AN ACT to amend the executive law, in relation to enacting the "Veterans Mental Health and Chemical Dependency Act"

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative findings and intent. The legislature recognizes  
2     that throughout their service, many of the military personnel from New  
3     York State experienced trauma during active duty, placing many of them  
4     in high risk categories for triggering substance abuse or mental health  
5     issues. More often than not, mental illness and substance abuse present  
6     themselves simultaneously or as a co-occurring disorder. The conse-  
7     quences of co-occurring disorders, particularly when untreated or poorly  
8     treated, are severe. These disorders increase the cost of healthcare due  
9     to the frequent use of inpatient treatment, the ability to adhere to  
10    such treatment, the risk of suicide, crime victimization, homelessness,  
11    and incarceration.

12    The legislature further finds that the unemployment rate for young  
13    veterans of the Iraq and Afghanistan wars was at 21.1 percent, reflect-  
14    ing another tough obstacle that combat veterans face as they make the  
15    transition home from war.

16    The legislature further finds that New York State has recognized its  
17    responsibility for care for our veterans and their families, offering an  
18    array of economic and health benefits. Now we are called to ensure that  
19    the returning combat veterans can obtain the benefits that they are  
20    entitled to from the various state agencies which offer help to the
