I N A S S E M B L Y

March 8, 2011

Introduced by M. of A. WRIGHT -- read once and referred to the Committee on Labor

AN ACT to amend the labor law, in relation to inclusion of certain off-site custom fabrication as public work for the purposes of payment of prevailing wage

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and intent. The legislature finds and
2 declares that the prevailing wage law was established to provide fair
3 and equitable working conditions, wages and supplementary benefits for
4 persons employed on public works construction projects.

5 The legislature further finds and declares that there are growing
6 number of instances where materials are fabricated off the public work
7 job site either to meet the unique specifications of the project subject
8 to a public work contract or for the contractor's convenience.

9 The legislature further finds and declares that in many instances the
10 prevailing wage is not paid to persons involved in off-site fabrication
11 of materials which are used specifically for public works projects.

12 It is the intent of the legislature that construction and fabrication
13 done off the public work site for specific use only in public work
14 projects be compensated at the prevailing wage rate.
