AN ACT to amend the navigation law, in relation to increasing liability for the discharge of petroleum

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Subdivision 3 of section 181 of the navigation law, as 2 amended by chapter 584 of the laws of 1992, subparagraphs (ii) and (iii) 3 of paragraph (e) as amended by chapter 585 of the laws of 1992, is 4 amended to read as follows:

5 3. (a) The owner or operator of a major facility or vessel which has 6 discharged petroleum shall be strictly liable, without regard to fault, 7 subject to the defenses enumerated in subdivision four of this section, 8 for all cleanup and removal costs and all direct and indirect damages 9 paid by the fund. However, the cleanup and removal costs and direct and 10 indirect damages which may be recovered by the fund with respect to each 11 incident shall not exceed:

(i) for a tank vessel, the greater of:

12

13 (1) [one] TWO thousand [two hundred] dollars per gross ton; or

14 (2) (A) in the case of a vessel greater than three thousand gross 15 tons, [ten] SIXTEEN million dollars; or

16 (B) in the case of a vessel [or] OF three thousand gross tons or less, 17 [two] THREE million dollars;

(ii) for any other vessel subject to the liability limits set forth in the Federal Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.), [six hundred] ONE THOUSAND dollars per gross ton or [five] EIGHT hundred thousand dollars, whichever is greater;

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets

(iii) for any other vessel not subject to the liability limits set forth in the Federal Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.), [three] FIVE hundred dollars per gross ton for each vessel;

4 (iv) for a major facility that is defined as an "onshore facility" and 5 covered by the liability limits established under the Federal Oil 6 Pollution Act of 1990 (33 U.S.C. 2701 et seq.), [three] FIVE hundred 7 fifty million dollars. This liability limit shall not be considered to 8 increase the liability above the federal limit of three hundred fifty 9 million dollars per incident[.];

10 (v) for a major facility not covered in subparagraph (iv) of this 11 paragraph, [fifty] SEVENTY-FIVE million dollars.

(b) The liability limits established in subparagraphs (i) and (ii) of paragraph (a) of this subdivision shall not be considered to increase lability above the federal limits for tank vessels or vessels as defined in the Federal Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.).

17 (c) (i) The department shall establish, by regulation, a limit of liability under this subdivision of less than [three] FIVE hundred fifty 18 19 million dollars but not less than [eight] TWELVE million dollars, for 20 major facilities defined as "onshore facilities" under the Federal Oil 21 Pollution Act of 1990 (33 U.S.C. 2701 et seq.), taking into account 22 facility size, storage capacity, throughput, proximity to environmentally sensitive areas, type of petroleum handled, and other factors 23 24 relevant to risks posed by the class or category of facility.

25 (ii) The department shall establish, by regulation, a limit of liabil-26 ity under this subdivision of [fifty] SEVENTY-FIVE million dollars or 27 less for major facilities other than vessels that are not defined as "onshore facilities" under the Federal Oil Pollution Act of 28 1990 (33 U.S.C. 2701 et seq.), taking into account facility size, storage capaci-29 throughput, proximity to environmentally sensitive areas, type of 30 ty, petroleum handled, and other factors relevant to risks posed by the 31 32 class or category of facility.

33 The provisions of paragraph (a) of this subdivision shall not (d) apply and the owner or operator shall be liable for the full amount of 34 cleanup and removal costs and damages if it can be shown that the 35 discharge was the result of (i) gross negligence or willful misconduct, 36 37 within the knowledge and privity of the owner, operator or person in charge, or (ii) a gross or willful violation of applicable safety, 38 39 construction or operating standards or regulations. In addition, the 40 provisions of paragraph (a) of this subdivision shall not apply if the owner or operator fails or refuses: 41

(1) to report the discharge as required by section one hundred seventy-five of this article and the owner or operator knows or had reason to know of the discharge; or

(2) to provide all reasonable cooperation and assistance requested by the federal on-scene coordinator or the commissioner or his designee in connection with cleanup and removal activities.

48 (e) (i) The owner or operator of a vessel shall establish and maintain with the department evidence of financial responsibility sufficient to 49 50 the amount of liability established pursuant to paragraph (a) of meet 51 this subdivision. The owner or operator of any vessel which demonstrates financial responsibility pursuant to the requirements of the Federal Oil 52 Pollution Act of 1990 (33 U.S.C. 2701 et seq.), shall be deemed to have 53 54 demonstrated financial responsibility in accordance with this paragraph. 55 The commissioner in consultation with the superintendent of (ii) 56 insurance may promulgate regulations requiring the owner or operator of

a major facility other than a vessel to establish and maintain evidence 1 of financial responsibility in an amount not to exceed [twenty-five] 2 3 FORTY dollars, per incident, for each barrel of total petroleum storage 4 capacity at the facility, subject to a maximum of one million SIX 5 HUNDRED dollars per incident per facility in an aggregate not to exceed 6 THREE million dollars per facility per year; provided, however, [two] 7 that if the owner or operator establishes to the satisfaction of the 8 commissioner that a lesser amount will be sufficient to protect the environment and public health, safety and welfare, the commissioner 9 10 shall accept evidence of financial responsibility in such lesser amount. In determining the sufficiency of the amount of financial responsibility 11 12 required under this section, the commissioner and the superintendent of insurance shall take into consideration facility size, storage capacity, 13 14 throughput, proximity to environmentally sensitive areas, type of petro-15 leum handled, and other factors relevant to the risks posed by the class or category of facility, as well as the availability and affordability 16 pollution liability insurance. Any regulations promulgated pursuant 17 of 18 to this subparagraph shall not take effect until forty-eight months 19 after the effective date of this section.

(iii) Financial responsibility under this paragraph may be established 20 any one or a combination of the following methods acceptable to the 21 by 22 commissioner in consultation with the superintendent of insurance: evidence of insurance, surety bonds, guarantee, letter of credit, quali-23 24 fication as a self-insurer, or other evidence of financial responsibil-25 ity, including certifications which qualify under the Federal Oil Pollution Act of 1990 (33 U.S.C. 2701 et seq.). 26

The liability of a third-party insurer providing proof of finan-27 (iv) 28 cial responsibility on behalf of a person required to establish and maintain evidence of financial responsibility under this section is 29 limited to the type of risk assumed and the amount of coverage specified 30 in the proof of financial responsibility furnished to and approved by 31 32 department. For the purposes of this section, the term "third-party the 33 insurer" means a third-party insurer, surety, guarantor, person furnish-34 ing a letter of credit, or other group or person providing proof of financial responsibility on behalf of another person; it does not 35 include the person required to establish and maintain evidence of such 36 37 financial responsibility.

38 S 2. This act shall take effect immediately.
