized to be paid as hereinafter provided as an advance for a share, part or whole of the cost for such programs, purposes and projects hereinafter specified.

c) The several amounts specified in this chapter as capital projects - reappropriations, or so much thereof as shall be sufficient to accomplish the purpose of the appropriations, as appropriated by comprehen-

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [ ] is old law to be omitted.

sive construction programs (hereinafter referred to by the abbreviation CCP), purposes, and projects, being the undisbursed and/or unexpended balances of the prior year's appropriations, are reappropriated and unless otherwise amended or repealed in part or total in this chapter shall continue to be available for the same purposes as the prior appropriations or as otherwise amended for the fiscal year beginning April 1, 2011.

The capital projects reappropriations contained in this chapter may be amended by repealing the items set forth in brackets and by adding thereto the underscored material. Certain reappropriations in this chapter are shown using abbreviated text, with three leader dots (an ellipsis) followed by three spaces (...) used to indicate where existing law that is being continued is not shown. However, unless a change is clearly indicated by the use of brackets [-] for deletions and underscores for additions, the purpose, amounts, funding source and all other aspects pertinent to each item of appropriation shall be as last appropriated.

For the purpose of complying with section 25 of the state finance law, the year, chapter and section of the last act reappropriating a former original appropriation or any part thereof is, unless otherwise indicated: chapter 50, section 1 or 2, of the laws of 2010; chapter 53, section 1 or 2, of the laws of 2010; chapter 54, section 1 or 2,of the laws of 2010; and chapter 55, section 1 or 2, of the laws of 2010.

d) No moneys appropriated by this chapter shall be available for payment until a certificate of approval has been issued by the director of the budget, who shall file such certificate with the department of audit and control, the chairperson of the senate finance committee and the chairperson of the assembly ways and means committee.

e) The appropriations contained in this chapter shall be available for the fiscal year beginning on April 1, 2011.

CAPITAL PROJECTS - REAPPROPRIATIONS 2011-12

By chapter 54, section 1, of the laws of 1990, as amended by chapter 54, section 1, of the laws of 2002:

For the state share of the costs of construction of water quality improvement projects, including the payment of liabilities incurred prior to April 1, 1990, in accordance with the provisions of title 3 of article 51 of the environmental conservation law as amended, to provide state matching funds for projects scheduled to receive construction grants from federal fiscal years 1989 and 1990 funds, including costs incidental and appurtenant thereto, hereinafter referred to as "Water Quality Improvement Disbursements."

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for water quality improvement expenditures for eligible water quality improvement projects as defined by section 51-0303 of the environmental conservation law upon the issuance of a certificate of approval of availability by the director of the division of the budget. No such certificates of approval of availability shall be issued for or include funds for projects which have not received a federal grant for the construction of sewage treatment related facilities.

Notwithstanding the provisions of any general or special law, the amounts hereby appropriated shall have all disbursements reimbursed from the Pure Waters Bond Act proceeds authorizations and are contingent upon the partial repeal of existing capital projects fund authorizations elsewhere in this chapter. The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for Water Quality Improvement Disbursements for the month preceding such certification (09019057) ... 4,609,600 ..... (re. $1,466,000)

By chapter 54, section 1, of the laws of 1988, as amended by chapter 55, section 1, of the laws of 2003:

For the state share of the costs of construction of water quality improvement projects, including the payment of liabilities incurred prior to April 1, 1988, in accordance with the provisions of title 3 of article 51 of the environmental conservation law as amended, to provide a reserve to supplement or fund additional phases of projects previously appropriated and scheduled on or after May 12, 1965.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall be available for water quality improvement expenditures for any project scheduled in appropriation bills on or after May 12, 1965.

Notwithstanding the provisions of any general or special law, the amounts hereby appropriated shall be made available from the Pure Waters Bond Act authorizations and are contingent upon the repeal of existing authorizations elsewhere in this chapter.

