If the commissioner does not so certify then the inmate shall not be referred to the board for consideration for release on medical parole. If the commissioner does so certify, then the commissioner shall, within seven working days of receipt of such diagnosis, refer the inmate to the board for consideration for release on medical parole. However, no such referral of an inmate to the board shall be made unless the inmate has been examined by a physician and diagnosed as having a terminal condition, disease or syndrome as previously described herein at some time subsequent to such inmate's admission to a facility operated by the department of correctional services.

S 4. Subdivision 4 of section 259-r of the executive law, as amended by section 38-l of subpart A of part C of chapter 62 of the laws of 2011, is amended to read as follows:

4. (a) THE BOARD SHALL, UPON RECEIPT OF CERTIFICATION FROM THE COMMISSIONER, INDEPENDENTLY DETERMINE WHETHER THE CONDITIONS UNDER WHICH THE INMATE WOULD BE RELEASED CREATES A REASONABLE PROBABILITY THAT HE OR SHE IS PHYSICALLY OR COGNITIVELY INCAPABLE OF PRESENTING A DANGER TO SOCIE-

TY. THE BOARD SHALL PROVIDE A DETERMINATION OF RELEASE WITHIN THIRTY DAYS UPON RECEIPT OF CERTIFICATION FROM THE COMMISSIONER.

(B) Medical parole granted pursuant to this section shall be for a period of six months.

[(b)] (C) The board shall require as a condition of release on medical parole that the releasee agree to remain under the care of a physician while on medical parole and in a hospital established pursuant to article twenty-eight of the public health law, a hospice established pursuant to article forty of the public health law or any other placement that can provide appropriate medical care as specified in the medical discharge plan required by subdivision two of this section. The medical discharge plan shall state that the availability of the placement has been confirmed, and by whom. Notwithstanding any other provision of law, when an inmate who qualifies for release under this section is cognitively incapable of signing the requisite documentation to effectuate the medical discharge plan and, after a diligent search no person has been identified who could otherwise be appointed as the inmate's guardian by a court of competent jurisdiction, then, solely for the purpose of implementing the medical discharge plan, the facility health services director at the facility where the inmate is currently incarcerated shall be lawfully empowered to act as the inmate's guardian for the purpose of effectuating the medical discharge.

[(c)] (D) Where appropriate, the board shall require as a condition of release that medical parolees be supervised on intensive caseloads at reduced supervision ratios.

[(d)] (E) The board shall require as a condition of release on medical parole that the releasee undergo periodic medical examinations and a medical examination at least one month prior to the expiration of the period of medical parole and, for the purposes of making a decision pursuant to paragraph [(e)] (F) of this subdivision, that the releasee provide the board with a report, prepared by the treating physician, of the results of such examination. [(e)] (F) Prior to the expiration of the period of medical parole the board shall review the medical examination report required by paragraph [(d)] (E) of this subdivision and may again grant medical parole pursuant to this section; provided, however, that the provisions of paragraph (c) of subdivision one and subdivision two of this section shall not apply.

[(f)] (G) If the updated medical report presented to the board states that a parolee released pursuant to this section is no longer so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting [any] A danger to society or if the releasee fails to submit the updated medical report then the board may not make a new grant of medical parole pursuant to paragraph [(e)] (F) of this subdivision. Where the board has not granted medical parole pursuant to such paragraph [(e)] (F) the board shall promptly conduct through one of its members, or cause to be conducted by a hearing officer designated by the board, a hearing to determine whether the releasee is suffering from a terminal condition, disease or syndrome and is so debilitated or incapacitated as to create a reasonable probability that he or she is physically or cognitively incapable of presenting [any danger to society and does not present] a danger to

society. If the board makes such a determination then it may make a new grant of medical parole pursuant to the standards of paragraph (b) of subdivision one of this section. At the hearing, the releasee shall have the right to representation by counsel, including the right, if the releasee is financially unable to retain counsel, to have the appropriate court assign counsel in accordance with the county or city plan for representation placed in operation pursuant to article eighteen-B of the county law.

[(g)] (H) The hearing and determination provided for by paragraph [(f)] (G) of this subdivision shall be concluded within the six month period of medical parole.
