Introduced by M. of A. WRIGHT -- read once and referred to the Committee on Higher Education

AN ACT to amend the education law, in relation to protecting constitutional or civil rights of non-degree granting proprietary schools and their owners

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative intent. The legislature declares that it is the policy of the state of New York to assure that each non-degree granting proprietary school, hereinafter "proprietary school," and the owners thereof are afforded due process before the revocation of such school's license to operate as a proprietary school or the denial of an application for renewal of such license. Any application for renewal of such license or appeal of revocation or registration or regulation of any proprietary school by the bureau of proprietary school supervision, hereinafter "the bureau," should be made in an environment free of fear of discrimination based upon race, religion, creed, color, sex, sexual orientation, age, disability, ethnicity or national origin. The state has the responsibility to act to ensure that all proprietary schools have the ability to operate, and to not be closed or prevented from obtaining a renewal of their license, or have their license revoked, barring presumed evidence of fraud, so as to afford an opportunity for such proprietary school to take corrective action to remedy any apparent or alleged deficiency or deficiencies in their operation and without imposing penalties that are not commensurate with the violations established. Any such action by the bureau, against a proprietary school in any case that appears based on any violation of any protection of the constitutionally guaranteed rights of due process shall immediately be forestalled or tabled and referred to a hearing to be conducted by the "legislative advisory committee for proprietary schools education" to be known as the "proprietary school disciplinary committee" which shall act
