5 and social security law on and after July 1, 2009.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would amend the requirements for certain deputy sheriffs who file a disability application. The application would not be disapproved on the basis that such deputy failed to engage directly in criminal law enforcement activities that aggregate at least fifty percent during a period preceding the filing of the application, provided the failure to do so was the result of the disability alleged in the application. Further such deputy must have been certified by the county sheriff as engaged in criminal law enforcement activities that aggregate at least fifty percent at the time the accident is alleged to have occurred. This will apply to all applications filed on and after July 1, 2009.

If this bill is enacted, the number of affected members cannot be readily determined. The cost would depend on the number of affected cases, as well as the type of disability granted, the age, service, salary, plan and tier of the affected members. These costs would be borne by the State of New York and all participating employers in the New York State and Local Employees' Retirement System.

This estimate, dated May 31, 2011, and intended for use only during the 2011 Legislative Session, is Fiscal Note No. 2011-190, prepared by the Actuary for the New York State and Local Employees' Retirement System.