Notwithstanding the provisions of any general or special law, the moneys hereby appropriated shall not be made available until the director of the division of the budget issues a certificate of

approval of availability with a schedule of approved and previously authorized projects for which such funds shall be used. No such certificates of approval of availability shall be issued for or include funds for projects which have not received a federal grant for the construction of sewage treatment related facilities. The state comptroller shall at the commencement of each month certify to the director of the division of the budget, the commissioner of environmental conservation, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee the amounts disbursed from this appropriation for Water Quality Improvement Disbursements for the month preceding such certification (09P28857) ... 11,690,000 ..... MASS TRANSPORTATION (CCP) 18,500,000

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund

Omnibus and Transit Purpose

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies. Notwithstanding any inconsistent provisions of law, the state share of such projects shall be 50 percent of the nonfederal share, but in no event shall the state share exceed 10 percent of project costs.

Notwithstanding any other provision of law, the commissioner of transportation shall make available directly to the City of New York (City) an amount commensurate with the state share of (i) federal funds previously awarded to the City and reallocated to the metropolitan transportation authority (MTA), and (ii) the federally authorized level of financial assistance transferred by resolution of the metropolitan planning organization (MPO) to the metropolitan transportation authority (MTA) and credited to the City by the MTA for capital expenses.

The state share of such reimbursement shall be 50 percent of the non-federal share of the federally authorized level of financial assistance transferred to the MTA, but in no event shall the state share exceed 10 percent of project costs. Prior to requesting reimbursement for projects progressed by the MTA on behalf of the City, the City shall certify to the commissioner of transportation that each eligible project progressed under this provision is federally eligible and that the match amount requested does not exceed the state share of the federally authorized level of financial assistance. In addition, the City must provide an application to the commissioner of transportation certifying that the work to be funded under the project has been

performed and that the City has reimbursed the MTA for 100 percent of the match amount for the project. Upon such application, the commissioner of transportation shall review and approve eligible activities for reimbursement.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each omnibus project progressed under the program has received federal approval. Such certificate shall report the federally authorized level of financial assistance (17171129) 18,500,000

MASS TRANSPORTATION AND RAIL FREIGHT (CCP) 64,901,000

Dedicated Highway and Bridge Trust Fund

Rail Service Preservation Purpose

Notwithstanding the provisions of section 89-b of the state finance law, for the construction and improvement of passenger and rail freight projects including, but not limited to, the acquisition, construction, reconstruction, improvement or rehabilitation of any railroad capital facility and any capital improvement used in connection herewith, for contractual agreements entered into for rail passenger service, and for the acquisition of real property or interests in real property required or expected to be required therefor (17161141) 16,930,000

Special Revenue Funds - Other
Dedicated Mass Transportation Trust Fund

Non-MTA Capital Purpose

For the payment of the costs of mass transportation capital projects and facilities including replacement of buses meeting federal standards for replacement, related bus equipment and the acquisition, design and construction, including engineering and

consulting costs, of mass transit bus garages or other mass transportation projects and facilities approved by the commissioner of transportation in a program of projects. Such funding may be part of a total project of which a portion is federally funded but shall not be used in substitution for the required non-federal matching shares of the federally-funded portion of the project to which it is added. The moneys hereby appropriated are to be made available for projects undertaken by mass transit systems other than those mass transit operating agencies which receive money from the metropolitan transportation authority dedicated tax fund (17361129) 18,500,000

NON-FEDERALLY AIDED HIGHWAY CAPITAL PROJECTS (CCP) 1,806,863,000

Dedicated Highway and Bridge Trust Fund

Non-Federal Aided Highway Purpose

For the payment of the costs, including the payment of liabilities incurred prior to April 1, 2011, of state highways, parkways, bridges, the New York State Thruway, Indian reservation roads, and facilities for which the responsibility is vested with the state department of transportation including work appurtenant and ancillary thereto, for the state share of federally authorized high speed rail improvement projects, and for the cost of administrative services of the department of transportation and the cost of services provided by private firms; including the costs of preventive maintenance on state roads

and bridges as defined in paragraph (a) of subdivision 1 of section 10-d of the highway law for contractual preventive maintenance services provided by private firms; and including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision, and appraisals, surveys, testing and environmental impact statements for transportation projects. Project costs funded from this appropriation may include but shall not be limited to construction, reconstruction, reconditioning and preservation, preventive maintenance, and the acquisition of property.

With the approval of the director of the budget, the commissioner of transportation is authorized to enter into agreements with any municipality to finance local bridge projects through state non-federally aided highway funds appropriated herein when the use of federal aid funds for such local bridge projects would not be cost effective and the federal aid and state matching funds saved as a result of the use of nonfederal aid funds for local bridge projects are made available for bridge projects on the state highway system. The total amount of non-federally aided highway funds made available for local bridge projects from this appropriation shall not exceed $2,500,000 in state fiscal year 2011-12.

