I N   S E N A T E

September 24, 2012

---

Introduced by Sens. GALLIVAN, GRISANTI -- read twice and ordered printed, and when printed to be committed to the Committee on Rules

AN ACT to amend the canal law, the public officers law, the state finance law, the navigation law, the transportation law, the economic development law, the environmental conservation law, the parks, recreation and historic preservation law, the retirement and social security law, and the public authorities law, in relation to transferring jurisdiction over the New York state canal system to the department of transportation; and to repeal certain provisions of the canal law, the transportation law and the public authorities law, relating thereto

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Subdivision 21 of section 2 of the canal law is REPEALED  
2     and a new subdivision 21 is added to read as follows:  
3     21. "DEPARTMENT" SHALL MEAN THE DEPARTMENT OF TRANSPORTATION.  
4     S 2. Subdivision 23 of section 2 of the canal law, as added by chapter  
5     167 of the laws of 2002, is amended and a new subdivision 24 is added to  
6     read as follows:  
7     23. "Canalway trail" shall mean any multi-use recreational trail  
8     located on lands under the jurisdiction of the [corporation] COMMISSION-  
9     ER. The exact boundaries and location of such trail and any portions or  
10    sections thereof shall be determined by the [corporation] COMMISSIONER  
11    except that the boundaries and location of such trail shall be deter-  
12    mined in such a manner that no portion thereof shall be within the  
13    Adirondack Park.  
14    24. "COMMISSIONER" SHALL MEAN THE COMMISSIONER OF TRANSPORTATION.  
15    S 3. The article heading of article 1-a of the canal law, as added by  
16    chapter 766 of the laws of 1992, is amended to read as follows:  
17            TRANSFER TO [NEW YORK STATE THRUWAY AUTHORITY] THE  
18                            DEPARTMENT OF TRANSPORTATION  
19    S 4. Section 5 of the canal law, as amended by chapter 335 of the laws  
20    of 2001, is amended to read as follows:  
21    S 5. Transfer of powers and duties relating to canals and canal lands  
22    to the [New York state thruway authority] DEPARTMENT OF TRANSPORTATION.

EXPLANATION--Matter in ITALICS (underscored) is new; matter in brackets  
[ ] is old law to be omitted.

LBD16505-02-2

1 The powers and duties of the [commissioner of transportation] AUTHORITY  
2 AND CORPORATION relating to the New York state canal system as set forth  
3 in articles one through and including fourteen[, except article seven,]  
4 of this chapter[, and except properties in use on the effective date of  
5 this article in support of highway maintenance, equipment management and  
6 traffic signal operations of the department of transportation,] are  
7 hereby transferred to and merged with the [authority] DEPARTMENT, to be  
8 exercised by the [authority] COMMISSIONER on behalf of the people of the  
9 state of New York. [In addition, the commissioner of transportation and  
10 the chairman of the authority may, in their discretion, enter into an  
11 agreement or agreements transferring the powers and duties of the  
12 commissioner of transportation relating to any or all of the bridges and  
13 highways as set forth in article seven of this chapter, to be exercised  
14 by the authority on behalf of the people of the state of New York, and  
15 shall enter into an agreement or agreements for the financing,  
16 construction, reconstruction or improvement of lift and movable bridges  
17 on the canal system. Such powers shall be in addition to other powers  
18 enumerated in title nine of article two of the public authorities law.  
19 All of the provisions of title nine of article two of such law which are  
20 not inconsistent with this chapter shall apply to the actions and duties  
21 of the authority pursuant to this chapter. The authority shall be deemed  
22 to be the state in exercising the powers and duties transferred pursuant  
23 to this section but for no other purposes.]

24 S 5. Section 6 of the canal law, as added by chapter 766 of the laws  
25 of 1992, subdivisions 1, 3, and 4 and paragraph (b) of subdivision 6 as  
26 amended by chapter 335 of the laws of 2001, is amended to read as  
27 follows:

28 S 6. Transfer of canal lands and other assets. 1. The jurisdiction of  
29 the [commissioner of transportation] AUTHORITY AND CORPORATION over the  
30 New York state canal system and over all state assets, equipment and  
31 property, both tangible and intangible, owned or used in connection with  
32 the planning, development, construction, reconstruction, maintenance and  
33 operation of the New York state canal system, as set forth in articles  
34 one through and including fourteen[, except article seven,] of this  
35 chapter[, and except properties in use on the effective date of this  
36 article in support of highway maintenance, equipment management and  
37 traffic signal operations of the department of transportation] are here-  
38 by transferred without consideration to the [authority] DEPARTMENT, to  
39 be held by the [authority] DEPARTMENT in the name of the people of the  
40 state of New York. [In addition the commissioner of transportation and  
41 the chairman of the authority may, in their discretion, enter into an  
42 agreement or agreements transferring jurisdiction over any or all of the  
43 bridges and highways set forth in article seven of this chapter, and any  
44 or all state assets, equipment and property, both tangible and intangi-  
45 ble, owned or used in connection with the planning, development,  
46 construction, reconstruction, maintenance and operation of such bridges  
47 and highways, which shall be transferred without consideration to the  
48 authority, to be held by the authority through the corporation in the  
49 name of the people of the state of New York. Any other rights and obli-  
50 gations resulting from or arising out of the planning, development,  
51 construction, reconstruction, operation or maintenance of the New York  
52 state canal system shall be deemed assigned to and shall be exercised by  
53 the authority through the corporation, except that the authority may  
54 designate the commissioner of transportation to be its agent for the  
55 operation and maintenance of the New York state canal system, provided  
56 that such designation shall have no force or effect after March thirty-

1 first, nineteen hundred ninety-three. Such canal system shall remain the  
2 property of the state and under its management and control as exercised  
3 by and through the authority, through the corporation which shall be  
4 deemed to be the state for the purposes of such management and control  
5 of the canals but for no other purposes.]

6 2. The [department of transportation] AUTHORITY AND CORPORATION shall  
7 deliver to the [authority] DEPARTMENT all books, policies, procedures,  
8 papers, plans, maps, records, equipment and property of such [depart-  
9 ment] AUTHORITY OR CORPORATION pertaining to the functions transferred  
10 pursuant to this article.

11 3. All rules, regulations, acts, determinations, orders and decisions  
12 of the [commissioner of transportation and of the department of trans-  
13 portation] AUTHORITY AND CORPORATION pertaining to the functions trans-  
14 ferred pursuant to this article in force at the time of such transfer  
15 shall continue in force and effect as rules, regulations, acts, determi-  
16 nations, orders and decisions of the [authority and corporation] COMMIS-  
17 SIONER until duly modified or abrogated by [such authority and corpo-  
18 ration] THE COMMISSIONER.

19 4. Any business or other matters undertaken or commenced by the  
20 [commissioner of transportation] AUTHORITY, CORPORATION, COMMISSIONER,  
21 or the department [of transportation], including executed contracts,  
22 permits and other agreements, pertaining to or connected with the func-  
23 tions, powers, obligations and duties transferred pursuant to this arti-  
24 cle, and in effect on the effective date hereof, shall be conducted and  
25 completed by the [authority through the corporation] COMMISSIONER OR THE  
26 DEPARTMENT in the same manner and under the same terms and conditions  
27 and with the same effect as if conducted and completed by the [commis-  
28 sioner of transportation] AUTHORITY or the [department of transporta-  
29 tion] CORPORATION.

30 5. No existing rights or remedies of the state, including the authori-  
31 ty, shall be lost, impaired or affected by reason of this article.

32 6. [(a)] No action or proceeding pending on the effective date of this  
33 article, brought by or against the [commissioner of transportation]  
34 AUTHORITY or the [department of transportation] CORPORATION shall be  
35 affected by this article. Any liability arising out of any act or omis-  
36 sion occurring prior to the effective date of the transfer of powers and  
37 duties authorized herein of the officers, employees or agents of the  
38 [department of transportation] AUTHORITY OR CORPORATION, or any other  
39 agency of the state, other than the [authority] COMMISSIONER OR THE  
40 DEPARTMENT, in the performance of their obligations or duties under the  
41 canal law, any other law of the state or any federal law, or pursuant to  
42 a contract entered into prior to the effective date of such transfer  
43 shall remain a liability of the [department of transportation] AUTHORITY  
44 AND CORPORATION or such other agency of the state and not of the  
45 [authority] COMMISSIONER OR DEPARTMENT.

46 [(b)] Notwithstanding any provision to the contrary contained in para-  
47 graph (a) of this subdivision, the state shall indemnify and hold harm-  
48 less the authority and corporation for any and all claims, damages, or  
49 liabilities, whether or not caused by negligence, including civil and  
50 criminal fines, arising out of or relating to any generation, process-  
51 ing, handling, transportation, storage, treatment, or disposal of solid  
52 or hazardous wastes in the canal system by any person or entity other  
53 than the authority occurring prior to the effective date of the transfer  
54 of powers and duties authorized herein. Such indemnification shall  
55 extend to, without limitation, any releases into land, water or air,  
56 including but not limited to releases as defined under the federal

1 comprehensive environmental response compensation and liability act of  
2 nineteen hundred eighty, occurring or existing prior to the effective  
3 date of this section; provided that the authority shall cooperate in the  
4 investigation and remediation of hazardous waste and other environmental  
5 problems.]

6 S 6. The article heading of article 2 of the canal law, as amended by  
7 chapter 335 of the laws of 2001, is amended to read as follows:

8 POWERS OF THE [CANAL CORPORATION] DEPARTMENT

9 S 7. The section heading, the opening paragraph and subdivisions 8, 10  
10 and 13 of section 10 of the canal law, as amended by chapter 335 of the  
11 laws of 2001, are amended to read as follows:

12 General powers and duties of the [corporation] COMMISSIONER relating  
13 to canals. The [corporation] COMMISSIONER shall:

14 8. Keep and maintain in good condition the canals, canal terminals and  
15 [corporation] equipment used in the maintenance and repair of the canal  
16 system.

17 10. Enforce compliance with laws, rules and regulations relating to  
18 posting of limited loads and clearances on all bridges over the canal  
19 system under the jurisdiction of the department [of transportation  
20 pursuant to section six and article seven of this chapter].

21 13. Cause a record to be made and filed ANNUALLY on January first[, in  
22 the corporation] of all expenditures during the previous fiscal year  
23 from moneys appropriated for the canal system.

24 S 8. The opening paragraph of subdivision 1 and subdivision 2 of  
25 section 11 of the canal law, as added by chapter 167 of the laws of  
26 2002, are amended to read as follows:

27 The [corporation] DEPARTMENT may develop and implement an adopt-a-  
28 trail program, the purposes of which may be to reduce and remove litter  
29 and debris and to enhance the appearance and maintenance of the canalway  
30 trail and related facilities, as needed. Such program may include, but  
31 not be limited to:

32 2. Notwithstanding any inconsistent provision of law, the [corpo-  
33 ration, authority, and commission, including any members, officers or  
34 employees thereof,] DEPARTMENT shall not be liable for damages suffered  
35 by any persons and/or organizations resulting from any actions or activ-  
36 ities of such volunteers and/or volunteer organizations.

37 S 9. Section 21 of the canal law, as amended by chapter 335 of the  
38 laws of 2001, is amended to read as follows:

39 S 21. Preparation contract, plans and estimates. The [corporation]  
40 DEPARTMENT shall make surveys and prepare plans and specifications for  
41 work in connection with the improvement, maintenance or repair of the  
42 canal system to be performed under contract. It shall ascertain with all  
43 practical accuracy the quantity and quality of all materials to be used  
44 and all other items of work to be included in the contract and shall  
45 make a detailed estimate of the cost of the same. The quantities  
46 contained in such estimate shall be used in determining the cost of the  
47 work according to the different proposals received.

48 S 10. Section 22 of the canal law, as amended by chapter 335 of the  
49 laws of 2001, is amended to read as follows:

50 S 22. Supervision of contracts. The [corporation] DEPARTMENT shall  
51 provide for field supervision over improvement, maintenance or repair  
52 work on the canal system that is done under contract. The [corporation]  
53 DEPARTMENT shall assign such engineers, inspectors and other engineering  
54 employees as may be necessary for control over the execution of the work  
55 embraced in the contract. [Such corporation] THE DEPARTMENT shall cause  
56 the preparation and approval of the estimates of the work accomplished,

1 materials delivered, or other items embodied in the contract and the  
2 certificate of the amount of payment which may be due under the terms of  
3 the contract or legal modifications of the same. Upon the completion of  
4 any contract the [corporation] DEPARTMENT shall cause the preparation  
5 and approval of a certificate of acceptance, stating that the work has  
6 been well and faithfully performed in accordance with the terms and  
7 conditions of the contract and all legal modifications thereof.

8 S 11. Section 23 of the canal law, as amended by chapter 335 of the  
9 laws of 2001, is amended to read as follows:

10 S 23. Record of measurements. The [corporation] DEPARTMENT shall  
11 require every engineer employed on canal engineering to enter in perma-  
12 nent field books a complete record of all surveys, field measurements  
13 and construction notes. These books shall be filed in the [corporation]  
14 DEPARTMENT and shall be available for public inspection under such  
15 conditions as the [corporation] DEPARTMENT may establish.

16 S 12. Section 24 of the canal law, as amended by chapter 335 of the  
17 laws of 2001, is amended to read as follows:

18 S 24. Making and recording maps. There shall be kept on file in the  
19 office of the [corporation] DEPARTMENT complete maps of every canal now  
20 or hereafter to be built on which the boundaries of every parcel of land  
21 to which the state shall have a separate title shall be designated and  
22 the names of the former owner and date of each title entered. All such  
23 maps [heretofore] approved by the commissioner [of transportation or the  
24 corporation], or certified by such commissioner[, corporation] or by the  
25 state engineer or hereafter approved by the [corporation] COMMISSIONER  
26 to be correct, shall be presumptive evidence of the truth of the facts  
27 therein stated and of the ownership by the state of the lands therein  
28 described. Every such map when completed shall be approved and certified  
29 to as correct by the [corporation] COMMISSIONER. The original of said  
30 map shall be filed in the office of the [corporation] COMMISSIONER and  
31 copies thereof duly signed and certified as aforesaid shall be filed in  
32 the office of the department of state. Any such maps filed in the office  
33 of the clerk of a county in which such lands are located or in the  
34 office in such county where conveyances are required by law to be  
35 recorded shall constitute evidence to all persons of the state's title  
36 to and ownership in said lands. A transcript of such maps certified as  
37 correct by the officer with whom such map or maps shall be filed, shall  
38 be received as presumptive evidence of the state's title to the canal  
39 lands as of the date designated on such maps in all judicial or legal  
40 proceedings.

41 S 13. Section 25 of the canal law, as amended by chapter 335 of the  
42 laws of 2001, is amended to read as follows:

43 S 25. Making and recording of "Blue Line" maps. The commissioner [of  
44 transportation] shall cause the preparation of maps of the Erie, Oswego,  
45 Champlain and the Cayuga and Seneca canals as they existed prior to and  
46 independent of lands appropriated for barge canal purposes and of all  
47 lands belonging to the state adjacent thereto or connected therewith,  
48 and there shall be designated on such maps the boundaries of the lands  
49 to which the state holds title, and so far as possible the names of the  
50 owners of the adjoining lands. Every map when completed shall be  
51 approved and certified to as correct by the commissioner [of transporta-  
52 tion] and be certified to as correct by the chief engineer. The original  
53 of said map shall be filed in the office of the [corporation] COMMIS-  
54 SIONER and copies thereof, duly signed and certified as aforesaid, shall  
55 be filed in the office of the department of state. Each of said maps so  
56 filed shall be regarded as an original copy. A blue or white print copy

1 of such map or portion of such map or maps as related or applies to any  
2 particular county of the state shall be transmitted to and filed in the  
3 office of the clerk of such county, or in the office in such county  
4 wherein conveyances are required by law to be recorded and such filing  
5 shall constitute a notice to all persons of the state's title to and  
6 ownership of said lands. A transcript of such maps certified as correct  
7 by the officer with whom such map or maps shall be filed shall be  
8 received as presumptive evidence of the state's title to the canal lands  
9 as of the date designated on such maps in all judicial or legal  
10 proceedings.

11 S 14. Section 30 of the canal law, as amended by chapter 335 of the  
12 laws of 2001, is amended to read as follows:

13 S 30. Contracts for improvement, maintenance or repair of the canal  
14 system. Upon the completion and final approval of the plans and specifi-  
15 cations for the improvement, maintenance or repair to the canal system,  
16 contracts therefor shall be executed IN ACCORDANCE WITH THE PROVISIONS  
17 OF ARTICLE NINE OF THE STATE FINANCE LAW, PROVIDED, HOWEVER, THAT IF  
18 ARTICLE NINE OF THE STATE FINANCE LAW SHALL NOT BE APPLICABLE, CONTRACTS  
19 SHALL BE EXECUTED as provided herein.

20 1. Advertising for proposals. The [corporation] COMMISSIONER shall  
21 advertise for proposals in accordance with plans and specifications  
22 prepared by [it] THE DEPARTMENT for such improvement, maintenance or  
23 repair of the canal system as the [corporation] COMMISSIONER deems it  
24 expedient to have performed by contract. The advertisement shall be  
25 limited to a brief description of the work proposed to be done, with an  
26 announcement stating where the maps, plans and specifications may be  
27 seen, the terms and conditions under which the proposals will be  
28 received, the time and place where the same will be opened, the amount  
29 of the draft or certified check to accompany the proposal, and such  
30 other matters as the [corporation] COMMISSIONER may deem advisable to  
31 include therein. Such advertisement shall be published at least once in  
32 each week for two successive weeks in a newspaper published at the coun-  
33 ty seat of the county in which such canal work is to be performed and in  
34 such other newspapers as the [corporation] COMMISSIONER may designate.  
35 If no newspaper is published at such county seat, then the publication  
36 of the advertisement shall be in such newspaper or newspapers within the  
37 county as the [corporation] COMMISSIONER may select. If no newspaper is  
38 published in the county, the publication of the advertisement shall be  
39 in such newspaper or newspapers in an adjoining county as may be  
40 selected by the [corporation] COMMISSIONER. Failure of such newspaper,  
41 published in such county or adjoining county, to publish such advertise-  
42 ment as provided in this subdivision or as directed by the [corporation]  
43 COMMISSIONER shall not invalidate the publication of advertisement for  
44 proposals provided such advertisement is published in another newspaper  
45 or trade publication, which will be most likely to give adequate notice  
46 to contractors of the work contemplated and of the invitation to submit  
47 proposals therefor, at least once in each week for any two successive  
48 weeks preceding the date on which proposals described in such advertise-  
49 ment are to be received and opened.

50 2. Proposals. Each proposal shall specify the correct gross sum for  
51 which the work will be performed and shall also include the amount to be  
52 charged for each item specified on the proposal estimate sheet. The  
53 [corporation] COMMISSIONER may prescribe and furnish forms for the  
54 submission of such proposals and may prescribe the manner of submitting  
55 the same which shall not be inconsistent herewith. Accompanying each  
56 proposal there shall be a certified check or bank cashier's check for

1 the amount of the bid deposit, to be fixed by the [corporation] COMMIS-  
2 SIONER and specified in the advertisement for proposals. The checks of  
3 the two low bidders shall be deposited by the [corporation] COMMISSIONER  
4 in a special account. Provided, however, that if prior to or upon  
5 receipt of said checks by the [corporation] COMMISSIONER a bidder who is  
6 one of the two low bidders shall have duly filed a bond as hereinafter  
7 provided, the [corporation] COMMISSIONER shall forthwith return to said  
8 bidder his OR HER aforesaid check without depositing the same. If alter-  
9 nate proposals are taken, the checks of the two low bidders of all  
10 alternate proposals shall be deposited. All checks other than those of  
11 the two low bidders shall be returned promptly by the [corporation]  
12 COMMISSIONER. Notwithstanding the provisions of any general or special  
13 law, the money represented by the checks of the two low bidders shall be  
14 paid from the special account when the contractor has duly executed and  
15 delivered to the [corporation] COMMISSIONER the contract and the bond or  
16 bonds required by law for the performance of the work of a public  
17 improvement for the state of New York, or upon the rejection of all  
18 bids. The low bidder, in the discretion of the [corporation] COMMISSION-  
19 ER, and the second low bidder, as a matter of right, may at any time  
20 after the opening of the respective proposals, file with the [corpo-  
21 ration] COMMISSIONER a bond, the principal amount of which shall at  
22 least equal the amount of the respective bidder's check, theretofore  
23 deposited with his OR HER proposal, in the form prescribed by the  
24 [corporation] COMMISSIONER, with sufficient sureties, to be approved by  
25 the [corporation] COMMISSIONER, conditioned that the said bidder will  
26 execute a contract and furnish such performance or other bonds as may be  
27 required by law in accordance with the terms of the bidder's said  
28 proposal. If a bidder complies with [the aforesaid] SUCH provisions, the  
29 [corporation] COMMISSIONER shall forthwith return the money represented  
30 by the check of such bidder.

31 In case the bidder to whom the contract shall be awarded shall fail to  
32 execute such contract and bond, the moneys represented by such check  
33 shall be regarded as liquidated damages and shall be forfeited to the  
34 state and shall be deposited by the [corporation] COMMISSIONER with the  
35 commissioner of taxation and finance to the credit of the general fund.  
36 The gross sums indicated on the proposals when opened shall be publicly  
37 read. The [corporation] COMMISSIONER shall keep the bids for the several  
38 items of the proposals confidential until an award of the contract is  
39 made, after which the proposals shall be subject at all reasonable times  
40 to public inspection.

41 3. Award of contract. The contract for the improvement, maintenance or  
42 repair of any part of the canal system shall be awarded to the lowest  
43 responsible bidder, as will best promote the public interest. No  
44 contract shall be awarded to a bidder other than the lowest responsible  
45 bidder without the written approval of the comptroller. The lowest bid  
46 shall be deemed to be that which specifically states the lowest gross  
47 sum for which the entire work will be performed, including all the items  
48 specified in the estimate therefor. The lowest bid shall be determined  
49 by the [corporation] COMMISSIONER on the basis of the gross sum for  
50 which the entire work will be performed, arrived at by a correct compu-  
51 tation of all the items specified in the estimate therefor at the unit  
52 prices contained in the bid.

53 4. Rejection of proposals. The [corporation] COMMISSIONER may reject  
54 any or all proposals and may advertise for new proposals as provided in  
55 this section, if, in [its] HIS OR HER opinion, the best interest of the  
56 state [and the corporation] will thereby be promoted.

1     5. Form of contract. The [corporation] COMMISSIONER shall prescribe  
2 the form of contract and may include [therein] such matters the [corpo-  
3 ration] COMMISSIONER may deem advantageous to the state [and the corpo-  
4 ration].

5     6. Bond of contractor. Each contractor before entering into a contract  
6 for such improvement, maintenance or repair of the canal system shall  
7 execute a bond in the form prescribed by the [corporation] COMMISSIONER,  
8 with sufficient sureties, to be approved by the [corporation] COMMIS-  
9 SIONER, on condition that it will perform the work in accordance with  
10 the terms of the contract and the plans and specifications, and that it  
11 will commence and complete the work within the time prescribed in the  
12 contract. The bond shall also provide against any direct or indirect  
13 damages that shall be suffered or claimed on account of such  
14 construction or improvement during the time thereof, and until the work  
15 is finally accepted.

16     7. Payments on contracts, state taxes. The contract shall provide for  
17 partial payments as the work progresses as hereinafter provided:

18     (a) Ten per centum shall be retained from each progress payment or  
19 estimate until the contract work is fifty per centum completed, after  
20 which no further moneys shall be retained from any progress payments or  
21 estimates paid thereafter, and when the entire contract work has been  
22 completed and accepted, the [corporation] COMMISSIONER shall, pending  
23 the payment of the final estimate, pay not to exceed fifty per centum of  
24 the amount of the retained percentage.

25     (b) Whenever in the judgment of the [corporation] COMMISSIONER the  
26 withholding of the retained percentage on account of the closing of the  
27 working season would be an injustice to the contractor, the [corpo-  
28 ration] COMMISSIONER may, provided the district engineer certifies that  
29 the essential items in the contract have been completed in accordance  
30 with the terms of the contract and the provisions of this chapter,  
31 direct the district engineer to include in the final account such uncom-  
32 pleted items and pay therefor at the item prices in the contract upon  
33 the contractor depositing with the [corporation] COMMISSIONER securities  
34 equal to double the value of such uncompleted work. The deposit may be  
35 used by the [corporation] COMMISSIONER to complete the uncompleted  
36 portion of the contract and shall be returned to the contractor if it  
37 completes the uncompleted portion within a specified number of working  
38 days after it has been notified to proceed with the work.

39     (c) No certificates approving or authorizing a partial or final  
40 payment shall be made by the [corporation] COMMISSIONER until [it] HE OR  
41 SHE is satisfied that all laborers employed on the work have been paid  
42 for their services for the last payroll period preceding the said  
43 partial or final payment. The [corporation] COMMISSIONER may, if [it] HE  
44 OR SHE deems necessary, require an affidavit to such effect from the  
45 contractor or [it] HE OR SHE may depend on any other source which [it]  
46 HE OR SHE deems proper for such information.

47     (d) Contracts in force at the date of the enactment of this subdivi-  
48 sion may, in the discretion of the [corporation] COMMISSIONER, be  
49 amended to provide for the withholding and the payments contemplated by  
50 the provisions of paragraph (a) of this subdivision, if the surety or  
51 sureties upon the performance and labor and material bonds given by a  
52 contractor upon any such contract shall consent in writing thereto.

