Introduced by Sen. KRUEGER -- read twice and ordered printed, and when printed to be committed to the Committee on Corporations, Authorities and Commissions

AN ACT relating to large capital projects to be financed in whole or in part with public funds and the disclosure of such projects

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature finds that there are
2 in the city of New York many large capital projects to be financed in
3 whole or in part with public funds or to be supported by tax and other
4 public incentives and which are crucial to the economic and cultural
5 interests of such city and the state of New York as a whole, and which
6 are at some stage of proposal, planning or implementation. The legisla-
7 ture further finds that it is important that a full disclosure be made
8 of the details of such projects, their projected costs to the city and
9 state and to public benefit corporations, the projected benefits, the
10 reasons why some of them have been delayed and why some of the proposals
11 have been modified. Accordingly, it is critical that the New York state
12 urban development corporation, also known as the Empire State Develop-
13 ment Corporation, provide a prompt report to the legislature on such
14 projects so the legislature may provide the necessary policy determi-
15 nations and establish appropriate priorities so that necessary projects
16 can proceed.

18 meanings:
