Introduced by Sen. RANZENHOFER -- read twice and ordered printed, and when printed to be committed to the Committee on Education

AN ACT to amend the education law, in relation to prohibiting cyber-bullying

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature finds that:

2 a. Bullying is a long-standing problem among school-aged children in
3 New York state and throughout the nation. With increasing accessibility
4 to electronic means of communication, bullying has transformed from a
5 predominantly school-based issue to a broader societal problem.

6 b. Researchers have demonstrated that bullying has long-term conse-
7 quences. Further, bullying goes beyond the classroom to bullying on the
8 job, on athletic teams, on college campuses and the internet.

9 c. Experts researching bullying have suggested that one tool for
10 schools to use in combatting bullying is to maintain and enforce
11 consistent policies against bullying and harassment, including cyber-
12 bullying. Such enforcement is not always possible if bullying occurs
13 away from school or by a non-student.

14 d. Perpetrators of cyber-bullying are often more extreme in the
15 threats and taunts they inflict on their victims, as they do not actual-
16 ly see their victim's emotional reaction to the abuse and believe that
17 they are anonymous. Victims of cyber-bullying suffer very real and seri-
18 ous harm as a result of these incidents, often showing signs of
19 depression, anxiety, social isolation, nervousness when interacting with
20 technology, low self-esteem and declining school performance. In some
21 cases, victims attempt or commit suicide in part because of cyber-bully-
22 ing they've endured.

23 e. Enactment of this act is necessary and appropriate to further
24 ensure that New York state's public schools are safe and free from
25 cyber-bullying.

26 S 2. The education law is amended by adding a new section 2803 to read
27 as follows:

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets
[] is old law to be omitted.
