2011-2012 Regular Sessions

IN SENATE

May 12, 2011

Introduced by Sen. MAZIARZ -- read twice and ordered printed, and when printed to be committed to the Committee on Finance

AN ACT to amend the real property tax law and the administrative code of the city of New York, in relation to applications for tax abatements for industrial and construction work on properties in a city of one million or more persons and to tax abatements for certain energy generating facilities in such city

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings. The legislature hereby finds that the New York city industrial and commercial incentive program granted, as of right, reductions in real property taxes to new industrial and commercial projects, including power plants. That program lapsed in 2008 and 5 its successor, the industrial and commercial abatement program, chapter 119 of the laws of 2008, did not provide for tax abatements 7 for new generating facilities in New York city. In August 2010 the board of directors of the New York city industrial development agency revised 8 uniform tax exemption policy to provide a discretionary tax abate-9 ment program, and other benefits, for certain electric generating facil-10 11 ities. However, the tax benefits of the program were not recognized by the federal energy regulatory commission in setting the installed capac-12 demand curves for the City of New York for 2011/2012, 2012/2013 and 13 14 2013/2014, potentially resulting in a significant increase in the level 15 of the demand curves and corresponding capacity prices paid by customers 16 city of New York. The legislature further finds that it is the 17 best interest of customers to prevent such impacts by amending the real property tax law for the purpose of making electric generating facili-18 ties eligible for benefits, as of right, under the industrial 19 20 commercial abatement program.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets [ ] is old law to be omitted.
