2011-2012 Regular Sessions

May 25, 2011

Introduced by M. of A. THIELE -- read once and referred to the Committee on Local Governments

AN ACT to amend the general city law, the town law and the village law, in relation to establishing a temporary moratorium in matters of planning and zoning

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and intent. The legislature hereby
2 finds that many towns, villages and cities have enacted temporary mora-
3 toriums which prohibit landowners from making applications for otherwise
4 permitted construction or land development, obtaining review of such
5 applications or the issuance of some or all of the following: building
6 permits, site plan approvals, special use permits, subdivision plats or
7 zoning changes, and determinations by zoning boards of appeal. The
8 legislature further finds that while the courts have sustained certain
9 of these actions, there has been no explicit statutory authorization for
10 these municipal moratoriums, which have been intended to benefit the
11 community at large while impacting the property owners whose property
12 interests are directly affected. The legislature declares that the
13 absence of a statute authorizing and regulating the enactment of such
14 moratoriums has created confusion and uncertainty as to the acceptable
15 scope, duration, adoption, appeal procedures and applicability of such
16 moratoriums. It is the legislature's intent to adopt a comprehensive
17 detailed statutory scheme to authorize municipalities to enact local
18 laws or ordinances that provide for municipal enactment of moratoriums
19 of limited duration on the issuance of some or all of the following:
20 building permits, site plan approvals, special use permits and subdivi-
21 sion plats, and to establish the purposes for which such moratoriums may
22 be enacted, and to establish appropriate limitations on their scope and
23 duration.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [] is old law to be omitted.
