August 31, 2011

Introduced by M. of A. PERRY -- read once and referred to the Committee on Education

AN ACT to amend the education law, the limited liability company law and the partnership law, in relation to the practice of naturopathy; and to amend the social services law, in relation to the reporting of child abuse

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative intent. In order to protect the public health, safety and welfare of the citizens who desire naturopathic care, the legislature finds it is necessary to regulate the practice of naturopathy by providing licensure for qualified practitioners. It is the legislature's intent that only practitioners who meet and maintain standards of competence are recognized by the public as licensed naturopaths. The legislature recognizes that, unlike other currently licensed professions, naturopathic doctors are formally educated in the use of natural therapies, natural substances and pharmacological substances for common health conditions and disease prevention. Naturopaths serve the public as experts in drug/nutrient and drug/herb interactions.