Accelerated Capacity and Transportation Improvements Fund [- 126]

Bond Proceeds Purpose

By chapter 54, section 1, of the laws of 1989, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $2,530,000,000, or so much thereof as may be necessary and available, is hereby appropriated from the accelerated capacity and transportation improvements fund as established by section 77 of the state finance law in accordance with the provisions of such section for payment to the capital projects fund in order to reimburse such fund for disbursements certified by the state comptroller as bondable under the provisions of section 50 of chapter 261 of the laws of 1988.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which accelerated capacity and transportation improvements fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations so designated by the director of the budget from the capital projects fund for such purposes for the month preceding such certification and such certifications shall not exceed in the aggregate the moneys hereby appropriated. A copy of each such certificate shall also be delivered to state departments and agencies to which such capital projects fund appropriations are made available.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the accelerated capacity and transportation improvements fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (71258910) ..... 2,530,000,000 ..... Aviation Purpose

By chapter 54, section 1, of the laws of 1991:

For state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, for the acquisition, construction, reconstruction, and improvement of airport or aviation capital projects, including the acquisition of real property, pursuant to the transportation capital facilities development act of 1967 notwithstanding any inconsistent provisions of law, in accordance with the schedule set forth below. The moneys hereby appropriated are to be made available for payment of state aid to municipal corporations, private airports as authorized by section 14-h of the transportation law and for payment of the state share of federally aided projects at Stewart and Republic Airports, including payment of liabilities incurred prior to April 1, 1991, as defined in the transportation capital facilities development act of 1967. The items shown in the project schedule below shall be for projects with a common purpose and may be interchanged without limitation subject to the approval of the director of the division of the budget.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each airport or aviation project progressed under the program categories listed in the schedule below has received federal approval and the federally authorized level of financial assistance.

No funds shall be allocated for projects at Stewart Airport that are directly related to a private facility until the commissioner of transportation enters into a written agreement, subject to the approval of the director of the budget, with such private entity providing that such entity is committed to locate its facilities at Stewart airport and has arranged financing for the costs of construction of such facilities.

Funds shall not be allocated for projects at Stewart airport from this appropriation for infrastructure improvements or other development purposes not directly related to a private facility until the commissioner of transportation has provided the director of the budget with the following projections to support any such allocation of funds: (a) effect on Stewart airport net operating revenues; (b) effect on new jobs for the state of New York; and (c) effect on net

revenues of amortization of state capital expenditures. It is acknowledged that funds provided herein pursuant to the transportation capital facilities development act of 1967 are made available by repealing a portion of an appropriation for the payment of the state's share to the Niagara frontier transportation authority for construction, reconstruction, and improvement of airport or aviation capital projects at Buffalo international airport. It is the intent of the legislature that the repeal of such funds appropriated to the Niagara frontier transportation authority does not void the state's commitment to provide alternative state share funding sources to the authority to complete the airport or aviation capital projects at Buffalo international airport as originally provided by chapter 54, section 1, of the laws of 1982, as amended by chapter 54, section 3, of the laws of 1988. It is further the intent of the legislature that such alternative state share funding be provided to the authority no later than March 31, 1993 (17439114) ... . 11,800,000 ..... (re. $826,000)

For state aid to municipal corporations for the preparation of designs, plans, specifications and estimates, for the acquisition, construction, reconstruction, and improvement of mass transportation capital projects including the acquisition of real property, for other mass transportation projects including local transportation planning studies. Notwithstanding any inconsistent provisions of law, the state share of such projects shall be 50 percent of the nonfederal share, but in no event shall the state share exceed 10 percent of project costs.

Notwithstanding any other provision of law, the commissioner of transportation shall make available directly to the City of New York

(City) an amount commensurate with the state share of (i) federal funds previously awarded to the City and reallocated to the metropolitan transportation authority (MTA), and (ii) the federally authorized level of financial assistance transferred by resolution of the metropolitan planning organization (MPO) to the metropolitan transportation authority (MTA) and credited to the City by the MTA for capital expenses.

