1 c. (i) Prior to issuing a solicitation for such food products,
2 purchasing agencies shall advise the commissioner of agriculture and
3 markets of the quantities of each food product on the list promulgated
4 by the commissioner of agriculture and markets to fulfill that agency's
5 purchasing needs.

6 (ii) The commissioner of agriculture and markets will then make a
7 determination of whether those products required by the purchasing agen-
8 cy are available in sufficient quantities to satisfy the purchasing
9 agency's requirements.

10 (iii) Upon a determination by the commissioner of agriculture and
11 markets that the food products required by the purchasing agency are
12 available in sufficient quantities to fulfill the agency's purchasing
13 needs, the purchasing agency [may] SHALL include in its solicitation a
14 requirement that all or some of those food products are grown, produced
15 or harvested in New York state, or that any processing of such food
16 products take place in facilities located within New York state.

17 (iv) Upon a determination by the commissioner of agriculture and
18 markets that such food products are not available in sufficient quanti-
19 ties to fulfill the agency's purchasing needs, the purchasing agency
20 shall issue a solicitation that does not require that all or some of
21 those food products are grown, produced or harvested in New York state,
22 or that any processing of such food products take place in facilities
23 located within New York state. In such cases, the purchasing agency
24 [may] SHALL include such requirements in the next contract for such food
25 products that is let if at such time those food products are available
26 in sufficient quantities. If at that time, those food products are not
27 available in sufficient quantities, the requirement shall again be
28 waived until such time as the products are available.

29 (v) In the event that the purchasing agency receives no offers that
30 meet the agency's requirement that all or some of the food products are
31 grown, produced or harvested in New York state, or that any processing
32 of such food products take place in facilities located within New York
33 state, it may waive the provisions of this subdivision and award a
34 contract in accordance with other applicable statutes. [In addition, if
35 the commissioners of agriculture and markets, economic development and
36 any such individual agency shall agree as to the deleterious economic
37 impact of specifications requiring such purchases, such agencies may
38 waive the provisions of this subdivision for such purchases.]

39 d. The commissioner, and the commissioner of agriculture and markets,
40 may issue such regulations as they deem necessary and proper for the
41 implementation of this subdivision.

42 e. Notwithstanding any other section of law, rule, regulation or stat-
43 ute, the department of agriculture and markets shall supply information
44 required by paragraph b of this subdivision to the office of general
45 services and to all other appropriate agencies.

46 f. (i) With each offer, the offerer shall certify that the food
47 products provided pursuant to that solicitation will be in conformity
48 with the provisions of the [percentage required to meet or exceed the]
49 requirements in the solicitation specifying that all [or some] of the
50 food products be grown, produced, or harvested within New York state or
51 that any processing of such food products take place in facilities
52 located within New York state.

53 (ii) Any successful offerer who fails to comply with the provisions of
54 this subdivision, at the discretion of such agency, board, office or
55 commission, shall forfeit the right to bid on contracts let under the

4 shall advise and assist the chancellor of the state university of New

6 this subdivision [to] BY the STATE university [and shall modify any
7 regulations or procedures heretofore established pursuant to this subdivi-
8 vision, in order to facilitate such participation] OF NEW YORK.