53     (e) No such certificate authorizing or approving the first partial  
54 payment or any final payment to a foreign contractor shall be made  
55 unless such contractor shall furnish satisfactory proof that all taxes  
56 due the commissioner of taxation and finance by such contractor under

1 the provisions of or pursuant to a law enacted pursuant to the authority  
2 of article nine, nine-A, twelve-A, twenty-one, twenty-two, twenty-eight,  
3 twenty-nine or thirty of the tax law have been paid. The certificate of  
4 the commissioner of taxation and finance to the effect that all such  
5 taxes have been paid shall be, for purpose of this paragraph, conclusive  
6 proof of the payment of such taxes. The term "foreign contractor" as  
7 used in this subdivision means, in the case of an individual, a person  
8 who is not a resident of this state, in the case of a partnership, one  
9 having one or more partners not a resident of this state, and in the  
10 case of a corporation, one not organized under the laws of this state.

11 8. Contingencies and extra work. Whenever the [corporation] COMMIS-  
12 SIONER determines that from any unforeseen cause the terms of any  
13 contract should be altered to provide for contingencies or extra work,  
14 [it] HE OR SHE may, if funds are available for payment of the cost ther-  
15 eof, issue an order on contract therefor to the contractor, a copy of  
16 which shall be filed with the director of the budget and the state comp-  
17 troller. The estimated expenditure pursuant to the order on contract  
18 shall not increase the total amount of the primary contract until the  
19 estimated expenditure shall have been approved by the [corporation]  
20 COMMISSIONER and a duplicate of such approval shall have been filed with  
21 the comptroller. No such extra work shall be commenced or undertaken  
22 until the [corporation] COMMISSIONER has issued an order on contract as  
23 herein provided.

24 When such order on contract provides for similar items of work or  
25 materials which increase or decrease the itemized quantity provided for  
26 in the primary contract, the price to be paid therefor shall not exceed  
27 the unit bid price in the primary contract for such items. Agreed prices  
28 for new items of work or materials may be incorporated in the order on  
29 contract as the [corporation] COMMISSIONER may deem them to be just and  
30 fair and beneficial to the state[, including the corporation].

31 Whenever the [corporation] COMMISSIONER also determines that in the  
32 cases herein provided it is impracticable for [it] HE OR SHE to ascer-  
33 tain in advance the just and fair prices to be paid by the state for new  
34 items of work or materials, the order on contract therefor may provide  
35 for performance of the work and the furnishing of the materials and  
36 equipment, in which event the contractor shall keep and shall make  
37 available at all times to the [corporation] COMMISSIONER such accounting  
38 records, data and procedure as may be required by the [corporation]  
39 COMMISSIONER.

40 S 15. Section 31 of the canal law, as amended by chapter 335 of the  
41 laws of 2001, is amended to read as follows:

42 S 31. Patented materials or articles. In the improvement, maintenance,  
43 or repair of the canal system, no patented material or article or any  
44 other material or article shall be specified, contracted for, or  
45 purchased, except under such circumstances that there can be fair and  
46 reasonable opportunity for competition, the conditions to secure which,  
47 shall be prescribed by the [corporation] COMMISSIONER.

48 S 16. Section 32 of the canal law, as amended by chapter 335 of the  
49 laws of 2001, is amended to read as follows:

50 S 32. Performance of contracts. The performance of every contract for  
51 the improvement, maintenance or repair of the canal system shall be  
52 under the supervision and control of the [corporation] COMMISSIONER, and  
53 it shall be [its] HIS OR HER duty to see that every such contract is  
54 performed in accordance with the provisions of the contract and with the  
55 plans and specifications forming a part thereof. If the [corporation]  
56 COMMISSIONER shall determine that the work upon any contract for the

1 improvement, maintenance or repair of the canal system is not being  
2 performed according to the contract or for the best interest of the  
3 state[, including the corporation], the execution of the work by the  
4 contractor may be temporarily suspended by the [corporation] COMMISSION-  
5 ER, who may then proceed with the work under [its] HIS OR HER own direc-  
6 tion in such manner as will accord with the contract specifications and  
7 be for the best interest of the state [including the corporation,]; or  
8 [it] HE OR SHE may terminate the contractor's employment under the  
9 contract while it is in progress, and thereupon, proceed with the work,  
10 in affirmance of the contract, by contract negotiated or publicly let,  
11 by the use of [its] HIS OR HER own forces, by calling upon the surety to  
12 complete the work in accordance with the plans and specifications or by  
13 a combination of any such methods; or [it] HE OR SHE may cancel the  
14 contract and readvertise and relet the work as provided in section thir-  
15 ty of this article. Any excess in the cost of completing the contract  
16 beyond the price for which it was originally awarded shall be charged to  
17 and paid by the contractor failing to perform the work or by such  
18 contractor's surety. Where the estimate for the completion of a  
19 cancelled contract is in excess of the balance of the amount originally  
20 set aside by the state [including the corporation,] to provide for the  
21 improvement, maintenance or repair of the canal system, or a part there-  
22 of, together with any amount otherwise provided, the [corporation]  
23 COMMISSIONER is authorized to set aside from any funds available for the  
24 improvement, maintenance or repair of the canal system, or a part there-  
25 of, an additional sum equal to such excess and to pay such excess in the  
26 first instance, pending recovery of excess cost from the defaulting  
27 contractor and surety, as provided in this section. Every contract for  
28 the improvement, maintenance or repair of the canal system, or a part  
29 thereof, shall reserve to the [corporation] COMMISSIONER the right to  
30 suspend or cancel the contract as above provided, and to complete the  
31 work thereunder by contract negotiated or publicly let or by the use of  
32 [its] HIS OR HER own forces, or affirm the contract and thereupon to  
33 complete the work thereunder according to any of the methods above  
34 provided as the [corporation] COMMISSIONER may determine.

35 S 17. Section 33 of the canal law, as amended by chapter 335 of the  
36 laws of 2001, is amended to read as follows:

37 S 33. Acceptance of work. Upon the completion of the improvement,  
38 maintenance or repair of any part of the canal system under a contract  
39 let, as provided in this article, the [corporation] COMMISSIONER shall  
40 cause the same to be inspected, and upon the filing [in the office of  
41 the corporation] WITH THE DEPARTMENT of a certificate stating that the  
42 work has been well and faithfully performed, in accordance with the  
43 terms of the contract, and all legal modifications thereof, the work  
44 shall be deemed accepted and certificates for final payment on the  
45 contract executed.

46 S 18. Section 34 of the canal law, as amended by chapter 335 of the  
47 laws of 2001, is amended to read as follows:

48 S 34. Exemption of materials or equipment from execution. All materi-  
49 als or equipment furnished or partly procured on a defaulted contract  
50 with the [corporation] COMMISSIONER, shall be exempt from execution, but  
51 the [corporation] COMMISSIONER shall pay the moneys due for such materi-  
52 al or equipment to any judgment creditor of the contractor under whose  
53 execution such materials or equipment might otherwise have been sold, on  
54 production to [it] HIM OR HER of due proof that such execution would  
55 have so attached, and such payments shall be valid payments on the  
56 contract.

1 S 19. Section 40 of the canal law, as amended by chapter 335 of the  
2 laws of 2001, is amended to read as follows:

3 S 40. Acquisition of property. 1. The acquisition of property neces-  
4 sary for purposes of the improvement, use, maintenance, control, manage-  
5 ment or repair of the canal system, shall be pursuant to the provisions  
6 of the eminent domain procedure law by the [corporation or by the]  
7 commissioner [of transportation at the request of the corporation].

8 2. The commissioner [of transportation or the corporation as the case  
9 may be,] shall cause to be prepared an accurate acquisition map of any  
10 property which he or [it] SHE may deem necessary for purposes connected  
11 with the canal system or of any property in and to which he or [it] SHE  
12 may deem the acquisition or exercise of an easement, interest or right  
13 to be necessary for such purposes, indicating and describing in each  
14 case the particular easement, interest or right. On the approval of such  
15 map by the commissioner [of transportation or the corporation as the  
16 case may be,] he or [it] SHE shall acquire such property, easements,  
17 interests or rights pursuant to the provisions of the eminent domain  
18 procedure law.

19 3. If the [corporation] COMMISSIONER shall determine, prior to the  
20 filing of such copy of the map in the office of the county clerk or  
21 register as aforesaid, that changes, alterations or modifications of  
22 such map as filed in the [main office of the corporation] DEPARTMENT  
23 should be made, the [corporation] COMMISSIONER shall, subject to the  
24 provisions of article two of the eminent domain procedure law, if appli-  
25 cable, direct the preparation of an amended map, either by preparing a  
26 new map or by making changes on the original tracing of such map, with a  
27 notation indicating such changes. On the approval of such amended map by  
28 the [corporation] COMMISSIONER, it shall be filed in the [main office of  
29 the corporation] DEPARTMENT in the same manner as the original map was  
30 filed, and the amended map shall thereupon in all respects and for all  
31 purposes supersede the map previously filed.

32 4. If the [corporation] COMMISSIONER shall determine, prior to the  
33 filing of such copy of the map in the office of the county clerk or  
34 register as aforesaid, that such map should be withdrawn, the [corpo-  
35 ration] COMMISSIONER shall file a certificate of withdrawal in the  
36 offices of the [corporation] DEPARTMENT and department of law. Upon the  
37 filing of such certificate of withdrawal, the map to which it refers  
38 shall be canceled and all rights thereunder shall cease and terminate.

39 5. The commissioner [of transportation or the corporation as the case  
40 may be,] shall deliver to the attorney general a copy of such acquisi-  
41 tion map whereupon it shall be the duty of the attorney general to  
42 advise and certify to the commissioner [of transportation or the corpo-  
43 ration] the names of the owners of the property, easements, interests or  
44 rights described in the said acquisition map, including the owners of  
45 any right, title or interest therein pursuant to the requirements of  
46 section four hundred three of the eminent domain procedure law.

47 6. If, at or after the vesting of title to such property in the people  
48 of the state of New York as provided for in the eminent domain procedure  
49 law, the commissioner [of transportation or the corporation as the case  
50 may be] shall deem it necessary to cause the removal of an owner or  
51 other occupant from such property [it] HE OR SHE may cause such owner or  
52 other occupant to be removed therefrom by proceeding in accordance with  
53 section four hundred five of the eminent domain procedure law. The  
54 proceedings shall be brought in the name of the commissioner [of trans-  
55 portation or the corporation as agent of the state]. If any person  
56 proceeded against shall contest the petition by an answer, the attorney

1 general shall be notified, and he OR SHE thereafter shall represent the  
2 petitioner in the proceedings. No execution shall issue for costs, if  
3 any awarded against the state[,] OR the commissioner [of transportation  
4 or the corporation], but they shall be part of the costs of the acquisition  
5 and be paid in like manner. Proceedings may be brought separately  
6 against one or more of the owners or other occupants of a property, or  
7 one proceeding may be brought against all or several of the owners or  
8 other occupants of any or all property within the territorial jurisdiction  
9 of the same justice or judge; and judgment shall be given for immediate  
10 removal of persons defaulting in appearance or in answering, or  
11 withdrawing their answers, if any, without awaiting the trial or decision  
12 of issues raised by contestants, if any.

13 7. Upon making any agreement provided for in section three hundred  
14 four of the eminent domain procedure law, the commissioner [of transportation  
15 or the corporation as the case may be] shall deliver to the comptroller  
16 such agreement and a certificate stating the amount due such  
17 owner or owners thereunder on account of such appropriation of his, HER  
18 or their property and the amounts so fixed shall be paid pursuant to all  
19 relevant provisions of the public authorities law, the eminent domain  
20 procedure law and the state finance law.

21 8. Application for reimbursement of incidental expenses as provided in  
22 section seven hundred two of the eminent domain procedure law shall be  
23 made to the [corporation] DEPARTMENT upon forms prescribed by the  
24 [corporation] COMMISSIONER and shall be accompanied by such information  
25 and evidence as the [corporation] COMMISSIONER may require. Upon  
26 approval of such application, the [corporation] COMMISSIONER shall  
27 deliver a copy thereof, to the comptroller together with a certificate  
28 stating the amount due thereof, and the amount so fixed shall be paid  
29 out of funds available for the acquisition of property under this  
30 section.

31 9. The [corporation] COMMISSIONER shall establish and may from time to  
32 time amend rules and regulations authorizing the payment of actual  
33 reasonable and necessary moving expenses of occupants of property  
34 acquired pursuant to this section; of actual direct losses of tangible  
35 personal property as a result of moving or discontinuing a business or  
36 farm operation, but not exceeding an amount equal to the reasonable  
37 expenses that would have been required to relocate such property, as  
38 determined by the [corporation] COMMISSIONER; and actual reasonable  
39 expenses in searching for a replacement business or farm; or in hardship  
40 cases for the advance payment of such expenses and losses. For the  
41 purposes of making payment of such expenses and losses only the term  
42 "business" means any lawful activity conducted primarily for assisting  
43 in the purchase, sale, resale, manufacture, processing or marketing of  
44 products, commodities, personal property or services by the erection and  
45 maintenance of an outdoor advertising display or displays, whether or  
46 not such display or displays are located on the premises on which any of  
47 the above activities are conducted. Such rules and regulations may  
48 further define the terms used in this subdivision. In lieu of such actual  
49 reasonable and necessary moving expenses, any such displaced owner or  
50 tenant of residential property may elect to accept a moving expense  
51 allowance, plus a dislocation allowance, determined in accordance with a  
52 schedule prepared by the [corporation] COMMISSIONER and made a part of  
53 such rules and regulations. In lieu of such actual reasonable and necessary  
54 moving expenses, any such displaced owner or tenant of commercial  
55 property who relocates or discontinues his OR HER business or farm operation  
56 may elect to accept a fixed relocation payment in an amount equal

1 to the average annual net earnings of the business or farm operation,  
2 except that such payment shall be not less than two thousand five  
3 hundred dollars nor more than ten thousand dollars. In the case of a  
4 business, no such fixed relocation payment shall be made unless the  
5 [corporation] COMMISSIONER finds and determines that the business cannot  
6 be relocated without a substantial loss of its existing patronage, and  
7 that the business is not part of a commercial enterprise having at least  
8 one other establishment, which is not being acquired by the state or the  
9 United States, which is engaged in the same or similar business. In the  
10 case of a business which is to be discontinued but for which the find-  
11 ings and determinations set forth above cannot be made, the [corpo-  
12 ration] COMMISSIONER may prepare an estimate of what the actual reason-  
13 able and necessary moving expenses, exclusive of any storage charges,  
14 would be if the business were to be relocated and enter into an agreed  
15 settlement with the owner of such business for an amount not to exceed  
16 such estimate in lieu of such actual reasonable and necessary moving  
17 expenses. Application for payment under this subdivision shall be made  
18 to the [corporation] DEPARTMENT upon forms prescribed by [it] THE  
19 COMMISSIONER and shall be accompanied by such information and evidence  
20 as the [corporation] COMMISSIONER may require. Upon approval of such  
21 application, the [corporation] COMMISSIONER shall deliver a copy thereof  
22 to the comptroller together with a certificate stating the amount due  
23 thereunder, and the amount so fixed shall be paid out of the state trea-  
24 sury after audit by the comptroller from moneys appropriated for the  
25 acquisition of property under this section. As used in this subdivision,  
26 the term "commercial property" shall include property owned by an indi-  
27 vidual, family, partnership, corporation, association or a nonprofit  
28 organization and includes a farm operation. As used in this subdivision,  
29 the term "business" means any lawful activity, except a farm operation,  
30 conducted primarily for the purchase, sale, lease and rental of personal  
31 and real property, and for the manufacture, processing or marketing of  
32 products, commodities, or any other personal property; for the sale of  
33 services to the public; or by a nonprofit organization.

34 10. Authorization is hereby given for the reimbursement to the person  
35 or other entity entitled thereto, as determined by the [corporation]  
36 COMMISSIONER, of an amount, separately computed and stated, representing  
37 the following incidental expenses to the owner of property acquired  
38 pursuant to this section:

39 (a) Any recording fees, transfer taxes and other similar expenses in  
40 connection with the acquisition of the property by the state[, including  
41 the corporation,] or in connection with the transfer of the property to  
42 the state[, including the corporation]; and

43 (b) Any penalty costs, incurred by the owner of property acquired by  
44 the state[, including the corporation,] for prepayment of any pre-exist-  
45 ing recorded mortgage entered into in good faith encumbering such prop-  
46 erty.

47 In the event that there shall be a final judgment by a court of compe-  
48 tent jurisdiction that the commissioner [of transportation or the corpo-  
49 ration as the case may be,] was not legally authorized to acquire prop-  
50 erty, or a portion of such property, pursuant to this section; or the  
51 commissioner [or the corporation] denies that there was any taking of  
52 property, makes no offer to settle the value of the claim for such prop-  
53 erty and there shall be a final judgment by a court of competent juris-  
54 diction that the commissioner [or the corporation] did in fact take such  
55 property; or the procedure to acquire such property is abandoned by the  
56 commissioner [or the corporation]; authorization is hereby given for the

1 reimbursement to the person or other entity entitled thereto, as deter-  
2 mined by the commissioner [or the corporation], of an amount, separately  
3 computed and stated, for reasonable costs, disbursements and expenses,  
4 including reasonable attorney, appraisal and engineering fees, actually  
5 incurred by such person or other entity because of the acquisition  
6 procedure.

7 Application for either of such reimbursements shall be made to the  
8 [corporation] DEPARTMENT upon forms prescribed by [it] THE COMMISSIONER  
9 and shall be accompanied by such information and evidence as the [corpo-  
10 ration] COMMISSIONER may require. Upon approval of such application, the  
11 [corporation] COMMISSIONER shall deliver a copy thereof to the comp-  
12 troller together with a certificate stating the amount due thereunder,  
13 and the amount so fixed shall be paid out of funds available for this  
14 purpose.

15 11. Authorization is hereby given to the [corporation] COMMISSIONER to  
16 make supplemental relocation payments, separately computed and stated,  
17 to displaced owners and tenants of residential property acquired pursu-  
18 ant to this section who are entitled thereto, as determined by such  
19 [corporation] COMMISSIONER. The [corporation] COMMISSIONER may establish  
20 and from time to time amend rules and regulations providing for such  
21 supplemental relocation payments. Such rules and regulations may further  
22 define the terms used in this subdivision. In the case of property  
23 acquired pursuant to this section which is improved by a dwelling actu-  
24 ally owned and occupied by the displaced owner for not less than one  
25 hundred eighty days immediately prior to initiation of negotiations for  
26 the acquisition of such property, such payment to such owner shall not  
27 exceed fifteen thousand dollars. Such payment shall be the amount, if  
28 any, which, when added to the acquisition payment equals the average  
29 price, established by the [corporation] COMMISSIONER on a class, group  
30 or individual basis, required to obtain a comparable replacement dwell-  
31 ing that is decent, safe and sanitary to accommodate the displaced  
32 owner, reasonably accessible to public services and places of employment  
33 and available on the private market, but in no event shall such payment  
34 exceed the difference between acquisition payment and the actual  
35 purchase price of the replacement dwelling. Such payment shall include  
36 an amount which will compensate such displaced owner for any increased  
37 interest costs which such person is required to pay for financing the  
38 acquisition of any such comparable replacement dwelling. Such amount  
39 shall be paid only if the dwelling acquired pursuant to this section was  
40 encumbered by a bona fide mortgage which was a valid lien on such dwell-  
41 ing for not less than one hundred eighty days prior to the initiation of  
42 negotiations for the acquisition of such dwelling. Such amount shall be  
43 equal to the excess in the aggregate interest and other debt service  
44 costs of that amount of the principal of the mortgage on the replacement  
45 dwelling which is equal to the unpaid balance of the mortgage on the  
46 acquired dwelling, over the remaining term of the mortgage on the  
47 acquired dwelling, reduced to discounted present value. The discount  
48 rate shall be the prevailing interest rate paid on savings deposits by  
49 commercial banks in the general area in which the replacement dwelling  
50 is located. Any such mortgage interest differential payment shall,  
51 notwithstanding the provisions of section twenty-six-b of the general  
52 construction law, be in lieu of and in full satisfaction of the require-  
53 ments of such section. Such payment shall include reasonable expenses  
54 incurred by such displaced owner for evidence of title, recording fees  
55 and other closing costs incident to the purchase of the replacement  
56 dwelling, but not including prepaid expenses. Such payment shall be made

1 only to a displaced owner who purchases and occupies a replacement  
2 dwelling which is decent, safe and sanitary within one year subsequent  
3 to the date on which he OR SHE is required to move from the dwelling  
4 acquired pursuant to this section or the date on which he OR SHE  
5 receives from the state final payment of all costs of the acquired  
6 dwelling, whichever occurs later, except advance payment of such amount  
7 may be made in hardship cases. In the case of property acquired pursuant  
8 to this section from which an individual or family, not otherwise eligi-  
9 ble to receive a payment pursuant to the above provisions of this subdivi-  
10 sion, is displaced from any dwelling thereon which has been actually  
11 and lawfully occupied by such individual or family for not less than  
12 ninety days immediately prior to the initiation of negotiations for the  
13 acquisition of such property, such payment to such individual or family  
14 shall not exceed four thousand dollars. Such payment shall be the amount  
15 which is necessary to enable such individual or family to lease or rent  
16 for a period not to exceed four years, a decent, safe and sanitary  
17 dwelling of standards adequate to accommodate such individual or family  
18 in areas not generally less desirable in regard to public utilities and  
19 public and commercial facilities and reasonably accessible to his OR HER  
20 place of employment, but shall not exceed four thousand dollars, or to  
21 make the down payment, including reasonable expenses incurred by such  
22 individual or family for evidence of title, recording fees, and other  
23 closing costs incident to the purchase of the replacement dwelling, but  
24 not including prepaid expenses, on the purchase of a decent, safe and  
25 sanitary dwelling of standards adequate to accommodate such individual  
26 or family in areas not generally less desirable in regard to public  
27 utilities and public and commercial facilities, but shall not exceed  
28 four thousand dollars, except if such amount exceeds two thousand  
29 dollars, such person must equally match any such amount in excess of two  
30 thousand dollars, in making the down payment. Such payments may be made  
31 in installments as determined by the [corporation] COMMISSIONER. Appli-  
32 cation for payment under this subdivision shall be made to the [corpo-  
33 ration] DEPARTMENT upon forms prescribed by [such corporation] THE  
34 COMMISSIONER and shall be accompanied by such information and evidence  
35 as the [corporation] COMMISSIONER may require. Upon approval of such  
36 application, the [corporation] COMMISSIONER shall deliver a copy thereof  
37 to the comptroller, together with a certificate stating the amount due  
38 thereunder, and the amount so fixed shall be paid out of funds available  
39 for such purpose.

40 12. The owner of any property, easements, interests or rights appro-  
41 priated, may present to the court of claims a claim for the value of  
42 such property appropriated and for legal damages as provided by law for  
43 the filing of claims with the court of claims. Payment of such awards  
44 and judgments of the court of claims shall be made in the manner now  
45 prescribed by law.

46 13. If the work of improvement, maintenance, control, management or  
47 repair of the canal system causes damage to property not acquired as  
48 above provided, the state shall be liable therefor, but this provision  
49 shall not be deemed to create any liability not already existing by  
50 statute. Claims for such damage may be adjusted by the [corporation]  
51 COMMISSIONER, if the amounts thereof can be agreed upon with the persons  
52 making such claims, and any amount so agreed upon shall be paid as a  
53 part of the cost of such improvement, maintenance, control, management  
54 or repair as prescribed by this section. If the amount of any such claim  
55 is not agreed upon, such claim may be presented pursuant to the eminent  
56 domain procedure law to the court of claims which is hereby authorized

1 to hear such claim and determine if the amount of such claim or any part  
2 thereof is a legal claim against the state, and, if it so determines, to  
3 make an award and enter judgment thereon against the state, provided,  
4 however, that such claim is filed with the court of claims within three  
5 years after the accrual of such claim.

6 14. Notwithstanding any other provision of this section, the [corpo-  
7 ration or the] commissioner [of transportation at the request of the  
8 corporation] shall have the power to acquire by grant or purchase, in  
9 the name of the people of the state of New York, any property which he  
10 or [the corporation] SHE deems necessary for any of the purposes  
11 provided for in this section, and payment therefor, if any, shall be  
12 made in the manner prescribed in this section for the payment of  
13 adjusted appropriation claims, provided, however, that no real property  
14 shall be so acquired unless the title thereto shall be approved by the  
15 attorney general.

16 15. The expense of the acquisition of property, including the cost of  
17 making surveys, preparing descriptions and maps of property to be  
18 acquired, and of administrative duties in connection therewith, serving  
19 notices of appropriation, publication, making appraisals and agreements  
20 and of searches ordered and examinations and readings and approval of  
21 titles made by the attorney general, and expenses incurred by the  
22 [corporation or the] commissioner [of transportation at the request of  
23 the corporation] and attorney general in proceedings for the removal of  
24 owners or occupants, shall be deemed a part of the cost of operation of  
25 the respective offices where such employees are engaged or of the  
26 department having charge of such matters and shall be paid from moneys  
27 appropriated for the operation of such offices. If a special fund has  
28 been set up to provide for the acquisition of property, then such  
29 expense involved may be made payable from such fund.

30 16. Notwithstanding the provisions of any general, special or local  
31 law, the [corporation or the] commissioner [of transportation at the  
32 request of the corporation], his or [its] HER officers, agents or  
33 contractors when engaged on work connected with the canal system, as  
34 described in subdivision one of this section, may, pursuant to the  
35 provisions of the eminent domain procedure law, enter upon any property  
36 for the purpose of making surveys, test pits, test borings, or other  
37 investigations and also for temporary occupancy during construction.  
38 Claims for any damage caused by such entry, work or occupation not  
39 exceeding two thousand five hundred dollars may be adjusted by agreement  
40 by the [corporation or the] commissioner [of transportation at the  
41 request of the corporation] with the owner of the property affected as  
42 determined by him or [such corporation] HER by reasonable investigation  
43 without appropriating such property. Upon making any such adjustment and  
44 agreement, the [corporation or the] commissioner [of transportation]  
45 shall deliver to the comptroller such agreement and a certificate stat-  
46 ing the amount due such owner and the amount so fixed shall be paid out  
47 of the funds available for such purpose.

