2011-2012 Regular Sessions

IN ASSEMBLY

May 6, 2011

Introduced by M. of A. SILVER, FARRELL -- (at request of the Governor) -- read once and referred to the Committee on Ways and Means

AN ACT to amend the real property tax law and the administrative code of the city of New York, in relation to applications for tax abatements for industrial and commercial construction work on properties in a city of one million or more persons and to tax abatements for certain electricity generating facilities in such city

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings. The legislature hereby finds that the New York city industrial and commercial incentive program granted, as of right, reductions in real property taxes to new industrial and commercial projects, including power plants. That program lapsed in 2008 and 5 its successor, the industrial and commercial abatement program, by chapter 119 of the laws of 2008, did not provide for tax abatements 7 for new electricity generating facilities in New York city. In August 2010 the board of directors of the New York city industrial development 9 agency revised its uniform tax exemption policy to provide a discretion-10 ary tax abatement program, and other benefits, for certain peaking However, the tax benefits of the program were 11 generating facilities. 12 not recognized by the federal energy regulatory commission in 13 installed capacity demand curves for the City of New York for 14 2011/2012, 2012/2013 and 2013/2014, potentially resulting in a significant increase in the level of the demand curves and corresponding 15 16 capacity prices paid by customers in the city of New York. The 17 ture further finds that it is in the best interest of customers to prevent such impacts by amending the real property tax law 18 for the purpose of making peaking units eligible for benefits, as of right, 19 20 under the industrial and commercial abatement program.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [] is old law to be omitted.