The state share of such reimbursement shall be 50 percent of the nonfederal share of the federally authorized level of financial assistance transferred to the MTA, but in no event shall the state share exceed 10 percent of project costs. Prior to requesting reimbursement for projects progressed by the MTA on behalf of the City, the City shall certify to the commissioner of transportation that each eligible project progressed under this provision is federally eligible and that the match amount requested does not exceed the state share of the federally authorized level of financial assistance. In addition, the City must provide an application to the commissioner of transportation certifying that the work to be funded under the project has been performed and that the City has reimbursed the MTA for 100 percent of the match amount for the project. Upon such application, the commissioner of transportation shall review and approve eligible activities for reimbursement.

Prior to requesting approval of a certificate of approval of availability for the moneys hereby appropriated, the commissioner of transportation shall certify that each omnibus project progressed under the program has received federal approval. Such certificate shall report the federally authorized level of financial assistance

Industrial Access Purpose

By chapter 55, section 1, of the laws of 2004, as amended by chapter 55, section 1, of the laws of 2010:

For the construction or improvement of highway, bridge and rail freight projects related to industrial access, including the acquisition of property and the payment of liabilities incurred prior to April 1, 2004. For the cost of the contract services provided by private firms, including but not limited to the preparation of designs, plans, specifications and estimates; construction management and supervision; and appraisals, surveys, testing and environmental impact statements for transportation projects. No funds shall be allocated for such purposes until the commissioner of transportation enters into an agreement subject to the approval of the director of the budget with any public or private entity for the repayment of 40 percent of each project's costs disbursed from such funds. Such agreement shall require repayment within 5 years of the date of acceptance of the project by the department of transportation except that the repayment may occur over a period of up to 10 years when total project costs exceed $1,000,000. All projects must be approved by the director of the budget prior to the obligation of the moneys so appropriated.

The moneys so appropriated shall be made available pursuant to rules and regulations promulgated by the commissioner of transportation establishing the maximum amount of assistance to be provided for each project and the information that must be provided by the entity requesting assistance, establishing criteria for providing assistance from the moneys so appropriated and including standards for receiving of assistance including but not limited to the number of jobs created or maintained by the transportation improvement.

Notwithstanding any inconsistent provision of law, the commissioner of transportation may waive the requirement to repay 40 percent of the cost of a project provided that private funds are dedicated to the cost of such industrial access project and related economic development for at least 40 percent of the total cost of the industrial access project and related economic development and the industrial access portion of such project's cost is greater than $2,000,000

Transportation Infrastructure Renewal Bond Fund [- 123]

Bond Proceeds Purpose

DEPARTMENT OF TRANSPORTATION

CAPITAL PROJECTS - REAPPROPRIATIONS 2011-12

By chapter 54, section 1, of the laws of 1993, as amended by chapter 55, section 1, of the laws of 1996:

The sum of $810,000, or so much thereof as may be necessary, is hereby appropriated from the transportation infrastructure renewal fund as established by section 74 of the state finance law in accordance with the provisions of section 7 of chapter 836 of the laws of 1983 for payment, notwithstanding the provisions of any law, to the capital projects fund, in order to reimburse such fund for disbursements certified by the state comptroller as bondable under the provisions of the rebuild New York through transportation infrastructure renewal bond act of 1983 for payment from the port, marine terminal, canal and waterway account.

The director of the budget is hereby authorized to designate to the state comptroller specific appropriations made from the capital projects fund for purposes for which transportation infrastructure renewal fund expenditures are authorized. The state comptroller shall at the commencement of each month certify to the director of the budget, the chairman of the senate finance committee, and the chairman of the assembly ways and means committee, the amounts disbursed from the appropriations so designated by the director of the budget from the capital projects fund for such purposes for the month preceding such certification and such certification shall not exceed in the aggregate the moneys hereby appropriated. A copy of each such certificate shall also be delivered to state departments and agencies to which such capital projects fund appropriations are made available.

Notwithstanding the provisions of any general or special law, no moneys shall be available from the transportation infrastructure renewal fund until a certificate of approval of availability shall have been issued by the director of the budget, and a copy of such certificate of approval filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee. Such certificate may be amended from time to time by the director of the budget, and a copy of each such amendment shall be filed with the state comptroller, the chairman of the senate finance committee and the chairman of the assembly ways and means committee (71119310) ... 810,000 .....
