Introduced by M. of A. PEOPLES-STOKES -- read once and referred to the
Committee on Governmental Operations

AN ACT to amend the state finance law, in relation to enacting the New
York state agency MWBE asset management and financial institution
strategy

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. This act shall be known and may be cited as the "New York
2 state agency MWBE asset management and financial institution strategy
3 act".
4 S 2. Legislative findings. 1. The New York state agency minority and
5 women-owned business enterprise (MWBE) asset management and financial
6 institution strategy is hereby established to codify and replicate
7 across certain entities established by New York state law, best prac-
8 tices with respect to the inclusion of minority and women-owned business
9 enterprises that are asset managers, investment banks, and financial and
10 professional service firms in the opportunity to provide services to
11 such New York state entities. Certain New York state entities such as
12 the common retirement fund, the New York state teachers' retirement
13 system and the New York state insurance fund, have recently adopted
14 emerging manager programs to increase opportunities for firms that
15 include small, disadvantaged or minority and women-owned business enter-
16 prises. These programs and similar programs in other states have shown
17 that there is a growing pool of minority and women-owned asset managers,
18 investment banks and financial and professional services firms that are
19 qualified to provide investment management, investment banking, under-
20 writing and other financial and professional services to New York state
21 entities. It is the intent of the legislature to institutionalize access
22 to opportunities for MWBE firms in New York state across New York state
23 entities that use such services, to create reasonable objectives for
24 conducting business with such firms, and to facilitate transparency by

1 creating a regime of public reporting about the use of such firms for
2 such services. Nothing in this act shall be deemed to preempt or affect
3 in any way existing laws regarding legal investments by New York state
4 entities covered by this act, to conflict with the fiduciary obligations
5 of the fiduciaries, board members or executive officers of any of such
6 controlled entities, as applicable, to create quotas or other unlawful
7 preferences, or to diminish the ability of any entity covered by this
8 act to make decisions consistent with best practices for procuring the
9 services covered by this act.

10 2. In 2006, the New York state department of economic development or
11 "NYSDEC" commissioned a study to assist the state in evaluating whether
12 the state's minority and women-owned business enterprise or MWBE initi-
13 atives were still necessary to remedy discrimination in state contract-
14 ing programs. On May 5, 2010, the study was presented to NYSDEC, members
15 of the legislature and other stakeholders. The study's findings indi-
16 cated that: (a) there is both statistical and anecdotal evidence of
17 business discrimination against MWBEs in the private sector of the New
18 York state market area; (b) there is evidence of discrimination against
19 MWBEs in the New York state market area in the small business credit
20 market; (c) MWBEs in the state's market area report suffering business
21 related discrimination in large numbers and with statistically signif-
22 icant greater frequency than non-MWBEs; and (d) in general, minorities
23 and women reported that race- and gender-conscious contracting programs
24 are needed to ensure full and fair access to government contracts
25 because being certified created opportunities that otherwise would not
26 have presented themselves.

27 3. As a result of such findings, the governor and the legislature are
28 considering amendments to article 15-A of the executive law and certain
29 provisions of the public authorities law that cover MWBE procurement
30 programs to improve outreach to MWBEs by state agencies and state
31 authorities, to increase transparency and public reporting on direct and
32 indirect expenditures with MWBEs, to generally eliminate artificial
33 barriers to entry for MWBE firms and to strengthen the efficacy of the
34 state's MWBE programs.

35 4. On December 11, 2009, the public authorities reform bill was signed
36 into law by the governor, which among other things, expanded the
37 contracting areas covered under article 15-A of the executive law to
38 include financial and professional services, which previously had been
39 specifically excluded from article 15-A of the executive law. This act
40 is an effort to apply the principles inherent to other New York state
41 MWBE programs to the New York state entities covered hereby as it
42 relates to certain financial and professional services. The legislature
43 deems it necessary to codify certain practices by such New York entities
44 to broaden the adoption of such practices by other New York state enti-
45 ties and to facilitate uniformity with respect to the operation of such
46 programs, identification of qualified firms, and transparency with
47 respect to public reporting on meeting the objectives of such programs.

48 5. New York state has historically held a competitive advantage as the
49 center of the worldwide financial services industry. New York state
50 financial service firms have been key providers of employment opportu-
51 nities for New York residents and critical generators of tax revenue
52 both for New York state and its local governments. As an economic devel-
53 opment matter, fostering a strong financial services industry that
54 includes meaningful participation by MWBE firms is an important objec-
55 tive. In addition, the legislature anticipates that increasing state
56 contracting opportunities and increasing capital access to underserved

1 regions and to underserved groups such as minority and women-owned busi-
2 ness enterprises, will increase employment opportunities for New York
3 state residents.

4 6. New York state shall establish goals that encourage New York state
5 entities to identify minority and women-owned business enterprises that
6 are financial services or professional service firms. The legislature
7 intends to optimize competition for financial and professional services,
8 diversify investments among a larger pool of asset managers and other
9 financial services firms and to support job creation and economic devel-
10 opment.

11 S 3. Section 136-b of the state finance law, as added by chapter 261
12 of the laws of 1988, is amended to read as follows:

13 S 136-b. [Selection of underwriters by state agencies. Whenever a
14 state agency, as defined in article fifteen-A of the executive law,
15 sells its bonds, notes or other securities at a private sale, in select-
16 ing one or more underwriters to purchase such securities the state agen-
17 cy shall consider, among other things, the participation of firms certi-
18 fied pursuant to such article as minority or women-owned firms and the
19 ability of other firms under consideration to work with minority and
20 women-owned business enterprises so as to promote and assist partic-
21 ipation by such enterprises.] NEW YORK STATE AGENCY AND AUTHORITY MWBE
