Introduced by Sen. KRUGER -- read twice and ordered printed, and when printed to be committed to the Committee on Finance

AN ACT to amend the education law, in relation to establishing the Operating Room Nurses Opportunity Corps and making an appropriation therefor

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and intent. The legislature finds that
2 many hospitals in the state are having difficulty obtaining qualified,
3 competent administrators who are experienced in private patient care.
4 Furthermore, the legislature finds that many operating room nurses, who
5 are experienced, qualified, and able to oversee hospital administration,
6 are oftentimes not afforded the opportunity to enter into the field of
7 hospital administration and often lack the financial means to further
8 their education.
9 It is the intent of the legislature to establish incentives through an
10 Operating Room Nurses Opportunity Corps to encourage institutions of
11 higher education to develop or enhance curricula within their hospital
12 and health services administration programs and to establish programs
13 with local hospitals to promote effective hospital administration. It is
14 the further intent of the legislature to encourage academically-qualified
15 students who are members of groups which are historically underrepresented
16 in hospital administration or who are economically disadvantaged to prepare
17 for admission into the hospital and health services
18 administration field through participation in the Operating Room Nurses
19 Opportunity Corps. It is also the intent of the legislature to create a
20 support system for members of the Operating Room Nurses Opportunity
21 Corps during their academic career and during their early professional
22 years as hospital administrators.
23 S 2. The education law is amended by adding a new section 6453-a to
24 read as follows:

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets
