AN ACT in relation to increasing access to pharmaceuticals for needy seniors and the disabled through the expansion of eligibility for the medicaid program

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. This act shall be known and may be cited as the "medicaid  
2     prescription senior eligibility expansion program".  
3     S 2. Legislative findings and intent. The legislature finds and  
4     declares that states are looking for solutions to improve the access of  
5     needy seniors to prescription medicines. Nearly thirty percent of medi-  
6     care enrollees in the state have no coverage for pharmaceuticals, with  
7     nearly a quarter of such enrollees living below the federal poverty  
8     level. Furthermore, millions more elderly and disabled medicare enrol-  
9     lees are underinsured for prescription drugs. A federal 1115 medicaid  
10    waiver to extend prescription drug coverage to qualified medicare bene-  
11    ficiaries and special low-income medicare beneficiaries would provide  
12    meaningful access to prescription drugs for the state's poor and near-  
13    poor senior population. The legislature further finds that a federal  
14    1115 medicaid waiver enables the state to benefit from the well estab-  
15    lished state-federal partnership in medicaid through access to federal  
16    matching funds in addition to state funds.  
17    S 3. Definitions. As used in this act:  
18    1. "Department" means the department of health;  
19    2. "Qualified medicare beneficiaries" means medicare beneficiaries  
20    with incomes equal to or below one hundred percent of the federal pover-  
21    ty level who are eligible for medicaid assistance for the Part A and  
22    Part B medicare premiums and for medicare deductibles and co-insurance  
23    requirements as set forth in section 1905(p)(1) of title XIX of the  
24    social security act; and  
25    3. "Specified low-income medicare beneficiaries" means medicare bene-  
26    ficiaries who have incomes greater than one hundred percent of the  
27    federal poverty level and less than and equal to one hundred twenty
