IN SENATE

April 30, 2012

Introduced by Sen. KLEIN -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT to amend the education law, in relation to screening for child-hood obesity and instruction in good health and reducing the incidence of obesity

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Section 901 of the education law, as amended by chapter 477 of the laws of 2004, subdivision 1 as amended by section 57 of part A-1 of chapter 58 of the laws of 2006, is amended to read as follows:

S 901. School health services to be provided. 1. School health services, as defined in subdivision two of this section, shall be provided by each school district for all students attending the public schools in this state, except in the city school district of the city of New York, as provided in this article. School health services shall include the services of a registered professional nurse, if one is employed, and shall also include such services as may be rendered as provided in this article in examining students for the existence of disease or disability, OR MAY INCLUDE SERVICES RELATED TO EXAMINING FOR CHILDHOOD OBESITY BASED UPON THE CALCULATION OF EACH STUDENT'S BODY MASS INDEX AND WEIGHT STATUS CATEGORY PURSUANT TO SECTION NINE HUNDRED FOUR OF THIS ARTICLE, and in testing the eyes and ears of such students.

2. School health services for the purposes of this article shall mean the several procedures, including, but not limited to, medical examinations, dental inspection and/or screening, scoliosis screening, vision screening [and], audiometer tests, AND CHILDHOOD OBESITY AS MEASURED BY BODY MASS INDEX AND WEIGHT STATUS CATEGORY, designed to determine the health status of the child; to inform parents or other persons in parental relation to the child, pupils and teachers of the individual child's health condition subject to federal and state confidentiality laws; to guide parents, children and teachers in procedures for preventing and correcting defects [and], diseases AND CHILDHOOD OBESITY CONDITIONS; to instruct the school personnel in procedures to take in case of accident or illness; to survey and make necessary recommendations

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [] is old law to be omitted.

concerning the health and safety aspects of school facilities and the provision of health information.

- S 2. Subdivisions 1, 3 and 4 of section 903 of the education law, as amended by chapter 281 of the laws of 2007, subdivision 1 as separately amended by section 11 of part B of chapter 58 of the laws of 2007 and paragraph a of subdivision 3 as amended by section 28 of part A of chapter 58 of the laws of 2008, are amended to read as follows:
- 1. A health certificate shall be furnished by each student 8 in the public schools upon his or her entrance in such schools and upon his or 9 10 her entry into the grades prescribed by the commissioner in regulations, 11 provided that such regulations shall require such certificates at 12 twice during the elementary grades and twice in the secondary grades. An examination and health history of any child may be required by the local 13 14 school authorities at any time in their discretion to promote the educa-15 tional interests of such child. Each certificate shall be signed by a 16 duly licensed physician, physician assistant, or nurse practitioner, who 17 is authorized by law to practice in this state, and consistent with any 18 applicable written practice agreement, or by a duly licensed physician, 19 physician assistant, or nurse practitioner, who is authorized to prac-20 jurisdiction in which the examination was given, provided 21 that the commissioner has determined that such jurisdiction has stand-22 licensure and practice comparable to those of New York. Each such certificate shall describe the condition of the student when the 23 24 examination was made, which shall not be more than twelve months prior 25 to the commencement of the school year in which the examination 26 and shall state whether such student is in a fit condition of 27 health to permit his or her attendance at the public schools. 28 INATION MAY INCLUDE A DIABETES RISK ANALYSIS AND, IF NECESSARY, CHILDREN 29 WITH RISK FACTORS FOR TYPE 1 DIABETES, OR RISK FACTORS ASSOCIATED TYPE 2 DIABETES SUCH AS OBESITY, A FAMILY HISTORY OF TYPE 2 DIABETES, OR 30 OTHER FACTORS CONSISTENT WITH INCREASED RISK SHALL BE TESTED FOR 31 32 DIABETES. Each such certificate shall also state the student's body mass 33 index (BMI) and weight status category. For purposes of this 34 BMI is computed as the weight in kilograms divided by the square of 35 height in meters or the weight in pounds divided by the square of height in inches multiplied by a conversion factor of 703. Weight status 36 37 gories for children and adolescents shall be as defined by the commis-38 sioner of health. In all school districts such physician, physician 39 assistant or nurse practitioner shall determine whether a one-time test 40 for sickle cell anemia is necessary or desirable and he or she conduct such a test and the certificate shall state the results. 41
 - 3. a. Within thirty days after the student's entrance in such schools or grades, the health certificate shall be submitted to the principal or his or her designee and shall be filed in the student's cumulative health record. If such student does not present a health certificate as required in this section, unless he or she has been accommodated on religious grounds, the principal or the principal's designee shall cause a notice to be sent to the parents or person in parental relationship to such student that if the required health certificate is not furnished within thirty days from the date of such notice, an examination will be made of such student, as provided in this article. Each school and school district [chosen as part of an appropriate sampling methodology] shall participate in surveys directed by the commissioner of health pursuant to the public health law in relation to students' BMI and weight status categories as reported on the school health certificate and which shall be subject to audit by the commissioner of health. Such

surveys shall contain the information required pursuant to subdivision one of this section in relation to students' BMI and weight status categories in aggregate. Parents or other persons in parental relation to a student may refuse to have the student's BMI and weight status category included in such survey. Each school and school district shall provide the commissioner of health with any information, records and reports he or she may require for the purpose of such audit. The BMI and weight status survey and audit as described in this subdivision shall be conducted consistent with confidentiality requirements imposed by federal law.

