I N S E N A T E

January 14, 2011

Introduced by Sen. ALESI -- read twice and ordered printed, and when printed to be committed to the Committee on Environmental Conservation -- recommitted to the Committee on Environmental Conservation in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend the environmental conservation law and the general business law, in relation to jewelry containing lead

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature hereby finds that
2 stringent controls on the amount of lead in jewelry are necessary to
3 protect public health, especially the health of children. Random
4 samples of jewelry in New York state have been found to contain up to
5 60,000 parts per million of lead. To assure consistent application of
6 these controls to all jewelry, specific technical standards and controls
7 must be specified.