48 17. If the [corporation] COMMISSIONER shall determine subsequent to  
49 the acquisition of a temporary easement right in property and subsequent  
50 to the filing of a description and map of such property in the office of  
51 the county clerk or register, as aforesaid, that the purposes for which  
52 such easement right was acquired have been accomplished and that the use  
53 and occupancy of said property for canal purposes are no longer neces-  
54 sary, and that, therefore, the term of such easement should be further  
55 limited, or if the appropriation of such easement was for an indefinite  
56 period, that such period should be fixed and determined, or that the

1 period of such easement has by its terms expired, the [corporation]  
2 COMMISSIONER shall make [its] HIS OR HER certificate that the use and  
3 occupancy of such property for canal purposes are no longer necessary,  
4 that the property in which such easement right was acquired is surren-  
5 dered back to the affected owner of said property and that such easement  
6 right is thereupon terminated, released and extinguished. The [corpo-  
7 ration] COMMISSIONER shall cause a copy of such certificate to be filed  
8 in the office of the department of state. Upon the filing of such  
9 certificate in the office of the department of state all rights acquired  
10 by the state in such property shall cease and determine. The [corpo-  
11 ration] COMMISSIONER shall cause a copy of such certificate together  
12 with notice of the filing thereof in the office of the department of  
13 state to be mailed to the owner or owners of the property affected, as  
14 certified by the attorney general, if the place of residence of such  
15 owner or owners is known or can be ascertained by a reasonable effort. A  
16 further copy of such certificate and notice of filing shall be filed in  
17 the office of the recording officer of each county wherein the property  
18 affected is situated. On the filing of such certificate and notice with  
19 such officer it shall be the duty of such officer to record same in the  
20 books used for recording deeds in the office of such officer.

21 18. Notwithstanding any other provision of this section, the [corpo-  
22 ration] COMMISSIONER shall have the power to acquire by grant or  
23 purchase, in the name of the people of the state of New York, any prop-  
24 erty which [it] HE OR SHE deems necessary for any of the purposes  
25 provided for in this section and may also acquire for such purposes from  
26 the Palisades interstate park commission, in the name of the people of  
27 the state of New York, such lands and such easements, licenses, permits  
28 and other rights over lands as the said commission is authorized to  
29 grant, sell, exchange or convey. When the acquisition by appropriation,  
30 grant or purchase of property deemed necessary for canal purposes would  
31 result in substantial consequential damages to the owner's remaining  
32 property, due to loss of access, severance or control of access, the  
33 [corporation] COMMISSIONER, for and on behalf of the people of the state  
34 of New York, may acquire by purchase or grant all or any portion of such  
35 remaining property. Payment therefor, if any, shall be made in the  
36 manner prescribed in this section for the payment of adjusted appropri-  
37 ation claims, provided, however, that no real property shall be so  
38 acquired unless the title thereto shall be approved by the attorney  
39 general.

40 S 20. Section 41 of the canal law, as amended by chapter 335 of the  
41 laws of 2001, is amended to read as follows:

42 S 41. Acquisition of cemeteries. Whenever in the judgment of the  
43 [corporation] COMMISSIONER, it is necessary for the purposes of improv-  
44 ing, maintaining or repairing the canal system, to appropriate any prop-  
45 erty occupied by graves, burial places, cemeteries or other places of  
46 interment of human remains, the [corporation] COMMISSIONER may acquire  
47 such property in the manner and by the method prescribed by this arti-  
48 cle. [It] HE OR SHE shall cause the removal of all such remains to any  
49 other cemetery or burial place, whether private or public, as the board  
50 of trustees or governing body of such burial place or burial ground  
51 shall designate. All removals and transportation of such human remains  
52 shall be done in accordance with the provisions of the public health  
53 law. Whenever any person or persons legally entitled to direct as to the  
54 disposition of any human remains exhumed or to be exhumed from any ceme-  
55 tery, burial place or graves as herein provided, desires to remove the  
56 same for reinterment to any burial plot or cemetery not within the same

1 county from which such remains were exhumed, such person or persons so  
2 entitled to designate such other burial place or plot shall be permitted  
3 to remove such exhumed remains from such county subject to the written  
4 consent of the [corporation] COMMISSIONER and provisions of the public  
5 health law, but no portion of the expense of such transportation or  
6 burial in another county shall be borne by the state [or the corpo-  
7 ration].

8 S 21. Section 42 of the canal law, as amended by chapter 335 of the  
9 laws of 2001, is amended to read as follows:

10 S 42. Removal of encroachments. The [corporation] COMMISSIONER is  
11 authorized to cause to be removed from canal property any building, part  
12 of a building or structure erected, placed, maintained or otherwise  
13 occupying such canal property, if, in [its] HIS OR HER opinion, the  
14 removal is necessary for the improvement, use, maintenance, control,  
15 management, repair or operation of the canal system. It shall be the  
16 duty of any person owning or maintaining such a building, part of a  
17 building or structure to remove the same within thirty days from the  
18 service by the [corporation] COMMISSIONER upon said person of a notice  
19 ordering its removal. Upon the failure of the person so ordered to  
20 remove the building, part of a building or structure, the [corporation]  
21 COMMISSIONER may, without liability on the part of the state [or the  
22 corporation], take whatever action [it] HE OR SHE may deem necessary to  
23 cause the removal. Service of the order of removal must be personal if  
24 the person to be served can be found within the state. If the [corpo-  
25 ration] COMMISSIONER shall not be able to serve such notice or cause the  
26 same to be served on the [said] SUCH person within the state after  
27 making a reasonable effort so to do, service may be made by attaching  
28 such notice to the [said] SUCH building, part of a building or struc-  
29 ture.

30 S 22. Section 43 of the canal law, as amended by chapter 335 of the  
31 laws of 2001, is amended to read as follows:

32 S 43. Exchange of property. In order to facilitate the acquisition of  
33 property as defined in this article, and which, in the judgment of the  
34 [corporation] COMMISSIONER, will be in the public interest and necessary  
35 for canal purposes, payment for such property may be made by means of an  
36 exchange therefor of property found to be no longer necessary or useful  
37 as a part of the barge canal system, or as an aid to navigation thereon,  
38 or for barge canal terminal purposes. The property to be so acquired  
39 shall be of at least equal value to that of such property to be  
40 exchanged. The [corporation] COMMISSIONER is authorized and empowered to  
41 enter into an agreement with the owner or owners of such property to be  
42 so acquired, upon such terms and conditions as to such [corporation]  
43 COMMISSIONER shall seem appropriate and proper to accomplish such  
44 purpose.

45 In all such cases, the property so to be exchanged shall first be  
46 declared abandoned by official order of the [corporation] COMMISSIONER  
47 which order shall set forth the benefits to be obtained by such  
48 exchange. In such abandonment it shall be unnecessary to conform to the  
49 provisions for abandonment made in section fifty-one of this chapter.  
50 The agreement and the title to the property to be acquired shall be  
51 subject to the approval of the attorney-general. Upon the approval of  
52 title by the attorney-general, the [corporation] COMMISSIONER is author-  
53 ized and empowered to execute in the name of the people of the state of  
54 New York, a quit-claim deed to effectuate such exchange, which shall be  
55 subject to the approval of the attorney-general. The deed so executed,  
56 before becoming effective, shall be recorded in the office of the secre-

1 tary of state. Compensation on account of excess value if any, of the  
2 lands so acquired shall be adjusted and paid in the manner provided by  
3 section forty of this article, as in the case of property taken by  
4 appropriation.

5 S 23. Section 50 of the canal law, as amended by chapter 335 of the  
6 laws of 2001, is amended to read as follows:

7 S 50. Authority to abandon canal lands. 1. Authority is hereby  
8 conferred upon the [corporation] COMMISSIONER to abandon any portion of  
9 barge canal lands, barge canal terminal lands, or old canal lands and  
10 appertaining structures constituting the canal system prior to the barge  
11 canal improvement, which have or may become no longer necessary or  
12 useful as a part of the barge canal system, as an aid to navigation  
13 thereon, or for barge canal terminal purposes. This authority, however,  
14 shall not include the abandonment of a barge canal terminal unless such  
15 terminal has been by a special act of the legislature previously deter-  
16 mined to have become no longer necessary or useful as a part of the  
17 barge canal system, as an aid to navigation thereon, or for barge canal  
18 terminal purposes.

19 2. Abandonments authorized pursuant to this section shall be subject  
20 to the provisions of subdivision seventeen of section ten of this chap-  
21 ter.

22 S 24. Section 51 of the canal law, as amended by chapter 44 of the  
23 laws of 2009, is amended to read as follows:

24 S 51. Method of abandonment. Prior to the exercising of such authority  
25 of abandonment, however, the [corporation] COMMISSIONER shall cause a  
26 notice of any proposed abandonment to be transmitted to the commission  
27 and to be published once each week for three successive weeks in a news-  
28 paper published in the county wherein such lands are located, except  
29 that such publication shall appear in a newspaper published in the muni-  
30 cipality or locality wherein such lands are located when there is a  
31 newspaper published in such municipality or locality. Such notice shall  
32 describe the lands proposed to be abandoned with sufficient certainty to  
33 identify them and invite interested parties to file written statements  
34 either supporting or opposing the proposed abandonment. Upon the expira-  
35 tion of the period of publishing said notice, when it is the case that  
36 the assessment for such lands proposed for abandonment is equal to or  
37 greater than fifty thousand dollars, the [corporation] COMMISSIONER  
38 shall hold a hearing at which evidence or further information may be  
39 submitted. A record shall be made of all evidence submitted at such  
40 hearing. If no hearing shall appear to the [corporation] COMMISSIONER to  
41 be warranted or subsequent to such hearing, should one be held, the  
42 [corporation] COMMISSIONER may in [its] HIS OR HER discretion declare  
43 such lands abandoned for the purposes of the canal system. The [corpo-  
44 ration] COMMISSIONER shall thereupon issue an official order abandoning  
45 the lands for canal purposes together with a map and description of the  
46 lands abandoned and dispose of any portion of canal lands so abandoned.  
47 Any money realized from the sale of such land shall be deposited into  
48 the canal fund.

49 S 25. Section 53 of the canal law, as amended by chapter 335 of the  
50 laws of 2001, is amended to read as follows:

51 S 53. Sale of abandoned lands for railroad bridges. Whenever any canal  
52 lands, as defined in article one of this chapter, are required in  
53 connection with any railroad bridge which has been or which is to be  
54 constructed, reconstructed or raised by or for a railroad corporation  
55 over that portion of the barge canal, which has been or which will be  
56 improved by the use of moneys allotted or to be allotted to the state by

1 the federal government in accordance with chapter six hundred eighty-  
2 eight of the laws of nineteen hundred thirty-four, the [corporation]  
3 COMMISSIONER may issue an official order abandoning the lands for canal  
4 purposes. Upon a written request by the railroad corporation, and  
5 notwithstanding the provisions of any general or special law, the  
6 [corporation] COMMISSIONER is authorized to grant and convey such land  
7 to said railroad corporation for and on behalf of the people of the  
8 state of New York for the purposes mentioned and for a nominal or other  
9 consideration and upon such terms and conditions which he OR SHE shall  
10 deem to be beneficial to the state. Such instrument of grant and convey-  
11 ance shall become effective when it is recorded in the office of the  
12 secretary of state. Any moneys realized from the sale of such land shall  
13 be deposited into the canal fund.

14 S 26. Section 54 of the canal law, as amended by chapter 335 of the  
15 laws of 2001, is amended to read as follows:

16 S 54. Abandonment and sale of hydropower easements; agreements with  
17 hydropower developers. 1. Notwithstanding subdivision two of section  
18 three or section fifty of the public lands law or section fifty, fifty-  
19 one or fifty-two of this article, upon request of a person licensed  
20 under Part I of the Federal Power Act (16 USC S 791a-823a) to develop  
21 and operate a hydropower project at a site on the barge canal system,  
22 the [corporation] COMMISSIONER may adopt an order abandoning a hydropow-  
23 er easement in barge canal system lands and waters which are within the  
24 boundaries of such federally licensed project, upon finding the property  
25 rights under such easement to be no longer necessary or useful as a part  
26 of the barge canal system, as an aid to navigation thereon, or for barge  
27 canal terminal purposes. Upon adoption of such order, and with the  
28 approval of the governor, the [corporation] COMMISSIONER may sell and  
29 convey such easement at private sale to such licensed developer. Such  
30 hydropower easements shall be sold for a price to be determined by the  
31 [corporation] COMMISSIONER taking into consideration the value of obli-  
32 gations to be assumed by such licensed developer, the value of the  
33 rights granted to such developer to use canal system lands, waters and  
34 facilities for hydropower project purposes and any other appropriate  
35 factors.

36 2. Any hydropower easement abandoned, sold and conveyed pursuant to  
37 subdivision one of this section shall be limited as follows:

38 (a) The easement shall convey only those rights necessary and conven-  
39 ient for the development and generation of hydropower pursuant to the  
40 provisions of the applicable federal hydropower license and only within  
41 the boundaries of the hydropower project as licensed.

42 (b) The easement shall be subservient to the fee retained by the  
43 state.

44 (c) The easement shall not give the owner the right to interfere with,  
45 either by act or omission, the management and control by the state[,  
46 through the corporation,] of the barge canal system.

47 (d) The easement shall provide that it shall revert to the state under  
48 terms and conditions to be determined by the [corporation] COMMISSIONER  
49 in the event that the site ceases to be used for purposes of hydropower  
50 development and generation.

51 3. The [corporation] COMMISSIONER may also enter into agreements with  
52 such a licensed developer regarding the division of maintenance respon-  
53 sibility for structures, facilities or other property which serve both  
54 hydropower generation and barge canal system purposes and regarding  
55 other matters concerning joint operation at the site. Such agreements  
56 may provide for the payment to the [corporation] DEPARTMENT of reason-

1 able compensation for services rendered by the [corporation] DEPARTMENT  
2 which assist or otherwise further the development of hydropower on the  
3 barge canal system. In addition, the [corporation] COMMISSIONER, subject  
4 to the approval of the director of the budget, may enter into a written  
5 agreement with a licensed developer or operator at any site concerning  
6 the sharing of costs for a major capital improvement or improvements at  
7 such site. Should the contract for such improvement or improvements be  
8 let and awarded by the [corporation] COMMISSIONER, the state comptroller  
9 is authorized to receive and accept from the developer or operator, the  
10 sum or sums specified in such agreement and to disburse the same along  
11 with state funds appropriated for the purpose of such capital improve-  
12 ment or improvements.

13 4. Any revenue realized from the sale or lease of hydropower easements  
14 shall be deposited into the canal fund.

15 S 27. Section 55 of the canal law, as amended by chapter 335 of the  
16 laws of 2001, is amended to read as follows:

17 S 55. Authority to lease land. 1. The [corporation] COMMISSIONER is  
18 hereby authorized, after review and comment by the commission as to  
19 consistency with the canal recreationway plan approved pursuant to  
20 section one hundred thirty-eight-c of this chapter and section three  
21 hundred eighty-two of the public authorities law, to enter into leases  
22 of canal lands, canal terminals, and canal terminal lands which are  
23 consistent with the canal recreationway plan. Such review and comment  
24 shall be provided within the time period set forth in the procedures of  
25 the commission established pursuant to section one hundred  
26 thirty-eight-b of this chapter which shall be no more than sixty days.

27 2. Lands to be leased shall be determined by the [corporation] COMMIS-  
28 SIONER to have no essential purpose for navigation.

29 3. Leases of canal lands, canal terminals and canal terminal lands  
30 shall be for purposes which are consistent with the New York state canal  
31 recreationway plan approved pursuant to section one hundred thirty-  
32 eight-c of this chapter and section three hundred eighty-two of the  
33 public authorities law.

34 4. The [corporation] COMMISSIONER shall consider fully completed  
35 applications for leases of canal lands, canal terminals and canal termi-  
36 nal lands in such form and manner as the [corporation] COMMISSIONER  
37 shall prescribe.

38 5. Canal lands, canal terminals and canal terminal lands within the  
39 Adirondack park shall not be leased.

40 6. The [corporation] COMMISSIONER shall provide assistance, including  
41 reasonable access to lands, as may be necessary to assist potential  
42 applicants in preparing an application.

43 7. The [corporation] COMMISSIONER may require an applicant for a lease  
44 to provide necessary property surveys, environmental studies, maps and  
45 photographs, site plans and such other documents and studies as the  
46 [corporation] COMMISSIONER may determine to be necessary to ascertain  
47 the compatibility of proposed development with the New York state canal  
48 recreationway plan and for the [corporation] COMMISSIONER to select a  
49 qualified lessee.

50 8. Revenues realized from the lease of canal lands, canal terminals  
51 and canal terminal lands shall be deposited into the canal fund.

52 S 28. Section 56 of the canal law, as amended by chapter 335 of the  
53 laws of 2001, is amended to read as follows:

54 S 56. Conditions and terms of leases. Leases for canal lands, canal  
55 terminals and canal terminal lands shall include:

1 1. the period of time for such leases, provided that the initial term  
2 of such leases may not exceed forty years, and renewals of such leases  
3 may not exceed an additional forty years beyond such initial terms;

4 2. requirements that the lessee take no actions or construct no  
5 improvements that will interfere with navigation, except that if the  
6 [corporation] COMMISSIONER determines that any potential adverse inter-  
7 ference with navigation can be reasonably mitigated, the [corporation]  
8 COMMISSIONER shall include in the lease such requirements as may be  
9 necessary to effectuate mitigation of impediments to navigation;

10 3. proper covenants to assure the payment of adequate consideration  
11 for the interests leased, and to further protect the state [and the  
12 corporation] as is deemed necessary by the [corporation] COMMISSIONER;

13 4. provisions requiring that payments on the lease shall be paid to  
14 the [corporation] DEPARTMENT;

15 5. provisions relating to public access, where feasible, to lands and  
16 waters of the canal system; provided however that the [corporation]  
17 COMMISSIONER may require that public access be restricted in those cases  
18 where the [corporation] COMMISSIONER determines that public safety will  
19 be served by such restriction;

20 6. provisions providing a right of entry for commission and [corpo-  
21 ration] DEPARTMENT members and personnel and equipment for canal  
22 purposes; and

23 7. such other terms as the [corporation] COMMISSIONER shall determine  
24 are necessary and appropriate for the implementation of this article and  
25 the preservation of the state's interest in the canal system.

26 S 29. Section 57 of the canal law, as amended by chapter 335 of the  
27 laws of 2001, is amended to read as follows:

28 S 57. Special conditions for leases entered prior to approval of canal  
29 recreationway plan. 1. In the period between the effective date of this  
30 section and the completion of the canal recreationway plan, the commis-  
31 sion shall review and comment on proposed leases with respect to the  
32 consistency of such leases with the provisions of this article. Where  
33 local zoning laws and zoning ordinances are in effect on lands proposed  
34 to be leased or on lands adjacent to those lands proposed to be leased,  
35 during such period the commission shall also review and comment on  
36 proposed leases with respect to the compatibility of such leases, to the  
37 extent practicable, with the requirements of such local zoning laws and  
38 zoning ordinances.

39 2. In addition to the other applicable provisions of this article, the  
40 [corporation] COMMISSIONER shall ensure that: (a) the lease will benefit  
41 the canal system by effectuating the development of the canal as a  
42 recreationway; (b) the lease will foster a canal system characterized by  
43 clusters of development and stretches of undeveloped open space which is  
44 conducive to the preservation of waterfowl, fish and wildlife habitats;  
45 and (c) may encourage the use of historic buildings, sites and districts  
46 listed on or eligible for the state or national registers of historic  
47 places.

48 S 30. Section 60 of the canal law, as amended by chapter 420 of the  
49 laws of 1968, is amended to read as follows:

50 S 60. Alteration of county roads or town highways. Whenever the  
51 commissioner [of transportation] shall deem it necessary to discontinue  
52 or alter any part of a county road or town highway because of its inter-  
53 ference with the proper location or construction of any work on the  
54 canal system either of [improvement, maintance,] IMPROVEMENT, MAINTENANCE  
55 or repair he OR SHE shall direct such discontinuance or alteration to be  
56 made and file in the office of the clerk of the county or town in which

1 such road or highway is situate, an accurate description of the part of  
2 such road or highway so discontinued and of the one laid out anew. From  
3 the time of filing such description such road or highway shall be  
4 considered so altered. The use of such old road or highway shall not be  
5 discontinued until the new road or highway is declared open for public  
6 use by the commissioner [of transportation], and a certificate to such  
7 effect filed in the office of the clerk of the county or town in which  
8 said road or highway is located. Every alteration made on any public  
9 road located upon the canal system before the first day of January,  
10 nineteen hundred and thirty-nine shall be deemed valid in law from the  
11 time of such alteration.

12 S 31. Section 61 of the canal law, as amended by chapter 420 of the  
13 laws of 1968, is amended to read as follows:

14 S 61. Farm and road bridges. The commissioner [of transportation] is  
15 authorized and required to maintain until April first, nineteen hundred  
16 fifty-four, at public expense farm, road and street bridges over the  
17 canal system, in all places where such bridges were constructed prior to  
18 the twentieth day of April, eighteen hundred thirty-nine, if, in his OR  
19 HER opinion, the public convenience requires that they should be contin-  
20 ued, whether heretofore maintained at the expense of the state or of the  
21 counties, towns, villages and cities where they are situate, provided,  
22 however, that commencing on the first day of April, nineteen hundred  
23 fifty-four, and continuing thereafter, the maintenance, repair, improve-  
24 ment, replacement or closing of any such bridge over any section of the  
25 canal heretofore abandoned or which may hereafter be abandoned shall be  
26 governed by the provisions of the highway law, except that any such  
27 bridges situate in a city shall be maintained, repaired, improved,  
28 replaced or closed in the same manner and subject to the same provisions  
29 of law as apply to other streets and bridges in such city.

30 S 32. Section 62 of the canal law, as amended by chapter 335 of the  
31 laws of 2001, is amended to read as follows:

32 S 62. Maintenance by state of certain bridges over the canal system.  
33 All highway or pedestrian, lift or movable bridges over the canal system  
34 other than highway bridges connecting parts of a state highway hereto-  
35 fore constructed as a part of the barge canal improvement shall be  
36 reconstructed, improved, maintained and repaired at the expense of the  
37 state, if in the opinion of the commissioner [of transportation], the  
38 public convenience requires such bridges to be maintained where no  
39 alternate crossing has been provided. In the event the commissioner [of  
40 transportation] determines that any such bridge is no longer required  
41 for the convenience of the public, he OR SHE shall have power to close,  
42 remove or relocate such bridge. The commissioner [of transportation]  
43 shall have the supervision and direction of such reconstruction,  
44 improvement, maintenance, repair, closing, removing or relocation. All  
45 bridges over the canal system other than lift, movable, pedestrian or  
46 state highway bridges heretofore constructed as part of the barge canal  
47 improvement shall be reconstructed, improved, maintained and repaired at  
48 the expense of the state under the supervision and direction of the  
49 commissioner [of transportation], if, in his OR HER opinion, the public  
50 convenience requires that each such bridge shall be continued as a  
51 bridge for highway traffic. In the event the commissioner [of transpor-  
52 tation] is requested by any municipality to reconstruct or improve any  
53 such bridge, he OR SHE is hereby empowered to do so, provided, however,  
54 that prior to such reconstruction or improvement the municipality enters  
55 into a written agreement that such bridge thereafter shall become a part  
56 of the highway system or systems which it may connect and the mainte-

1 nance, repair, improvement, replacement or closing of any such bridge  
2 shall be governed by the provisions of the highway law, except that any  
3 such bridges situate in a city shall be maintained, repaired, improved,  
4 replaced or closed in the same manner and subject to the provisions of  
5 any special law which may apply or to the same provisions of law as  
6 apply to other streets and bridges in such city or in the case of such  
7 bridges situate in a village, such bridges shall be maintained,  
8 repaired, improved, replaced or closed in the same manner and subject to  
9 the same provisions of law as apply to other streets and bridges in such  
10 village. Any bridge over the New York state canal system or abandoned  
11 part thereof which joins parts of a state highway shall be under the  
12 jurisdiction of the commissioner [of transportation] and deemed to be  
13 part of the state highway system and such bridges shall be constructed,  
14 reconstructed, improved, maintained, repaired, closed or relocated  
15 pursuant to the provisions of the highway law and the cost of such work  
16 shall be paid from moneys available for construction, reconstruction,  
17 improvement, maintenance or repair of state highways.

18 S 33. Section 63 of the canal law, as amended by chapter 420 of the  
19 laws of 1968, is amended to read as follows:

20 S 63. Maintenance by state of alteration to certain highway bridges  
21 not state owned. When in the canalization of a natural waterway to form  
22 a part of the canal system it has been or may be necessary to alter an  
23 existing highway bridge spanning the canalized portion of the waterway,  
24 the maintenance and repair of the additional or new part or parts of  
25 such bridge structure which may have been or may be necessary in alter-  
26 ing the bridge to meet the requirements of navigation, shall be an obli-  
27 gation of the state. The commissioner [of transportation] shall have  
28 supervision and direction over such maintenance or repairs, the cost of  
29 which shall be defrayed from moneys appropriated for the improvement,  
30 maintenance and repair of the canal system.

31 S 34. Section 64 of the canal law, as amended by chapter 420 of the  
32 laws of 1968, is amended to read as follows:

33 S 64. Commutation for bridges. The commissioner [of transportation]  
34 may commute with owners and claimants of bridges over any canal, by  
35 paying such owner or claimant such sum in lieu of a bridge as may be  
36 agreed on between the claimant and the commissioner [of transportation].  
37 If, in the opinion of the commissioner [of transportation], a bridge  
38 should not be rebuilt, and the amount to be paid be not agreed upon, the  
39 bridge shall not be built, but the damages sustained by such owner by  
40 being deprived of such bridge and which the state under all the circum-  
41 stances ought of right to pay, shall be ascertained in the same manner  
42 as damages for the appropriation of real property, for the use of the  
43 canal and paid by the commissioner [of transportation], on the approval  
44 of the attorney-general. If the damages claimed are for the deprivation  
45 of a bridge which the claimant had before constructed or maintained, the  
46 circumstance of his OR HER being equitably bound to contribute propor-  
47 tionately toward the construction and maintenance of an enlarged bridge  
48 shall be taken into consideration and a proper amount of that account  
49 shall be set off against any damage to which the claimant might other-  
50 wise be entitled.

51 S 35. Section 65 of the canal law, as amended by chapter 420 of the  
52 laws of 1968, is amended to read as follows:

53 S 65. Private road in lieu of farm bridges. If the commissioner [of  
54 transportation] cannot agree with the owner of a farm bridge spanning a  
55 canal as to the amount of commutation in any case where he OR SHE is of  
56 the opinion that the state should erect such bridge, and the commission-

er [of transportation] determines that a private road through adjoining lands will sufficiently accommodate such owner, and that the same can be laid out with economy to the state, he OR SHE may take the necessary action to lay out a private road for the accommodation of the owner, in the manner prescribed by law for laying out private roads and pay to the owner of the lands through which the same is laid out, the damages assessed.

S 36. Section 66 of the canal law, as amended by chapter 420 of the laws of 1968, is amended to read as follows:

S 66. Restrictions on the construction of farm and road bridges. A person shall not be entitled to demand a farm bridge across a canal or feeder where the necessity of convenience of such bridge shall have arisen from the division or acquisition of property subsequent to the location of such canal or feeder. A street or road bridge shall not be constructed by the commissioner [of transportation] over a canal or feeder, except upon such streets or roads as were laid out, worked or used, previously to the construction of the canal or feeder, by which such street or road is obstructed; and when bridges are constructed or reconstructed upon any such streets or roads, the cost to the state shall in no case be more than is required to preserve in a safe and substantial manner the continuity of such streets or roads so as not to unnecessarily impair their usefulness. When a bridge of a more costly nature is desired by the local authorities of a city, town or village within whose corporate limits a bridge is to be built or rebuilt, the commissioner [of transportation], on presentation to him OR HER by such local authorities of plans and specifications for such bridge and approval thereof by him OR HER shall estimate and determine the proportion of the cost, which, in order to preserve the continuity of such streets and roads, the state ought equitably to pay, and file such estimate and determination in his OR HER office and a duplicate thereof in the office of the clerk of such city, town or village. If a private road or public highway is laid out by legal authority in such direction as to require the erection of a new bridge over a canal for the accommodation of the road, such bridge shall be so constructed and forever maintained at the expense of the town, village or city in which it shall be situated.

S 37. Section 67 of the canal law, as amended by chapter 420 of the laws of 1968, is amended to read as follows:

S 67. Construction of bridges by municipal corporations. The common council of any city may provide by ordinance for the erection of a lift, hoist or swing bridge over a canal at any street in such city, on plans and specifications approved by the commissioner [of transportation]. If the commissioner [of transportation] shall consent to such erection he OR SHE shall file such consent with the clerk of such common council. Such bridge shall be built, operated and maintained under the supervision and control of the commissioner [of transportation], but at the expense of such city or of the property adjudged by the common council to be so benefited.

S 38. Subdivision 1 of section 68 of the canal law, as amended by chapter 420 of the laws of 1968 and as designated by chapter 422 of the laws of 1994, is amended to read as follows:

1. When a bridge spanning the Oswego canal or that portion of the Erie canal between the Hudson river and its junction with the Oswego canal, is to be reconstructed, or a new bridge is to be built over such sections of the canal system, such reconstructed or new bridge shall be so built as to provide a clear passageway between the bottom clearance

1 line of the bridge, if of the fixed type, or the bottom clearance line  
2 when raised, if of the movable type, and the surface of the water at its  
3 highest navigable stage of not less than twenty feet. When a bridge  
4 spanning the Champlain canal, the Cayuga and Seneca canals, or that  
5 portion of the Erie canal westerly of Three Rivers is to be recon-  
6 structed or a new bridge is to be built over such sections of the canal  
7 system, such reconstructed or new bridge shall be so built as to provide  
8 a clear passageway between the bottom clearance line of the bridge, if  
9 of the fixed type, or the bottom clearance line when raised, if of the  
10 movable type, and the surface of the water at its highest navigable  
11 stage, of not less than fifteen and one-half feet. The commissioner [of  
12 transportation] may, however, if in his OR HER judgment the additional  
13 cost is not unreasonable, require that such bridges be reconstructed or  
14 constructed to provide a clearance of not less than twenty feet or that  
15 the substructure of such bridge be so constructed that the superstruc-  
16 ture may be raised to provide a clearance of twenty feet without  
17 rebuilding the foundation of said substructure.

18 S 39. Section 69 of the canal law, as amended by chapter 335 of the  
19 laws of 2001, is amended to read as follows:

20 S 69. Damages caused by excessive loads. The commissioner [of trans-  
21 portation] shall cause, where required, the posting of all bridges under  
22 his OR HER jurisdiction located on the canal system in conformity with  
23 the provisions of the vehicle and traffic law. Upon all such bridges  
24 incapable of safely carrying legal loads as prescribed in such law or  
25 where the overhead clearance is less than the legal height of fourteen  
26 feet, the commissioner [of transportation] shall have displayed on both  
27 ends of such bridge signs stating the safe carrying capacity and legal  
28 clearance of such structure, all in accordance with the provisions of  
29 section three hundred eighty-five of the vehicle and traffic law. No  
30 person shall cause to be transported over such a bridge a vehicle whose  
31 load is in excess of that shown upon the posted sign or whose height is  
32 in excess of the legal clearance as shown on such posted sign. Any  
33 person violating the above provisions shall be subject to the penalties  
34 imposed under section three hundred eighty-five of the vehicle and traf-  
35 fic law and in addition thereto shall be liable for all damages to such  
36 structure resulting from violation of such law. The commissioner [of  
37 transportation] is hereby authorized and directed to proceed, on behalf  
38 of the people of the state, to cause to be recovered, by the attorney-  
39 general in an appropriate action in any court of competent jurisdiction,  
40 the amount of damages sustained and expenses incurred by the state in  
41 consequence of such violation.

42 S 40. Section 69-a of the canal law is REPEALED.

43 S 41. Section 70 of the canal law, as amended by chapter 335 of the  
44 laws of 2001, is amended to read as follows:

45 S 70. Cargo statement. The master of any float shall furnish the  
46 [corporation] COMMISSIONER or [its] HIS OR HER representative a true  
47 statement of the quantity and description of the lading of such float,  
48 specifying the place from which it departed and to which it is destined.  
49 Any master who refuses to comply with any provision of this section  
50 shall forfeit to the people of the state a penalty not to exceed one  
51 hundred dollars, which shall be paid into the canal fund.

52 S 42. Section 71 of the canal law, as amended by chapter 335 of the  
53 laws of 2001, is amended to read as follows:

54 S 71. Registry of canal floats. The owner of every commercial float to  
55 be navigated on the canal system shall make application to the [corpo-  
56 ration] COMMISSIONER for a New York state certificate of registry. The

1 application shall be in THE form prescribed by the [corporation] COMMIS-  
2 SIONER and shall contain such information as the [corporation] COMMIS-  
3 SIONER may deem essential for full and complete identification of the  
4 float and the owner thereof. It shall be signed by the owner if an indi-  
5 vidual, or by an officer of a company, partnership or corporation if so  
6 owned. Upon receipt of an application in proper form, the [corporation]  
7 COMMISSIONER shall assign a state registry number and issue to the owner  
8 a certificate of New York state registry, a copy of which shall be  
9 entered in the records of its office.

10 S 43. Section 72 of the canal law, as amended by chapter 335 of the  
11 laws of 2001, is amended to read as follows:

12 S 72. Change of ownership, name or hailing place. Should the owner-  
13 ship, name or hailing place of a float change after state registry, the  
14 owner of the float shall make new application in form similar to that  
15 required for original registry and upon receipt of such application the  
16 [corporation] COMMISSIONER shall issue a new state certificate of regis-  
17 try and record the same in its office. The owner or owners of a commer-  
18 cial float found navigating the canal system, the ownership, name or  
19 hailing place of which shall have been changed without proper applica-  
20 tion for re-registry to the [corporation] COMMISSIONER, shall, upon due  
21 proof thereof be subject to a penalty to the people of the state of New  
22 York not to exceed one hundred dollars recoverable by the attorney  
23 general in an action in any court of competent jurisdiction.

24 S 44. Section 73 of the canal law, as amended by chapter 335 of the  
25 laws of 2001, is amended to read as follows:

26 S 73. Registered owner to be advised of assessments and penalties. The  
27 [corporation] COMMISSIONER shall advise the person whose name appears on  
28 the latest application for registry on file in [its office] THE DEPART-  
29 MENT of any assessments, penalties or other charges levied against a  
30 float or its crew for acts or omissions occurring while the float is on  
31 the canal system. Should the registered owner fail to make prompt  
32 payment of such assessments, penalties or charges, the [corporation]  
33 COMMISSIONER may refuse clearance to the float and action shall be  
34 instigated as provided under section eighty-three of this article.

35 S 45. Section 74 of the canal law, as amended by chapter 335 of the  
36 laws of 2001, is amended to read as follows:

37 S 74. List of registered floats to be prepared. The [corporation]  
38 COMMISSIONER shall make a list of all floats to which New York state  
39 certificates of registry have been issued. This list shall be corrected  
40 at least once in each calendar year and a copy of such corrected list  
41 shall be filed in the office of each of the district engineers having  
42 supervision over portions of the canal system. The list shall be filed  
43 in the [office of the corporation] DEPARTMENT and shall be available to  
44 public inspection within regular office hours.

45 S 46. Section 75 of the canal law, as amended by chapter 335 of the  
46 laws of 2001, is amended to read as follows:

47 S 75. Clearance and ownership. Every commercial float shall have a  
48 clearance. Clearances may be obtained at such places along the canal  
49 system and at such other points as the [corporation] COMMISSIONER may  
50 direct. No clearance shall be granted to any commercial float unless the  
51 person authorized to issue such clearance has evidence that such float  
52 is duly registered in the [office of the corporation] DEPARTMENT. Each  
53 float shall have a separate clearance and no part of the cargo shall be  
54 cleared to a place beyond which the float is cleared. The [corporation]  
55 COMMISSIONER may, in [its] HIS OR HER discretion, refuse to issue a  
56 clearance for a vessel against whose registered owner there is an unpaid

1 penalty involving such vessel for the violation of rules and regulations  
2 adopted pursuant to this chapter.

3 S 47. Section 76 of the canal law, as amended by chapter 335 of the  
4 laws of 2001, is amended to read as follows:

5 S 76. Regulations with respect to clearance. No commercial float shall  
6 proceed beyond the place to which it is cleared, nor unload any of its  
7 cargo, before or after its arrival, at the place from which such arti-  
8 cles are cleared, nor proceed beyond such place until the master thereof  
9 delivers the clearance of such float or articles to the person desig-  
10 nated by the [corporation] COMMISSIONER to receive the same, at the  
11 place for which they are cleared. If there is no canal official at such  
12 place, then to the canal official whose office shall be passed by the  
13 float in the order of its voyage, and receive permission from such canal  
14 official to proceed to the place to which it is cleared.

15 S 48. Section 77 of the canal law, as amended by chapter 335 of the  
16 laws of 2001, is amended to read as follows:

17 S 77. Copy of clearance. The [corporation] COMMISSIONER, or [its] HIS  
18 OR HER representative issuing a clearance or with whom a clearance is  
19 filed, shall, when requested, furnish a copy thereof, with any addi-  
20 tional cargo entered thereupon and the several indorsements, if any,  
21 which copy shall have the same validity and effect as the original  
22 clearance of which it is a copy.

23 S 49. Section 78 of the canal law, as amended by chapter 335 of the  
24 laws of 2001, is amended to read as follows:

25 S 78. Assignment of berths for loading or unloading. The [corporation]  
26 COMMISSIONER or [its] HIS OR HER representative may assign berths to all  
27 floats while loading or unloading at any landing place upon a canal and  
28 determine disputes concerning same. The [corporation] COMMISSIONER,  
29 shall, as to any of the locks, terminals or mooring places of the canal  
30 system used by floats, regulate and station such floats for the best  
31 interest of navigation. The [corporation] COMMISSIONER may determine how  
32 far and in what instances masters and other persons having charge of any  
33 float shall accommodate each other in their respective anchorages. If  
34 any master or other person having control of any float within the limits  
35 of such waters shall neglect or refuse to obey the directions of the  
36 [corporation] COMMISSIONER, or [its] HIS OR HER representative, in any  
37 such matters within [its] HIS OR HER authority, or shall resist or  
38 oppose the [corporation] COMMISSIONER in the execution of the said  
39 duties, such person shall be liable to a penalty not to exceed one  
40 hundred dollars, recoverable by the [corporation] COMMISSIONER in any  
41 court of competent jurisdiction, and payable into the canal fund.

