S 2. This act shall take effect immediately.

PART D

Section 1. Short title. This act shall be known and may be cited as the "State Comptroller Campaign Finance Reform Act".

S 2. Legislative findings and declaration. The legislature is committed to reforming New York's campaign finance system and bolstering public confidence in the democratic process. Whether or not a system of large campaign contributions creates actual unfair influence, the appearance and perception of such influence gives rise to distrust in government and citizen apathy that could undermine the democratic political process.

The legislature finds that the high cost of running a campaign for statewide office in New York discourages qualified candidates from running and inevitably forces candidates to spend too much time raising money rather than attending to official duties and concentrating on the issues that do concern and should concern voters. Addressing such concerns in the context of the election to the office of state comptroller is an appropriate place to start in reforming New York's system of campaign finance; the state comptroller campaign finance reform act is a first step.

Therefore, the legislature finds that limiting campaign contributions to a level that is sufficient to permit candidates to raise money to run an effective, statewide campaign as title II of article 14 of the election law requires, furthers the state's legitimate interest in reducing real and perceived unjust influence on government. Such title's program of voluntary expenditure caps combined with public financing and a minimal threshold for participation in the program, furthers the state's interest in encouraging qualified candidates to run for office regardless of their access to substantial wealth, thus increasing public debate and participation in the democratic process. The legislature also believes that such title's voluntary spending caps ensure a level playing field for all candidates who participate.

Thus, the legislature enacts the state comptroller campaign finance reform act with the express purpose of furthering all of these state interests which, if strengthened, will only make the election process more open and fair and, ultimately, more democratic.

S 3. The article heading of article 14 of the election law is amended to read as follows:

CAMPAIGN RECEIPTS AND EXPENDITURES; PUBLIC FINANCING