- b. Within thirty days after the student's entrance in such schools or grades, the dental health certificate, if obtained, shall be filed in the student's cumulative health record.
- 4. Notwithstanding the provisions of subdivisions one, two and three of this section, no examinations for a health certificate or health history shall be required or dental certificate requested, and no screening examinations for sickle cell anemia OR CHILDHOOD OBESITY shall be required where a student or the parent or person in parental relation to such student objects thereto on the grounds that such examinations or health history conflict with their genuine and sincere religious beliefs.
- S 3. Subdivision 1 of section 904 of the education law, as amended by section 12 of part B of chapter 58 of the laws of 2007, is amended to read as follows:
- 1. Each principal of a public school, or his or her designee, to the director of school health services having jurisdiction over such school, the names of all students who have not furnished health certificates as provided in section nine hundred three of this article, or who are children with disabilities, as defined by eighty-nine of this chapter, and the director of school health services shall cause such students to be separately and carefully examined tested to ascertain whether any student has defective sight or hearing, or any other physical disability which may tend to prevent him or from receiving the full benefit of school work, or from requiring a modification of such work to prevent injury to the student or receiving the best educational results. Each examination shall also include a calculation of the student's body mass index (BMI) and weight status category. For purposes of this section, BMI is computed as the weight in kilograms divided by the square of height in meters or weight in pounds divided by the square of height in inches multiplied by a conversion factor of 703. Weight status categories for children and adolescents shall be as defined by the commissioner of health. school districts, such physician, physician assistant or nurse practitioner shall determine whether a one-time test for sickle cell anemia is necessary or desirable and he or she shall conduct such tests certificate shall state the results. If it should be ascertained, upon such test or examination, that any of such students have defective sight or hearing[,] or other physical disability, including sickle cell anemia, as above described, OR ARE OBESE, the principal or his or her designee shall notify the parents of, or other persons in parental the child as to the existence of such disability. If the parents or other persons in parental relation are unable or unwilling to provide the necessary relief and treatment for such students, such fact shall be reported by the principal or his or her designee to the director of school health services, whose duty it shall be to provide relief for such students. Each school and school district [chosen as part of an

appropriate sampling methodology] shall participate in surveys directed by the commissioner of health pursuant to the public health law in 3 relation to students' BMI and weight status categories as determined by the examination conducted pursuant to this section and which shall be 5 subject to audit by the commissioner of health. Such surveys 6 information required pursuant to this subdivision contain the 7 relation to students' BMI and weight status categories in aggregate. 8 [Parents or other persons in parental relation to a student may refuse to have the student's BMI and weight status category included in such 9 10 survey.] Each school and school district shall provide the commissioner of health with any information, records and reports he or 11 require for the purpose of such audit. The BMI and weight status survey 12 and audit as described in this section shall be conducted consistent 13 14 confidentiality requirements imposed by federal law. 15 collection for such surveys shall commence on a voluntary basis at the beginning of the two thousand seven academic school year, and by all 16 17 schools chosen as part of the sampling methodology at the beginning of 18 the two thousand eight academic school year.] The department shall also 19 utilize the collected data to develop a report of child obesity and 20 obesity related diseases. 21

S 4. Section 912 of the education law, as amended by chapter 477 of the laws of 2004, is amended to read as follows:

S 912. Health and welfare services to all children. The voters and/or trustees or board of education of every school district shall, upon request of the authorities of a school other than public, provide resident children who attend such school with any or all of the health and welfare services and facilities which are made available by such voters and/or trustees or board of education to or for children attending the public schools of the district. Such services may include, but are not limited to all services performed by a physician, physician assistant, dentist, dental hygienist, registered professional nurse, nurse practitioner, school psychologist, school social worker or school speech therapist, and may also include dental prophylaxis, vision and hearing screening examinations, CHILDHOOD OBESITY SCREENING, the taking of medical histories and the administration of health screening tests, the maintenance of cumulative health records and the administration of emergency care programs for ill or injured students. Any such services or facilities shall be so provided notwithstanding any provision of any charter or other provision of law inconsistent herewith. Where children residing in one school district attend a school other than public located in another school district, the school authorities of the district of residence shall contract with the school authorities of the district where such nonpublic school is located, for the provision of such health and welfare services and facilities to such children by the school district where such nonpublic school is located, for a consideration to be agreed upon between the school authorities of such districts, subject to the approval of the qualified voters of district of residence when required under the provisions of this chapter. Every such contract shall be in writing and in the form prescribed by the commissioner, and before such contract is executed the same shall be submitted for approval to the superintendent of schools having jurisdiction over such district of residence and such contract shall not become effective until approved by such superintendent.

S 5. Subdivisions 4 and 5 of section 918 of the education law, as added by chapter 493 of the laws of 2004, are amended to read as follows:
