provide for such an enumeration of the inhabitants of such parts of state only as may be necessary, which shall supersede in part the federcensus and be used in connection therewith for such purposes. legislature, by law, may provide in its discretion for an enumeration by state authorities of the inhabitants of the state, to be used for such purposes, in place of a federal census, when the return of a decennial 7 federal census is delayed so that it is not available at the beginning 8 of the regular session of the legislature in the second year after the year nineteen hundred thirty or after any tenth year therefrom, or if an 9 10 apportionment of members of assembly [and readjustment or alteration of 11 senate districts] is not made at or before such a session. [At the requ-12 lar session in the year nineteen hundred thirty-two, and at the first regular session after the year nineteen hundred forty and after each 13 14 tenth year therefrom the senate districts shall be readjusted or 15 altered, but if, in any decade, counting from and including that which 16 begins with the year nineteen hundred thirty-one, such a readjustment or alteration is not made at the time above prescribed, it shall be made at 17 18 a subsequent session occurring not later than the sixth year of decade, meaning not later than nineteen hundred thirty-six, nineteen 19 hundred forty-six, nineteen hundred fifty-six, and so on; provided, 20 however, that if such districts shall have been readjusted or altered by 21 22 in either of the years nineteen hundred thirty or nineteen hundred thirty-one, they shall remain unaltered until the first regular session 23 after the year nineteen hundred forty. Such districts shall be so read-24 25 justed or altered that each senate district shall contain as nearly may be an equal number of inhabitants, excluding aliens, and be in as 26 27 compact form as practicable, and shall remain unaltered until the first 28 year of the next decade as above defined, and shall at all times consist 29 of contiguous territory, and no county shall be divided in the formation 30 a senate district except to make two or more senate districts wholly in such county. No town, except a town having more than a full ratio of 31 32 apportionment, and no block in a city inclosed by streets or public ways, shall be divided in the formation of senate districts; nor 33 34 any district contain a greater excess in population over an adjoining 35 district in the same county, than the population of a town or block therein adjoining such district. Counties, towns or blocks which, from 36 their location, may be included in either of two districts, shall be so 37 38 placed as to make said districts most nearly equal in number of inhabit-39 ants, excluding aliens. 40

No county shall have four or more senators unless it shall have a full ratio for each senator. No county shall have more than one-third of all the senators; and no two counties or the territory thereof as now organized, which are adjoining counties, or which are separated only by public waters, shall have more than one-half of all the senators.

The ratio for apportioning senators shall always be obtained by dividing the number of inhabitants, excluding aliens, by fifty, and the senate shall always be composed of fifty members, except that if any county having three or more senators at the time of any apportionment shall be entitled on such ratio to an additional senator or senators, such additional senator or senators shall be given to such county in addition to the fifty senators, and the whole number of senators shall be increased to that extent.

The senate districts, including the present ones, as existing immediately before the enactment of a law readjusting or altering the senate districts, shall continue to be the senate districts of the state until the expirations of the terms of the senators then in office, except for

S 2.
