AN ACT to amend the general business law, in relation to providing for
notice of compatibility to purchasers of child safety seats

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and purpose. The legislature finds and
2 declares that the safest method to transport young children when riding
3 in passenger cars is in a federally approved child safety seat. New
4 York's mandatory child restraint law has demonstrated its value in
5 protecting young children from fatalities and injuries when involved in
6 motor vehicle accidents. It is critical to the children's safety that
7 they are protected in a properly fitting child safety seat. The National
8 Highway Traffic Safety Administration estimates that a properly used
9 child safety seat reduces the risk of fatality by seventy-one percent
10 and the risk of serious injury by sixty-seven percent among children
11 less than five years of age.

12 However, the legislature finds that many child safety seats are not
13 used properly. There exist compatibility problems in the design of child
14 restraints that make secure installation of child safety seats in some
15 vehicle seating positions difficult and, occasionally, impossible. Not
16 all child safety seats can be used effectively in all makes and models
17 of cars. An improperly installed child safety seat can reduce its poten-
18 tial benefits and cause injuries and/or death to children using them.

19 Additionally, the legislature finds and declares that consumers should
20 be made aware that certain child restraint devices may be inappropriate
21 for certain automobile makes and models.

22 Therefore, the legislature intends by this act to ensure consumers be
23 provided information concerning the compatibility of child safety seats
24 with the automobiles in which they will be used.

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets
[] is old law to be omitted.
