Introduced by Sen. SMITH -- read twice and ordered printed, and when printed to be committed to the Committee on Investigations and Government Operations

AN ACT to amend the tax law, in relation to providing an occupational wellness tax credit for businesses; and providing for the repeal of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative findings and intent. The legislature hereby  
2 finds that healthier employees experience less absenteeism, greater  
3 productivity, better mental performance, and increased job satisfaction,  
4 performance and morale.  
5     The legislature hereby finds that occupational wellness programs  
6 directly prevent the leading causes of premature death and disability in  
7 the United States. Furthermore, the vital importance of this issue was  
8 recently crystallized by the United States Centers for Disease Control  
9 and Prevention (CDC) who earmarked \$14 million to study occupational  
10 wellness programs.  
11     The legislature hereby finds that there is a significant state inter-  
12 est in encouraging a proactive approach to preventing illness and inju-  
13 ry, as opposed to the traditional reactive, sick-care method. A reorien-  
14 tation of our systematic approach to health care is exemplified by  
15 United States Senate Bill 2558, the Healthy Lifestyles and Prevention  
16 (HeLP) America Act of 2004 and New York State Senate Bill 5774-A of  
17 1999-2000, The Wellness and Preventative Health Care Program.  
18     The legislature hereby finds that individual studies and evaluations  
19 of wellness programs have concluded that such endeavors have dual, rein-  
20 forcing, and parallel benefits. In the first instance, employees have  
21 become more fit, reduced obesity, lessened stress levels, quit smoking,  
22 and achieved other propitious outcomes. Secondarily, wellness programs

1 have increased overall productivity, economic viability, and reduced  
2 health care costs.

3 The legislature hereby finds that encouragement of a healthy life-  
4 style, while accruing concrete benefits to employees and employers  
5 alike, in the final analysis -- empowers individuals, strengthens fami-  
6 lies, and promotes a greater quality of life.

7 The legislature intends to ensconce the ethic of a healthy workforce  
8 into the fabric of our personal and professional lives, while realizing  
9 the tertiary benefits of savings on insurance premiums as the result of  
10 reducing the number and instance of health insurance and workers'  
11 compensation claims filed by employees.

12 S 2. Agreement for tax credits; application, criteria and require-  
13 ments. 1. Application criteria. (a) The department of health shall
