Notwithstanding any other provision of law to the contrary, any of the amounts appropriated herein may be increased or decreased by interchange or transfer without limit, with any appropriation of the office of mental health or by transfer or suballocation to any department, agency or public authority for expenditures incurred in the operation of such programs with the approval of the director of the budget who shall file such approval with the department of audit and control and copies thereof with the chairman of the senate finance committee and the chairman of the assembly ways and means committee.

Notwithstanding any other provision of law to the contrary, funds appropriated under this program shall not be used for the payment of tolls at the Robert F. Kennedy bridge, for vehicles driven by persons commuting to and from work who are employed at facilities located on Ward's island operated by the department of mental hygiene.

Notwithstanding the provisions of subdivisions (b) and (e) of section 7.17 and section 41.55 of the mental hygiene law, or any other law to the contrary, the office of mental health is authorized in state fiscal year 2011-12 to close, consolidate, reduce, transfer or otherwise redesign services of hospitals, other facilities and programs operated by the office of mental health, and to implement significant service reductions and reconfigurations as shall be determined by the

commissioner of mental health to be necessary for the cost-effective and efficient operation of such hospitals, other facilities and programs. In addition to the closure, consolidation or merger of one or more facilities, the commissioner of mental health is authorized to perform any significant service reductions that would reduce inpatient bed capacity by up to six hundred beds, which shall include but not be limited to closures of wards at a state-operated psychiatric center or the conversion of beds to transitional placement programs, provided that the commissioner provide at least thirty days notice of such reductions to the temporary president of the senate and the speaker of the assembly and simultaneously post such notice upon its public website. In assessing which significant service reductions to undertake, the commissioner shall consider data related to inpatient census, indicating nonutilization or under utilization of beds, and the efficient operation of facilities. At least sixty days prior to the anticipated closure, consolidation or merger of any hospitals named in subdivision (b) of section 7.17 of the mental hygiene law, the commissioner of mental health shall provide notice of such closure, consolidation or merger to the temporary president of the senate, the speaker of the assembly and the chief executive officer of the county in which the facility is located, and shall simultaneously post such notice upon its public website. The commissioner shall be authorized to conduct any and all preparatory actions which may be required to effectuate such closures during such sixty day period. In assessing which of such hospitals to close, the commissioner shall consider the following factors: (1) the size, scope and type of services provided by the hospital; (2) the current and anticipated long-term need for the types of services provided by the facility within its catchment area, which may include, but not be limited to, services for adults or children, or other specialized

services, such as forensic services; (3) the availability of staff sufficient to address the current and anticipated long term service needs; (4) the long term capital investment required to ensure that the facility meets relevant state and federal regulatory and capital construction requirements, and national accreditation standards; (5) the proximity of the facility to other facilities with space that could accommodate anticipated need, the relative cost of any necessary renovations of such space, the relative potential operating efficiency of such facilities, and the size, scope and types of services provided by the other facilities; (6) anticipated savings based upon economies of scale or other factors; (7) community mental health services available in the facility catchment area and the ability of such community mental health services to meet the behavioral health needs of the impacted consumers; and (8) the anticipated impact of the closure on access to mental health services. Any transfers of inpatient capacity or any resulting transfer of functions shall be authorized to be made by the commissioner of mental health and any transfer of personnel upon such transfer of capacity or transfer of functions shall be accomplished in accordance with the provisions of section 70 of the civil service law. These appropriations shall be available to facilitate such actions, but shall not be available for the continued operation of such hospitals, facilities or programs designated by the commissioner for closure, unless authorized by the director of the budget for the time period between designation by the commissioner and closure.

Notwithstanding any other provision of law to the contrary, and in order to support the level of funding required for the following appropriations, the commissioner of the department of health, in consultation with the commissioner of the office of mental health, is authorized to suspend, rather than terminate, eligibil-

At least sixty days prior to the anticipated closure, consolidation or merger of any hospitals named in subdivision (b) of section 7.17 of the mental hygiene law, the commissioner of mental health shall provide notice of such closure, consolidation or merger to the temporary president of the senate, the speaker of the assembly and the chief executive officer of the county in which the facility is located, and shall simultaneously post such notice upon its public website. The commissioner shall be authorized to conduct any and all preparatory actions which may be required to effectuate such closures during such sixty day period. In assessing which of such hospitals to close, the commissioner shall consider the following factors: (1) the size, scope and type of services provided by the hospital; (2) the current and anticipated long-term need for the types of services provided by the facility within its catchment area, which may include, but not be limited to, services for adults or children, or other specialized services, such as forensic services; (3) the availability of staff sufficient to address the current and anticipated long term service needs; (4) the long term capital investment required to ensure that the facility meets relevant state and federal regulatory and capital construction requirements, and national accreditation standards; (5) the proximity of the facility to other facilities with space that could accommodate anticipated need, the relative cost of any necessary renovations of such space, the relative potential operating efficiency of such

facilities, and the size, scope and types of services provided by the other facilities; (6) anticipated savings based upon economies of scale or other factors; (7) community mental health services available in the facility catchment area and the ability of such community mental health services to meet the behavioral health needs of the impacted consumers; and (8) the anticipated impact of the closure on access to mental health services. Any transfers of inpatient capacity or any resulting transfer of functions shall be authorized to be made by the commissioner of mental health and any transfer of personnel upon such transfer of capacity or transfer of functions shall be accomplished in accordance with the provisions of section 70 of the civil service law. These appropriations shall be available to facilitate such actions, but shall not be available for the continued operation of such hospitals, facilities or programs designated by the commissioner for closure, unless authorized by the director of the budget for the time period between designation by the commissioner and closure.

The state comptroller is hereby authorized and directed to loan money in accordance with the provisions set forth in subdivision 5 of section 4 of the state finance law to the mental hygiene program fund account.