42 S 50. Section 79 of the canal law, as amended by chapter 335 of the  
43 laws of 2001, is amended to read as follows:

44 S 79. Floating elevators. Any person owning or leasing, in whole or in  
45 part, any floating elevator used for loading grain, coal, sand, or other  
46 material, shall, upon application to and in the discretion of the  
47 [corporation] COMMISSIONER, be assigned a place for and permitted to  
48 keep said floating elevator in the waters of the canal system of this  
49 state, at such point as may be most convenient for and for such period  
50 of time as may be necessary for the transaction of the business of load-  
51 ing or unloading grain, coal, sand, or other material, shipped or to be  
52 shipped on the canals; provided, however, that such floating elevator  
53 shall cause no obstruction to the free and uninterrupted use of the  
54 canal system by floats navigating thereon. While such elevators are in  
55 operation, they shall be equipped with such device or devices as the

1 [corporation] COMMISSIONER may determine to prevent the material being  
2 loaded or unloaded from such float, from falling into such waters.

3 S 51. Section 80 of the canal law, as amended by chapter 335 of the  
4 laws of 2001, is amended to read as follows:

5 S 80. Supplying deficiencies of water. Whenever the navigation of any  
6 part of the canal system is endangered by reason of a deficiency of  
7 water, the [corporation] COMMISSIONER shall, without delay, supply such  
8 deficiency. For that purpose [it] THE COMMISSIONER shall resume the  
9 temporary use of all the surplus water leased, licensed or withdrawn  
10 under revocable permit from the part of the canal system where such  
11 deficiency exists. If there still be a deficiency of water, [it] THE  
12 COMMISSIONER may enter upon and use all lands, streams and waters which,  
13 in [its] HIS OR HER judgment, may be necessary or proper to be used to  
14 procure a temporary supply of water for such part of the canal system.  
15 The [corporation] COMMISSIONER may enter into an agreement with the  
16 owner or owners of any property used for such temporary purpose under  
17 this section covering the amount of damage sustained. Such agreement  
18 when approved by the attorney-general shall become an obligation of the  
19 [corporation] COMMISSIONER and paid from moneys available therefor. In  
20 case no agreement is consummated the amount of damages sustained may be  
21 determined as provided in section one hundred twenty of this chapter. No  
22 damages shall be allowed in any case for resuming the use of any surplus  
23 water which has been withdrawn under lease, license or revocable permit.

24 S 52. Section 81 of the canal law, as amended by chapter 335 of the  
25 laws of 2001, is amended to read as follows:

26 S 81. Deposit of refuse in navigable waters. It shall be unlawful to  
27 throw from or otherwise deposit, either from or out of any float or from  
28 the shore, wharf, manufacturing establishment or mill of any kind,  
29 refuse or other matter of any description, into any of the waters of the  
30 canal system or into any waters dredged at public expense and used for  
31 canal purposes. Every person that shall violate the provisions of this  
32 section shall be subject to damages to the amount as will compensate the  
33 [corporation] COMMISSIONER for the expenses involved in restoring such  
34 waters to its useful condition to meet the needs of canal navigation. It  
35 shall also be unlawful for any person to obstruct the navigation of a  
36 canal by the improper mooring, management or conduct of a float, or by  
37 placing any obstruction on the banks thereof.

38 S 53. Section 82 of the canal law, as amended by chapter 335 of the  
39 laws of 2001, is amended to read as follows:

40 S 82. Seizure of obstruction. The [corporation] COMMISSIONER may cause  
41 to be seized and removed any object, article, float or sunken thing  
42 found within the limits of the canal system not under the care or charge  
43 of any person. [It] THE COMMISSIONER shall sell or offer for sale all  
44 seized objects, articles, floats or sunken things either before or after  
45 their removal, as [it] HE OR SHE deems essential for maintenance of the  
46 canal system. The sale shall be at public auction after giving ten days'  
47 written notice of such proposed sale conspicuously posted at two public  
48 places in the city or town where such object, article, float or sunken  
49 thing is found unless before the time of such sale the owner thereof  
50 appears and claims same and pays to the [corporation] DEPARTMENT the  
51 cost and expense which has been incurred by it in connection with the  
52 seizure, removal and proposed sale. The owner thereof shall be liable  
53 for the cost and expense of such seizure, removal and sale of the said  
54 object, article, float or sunken thing which cost and expense may be  
55 recovered by the attorney-general in an appropriate action or proceeding  
56 brought in the name of the people of the state in any court of competent

1 jurisdiction. The avails of such sale shall be accounted for by the  
2 [corporation] COMMISSIONER to the department of taxation and finance  
3 which may on the application of the owner and upon due proof of owner-  
4 ship pay over such proceeds to him OR HER after deducting all costs,  
5 expenses and reasonable charges of the seizure, removal and sale there-  
6 of. Whenever in the opinion of the [corporation] COMMISSIONER the navi-  
7 gation or operation of any part of the canal system is interrupted or  
8 endangered, the [corporation] COMMISSIONER may cause to be cut up,  
9 destroyed or otherwise removed any object, article, float or sunken  
10 thing in or partly in the waters of the canal system which may, in its  
11 judgment, be causing such interruption or damage. The [corporation]  
12 COMMISSIONER may enter into an agreement with the owner or owners of any  
13 property so cut up, destroyed, or otherwise removed, covering the amount  
14 of damage sustained. Such agreement when approved by the attorney-gener-  
15 al shall become an obligation of the [corporation] DEPARTMENT and paid  
16 from moneys available therefor. In case no agreement is consummated, the  
17 amount of damages sustained may be determined as provided in section one  
18 hundred twenty of this chapter.

19 S 54. Section 84 of the canal law, as amended by chapter 335 of the  
20 laws of 2001, is amended to read as follows:

21 S 84. Damage caused by termination of canal navigation. No part of the  
22 canal system of the state which was improved pursuant to chapter seven  
23 hundred ten of the laws of nineteen hundred seven and the acts supple-  
24 mental thereto and amendatory thereof, shall be abandoned or navigation  
25 thereof permanently closed, nor shall the state cede or transfer owner-  
26 ship, jurisdiction or control thereof to the United States pursuant to  
27 authority conferred by constitutional amendment, until the expiration of  
28 one year after the [corporation] COMMISSIONER shall have been authorized  
29 and empowered by law to cause a notice of intention to take such action  
30 to be published once in each month during such year in at least one  
31 newspaper published in each county adjacent to the part of such canal  
32 system affected by such notice. Each person, who, at the time of the  
33 first publication of such notice, is the owner of a commercial float  
34 registered pursuant to the provisions of this chapter, which, at the  
35 close of navigation in such year, shall have been actually engaged in  
36 the navigation of the part of such canal system so abandoned, closed,  
37 ceded or transferred, or so relinquished to the jurisdiction or control  
38 of the United States, may present a claim for damages against the state  
39 [including the corporation] to a court of competent jurisdiction, which  
40 court shall hear and determine the liability [of the corporation] there-  
41 for; and, if the court shall find that such person has suffered or  
42 sustained damages by reason of such abandonment, closing, ceding, trans-  
43 fer, or relinquishment which the [corporation] DEPARTMENT, in right and  
44 justice, or in law or equity, is obligated to pay, such damages shall  
45 constitute a valid and legal claim against the [corporation] DEPARTMENT,  
46 and the [corporation] DEPARTMENT shall be deemed liable therefor, and  
47 the court may make an award to such person and render a judgment in his  
48 OR HER favor against the [corporation] DEPARTMENT in such sums as it  
49 shall find to be just and equitable. It is declared to be the purpose of  
50 this section to encourage and induce the construction of boats for use  
51 upon such canal system and their operation thereon and to protect from  
52 loss, financial investments made in such construction and operation  
53 caused by an abrupt, permanent termination of navigation, or the  
54 creation of conditions, which would result in the impairment, limitation  
55 or destruction of navigation of such canal system by such floats.

1 S 55. Section 85 of the canal law, as amended by chapter 335 of the  
2 laws of 2001, is amended to read as follows:

3 S 85. Rules and regulations. The [corporation] COMMISSIONER shall  
4 prescribe and enforce rules and regulations, not inconsistent with law,  
5 governing navigation on the canals and for the use of the terminals  
6 connected with the canals and for the use of all other property of the  
7 [corporation] DEPARTMENT under the [corporation's] COMMISSIONER OR  
8 DEPARTMENT'S control and maintained as a part of the canal system. The  
9 [corporation] COMMISSIONER shall provide rules and regulations for the  
10 government of all employees under [its] HIS OR HER control, engaged in  
11 the improvement, repair and maintenance of the canals. [It] THE COMMIS-  
12 SIONER shall cause such rules and regulations to be printed and a copy  
13 filed in the office of the department of state and a sufficient number  
14 distributed to the various district engineers and other field officers  
15 to be kept in their respective offices for public inspection.

16 S 56. Section 90 of the canal law, as amended by chapter 335 of the  
17 laws of 2001, is amended to read as follows:

18 S 90. Record of operating expenses. The [corporation] COMMISSIONER  
19 shall keep an accurate account of all moneys appropriated by the legis-  
20 lature for the improvement, maintenance, repair and operation of the  
21 canal system and shall cause to be prepared and filed in the [office of  
22 the corporation] DEPARTMENT on or about January first of each year, a  
23 statement showing all such moneys appropriated and how expended during  
24 the preceding fiscal year. The [corporation] COMMISSIONER shall keep an  
25 accurate account of the recoveries made in all actions brought by [it]  
26 HIM or HER OR at [its] HIS OR HER direction, for the recovery of penal-  
27 ties or damages under authority of this chapter and of the cost and  
28 expenses thereof and pay into the canal fund the amount of all such  
29 recoveries and account for the same with the department of audit and  
30 control.

31 S 57. Section 91 of the canal law, as amended by chapter 335 of the  
32 laws of 2001, is amended to read as follows:

33 S 91. Tonnage statistics. The [corporation] COMMISSIONER shall collect  
34 and compile accurate records of the tonnage transported on the canals  
35 during each season of navigation. Such data, together with all other  
36 necessary information relative to canal transportation shall be arranged  
37 in convenient form and furnished to those interested. The [corporation]  
38 COMMISSIONER shall publish from time to time such data and information  
39 as, in [its] HIS OR HER opinion, will promote and encourage commerce on  
40 the canals.

41 S 58. Section 92 of the canal law, as amended by chapter 335 of the  
42 laws of 2001, is amended to read as follows:

43 S 92. Annual report. The [corporation] COMMISSIONER shall during the  
44 month of January make a report to the legislature covering the activ-  
45 ities of the [corporation] DEPARTMENT with respect to the canal system  
46 for the preceding calendar year ending December thirty-first, including  
47 therein details as to the tonnage transported upon the canals of the  
48 state, the condition of the canals, and the work and improvements  
49 connected therewith; the several amounts of moneys appropriated and  
50 expended during the preceding fiscal year and submit recommendations of  
51 such measures in relation to the canals as, in [its] HIS OR HER judg-  
52 ment, the public interest requires.

53 S 59. Section 100 of the canal law, as amended by chapter 335 of the  
54 laws of 2001, is amended to read as follows:

55 S 100. Granting revocable permits. The [corporation] COMMISSIONER is  
56 hereby authorized, in [its] HIS OR HER discretion, to issue revocable

1 permits granting certain limited privileges therein, whenever the same  
2 can be done without detriment to canal navigation or damage to the banks  
3 or other structures thereof. [It] THE COMMISSIONER shall prescribe the  
4 terms and conditions by which such revocable permits may be issued for  
5 the temporary use of canal lands or structures and for the diversion of  
6 canal waters for sanitary, farm purposes, or industrial use. [It] THE  
7 COMMISSIONER may also issue permits, as [it] HE OR SHE shall deem to be  
8 advantageous to the [corporation] STATE, to any person, firm or corpo-  
9 ration, to cut, gather and haul away ice from the canals. Whenever any  
10 space and facilities are available at any canal terminal and when no  
11 detriment or injury to canal traffic or delay in handling same would  
12 result, the [corporation] COMMISSIONER may issue a revocable permit for  
13 the temporary and restricted use or occupancy, of such canal terminal  
14 and the facilities thereof, pursuant to the rules and regulations which  
15 [it] HE OR SHE may prescribe. All permits heretofore granted by the  
16 corporation and not canceled, are hereby legalized and confirmed and  
17 made effectual and valid in accordance with the terms and conditions in  
18 said permit as fully as if this chapter had been in force on the date of  
19 issuance of such permit. No liability of any kind shall attach to or  
20 rest upon the state[, including the corporation,] for any damage on  
21 account of the granting or revocation of any permit. Existing permit  
22 holders within the Adirondack park in compliance with the terms of  
23 permits which have been properly issued pursuant to law shall continue  
24 to be afforded permits at least until the first day of June, nineteen  
25 hundred ninety-four, unless such permit holders fail to apply for permit  
26 renewal within six months of the expiration of such existing or former  
27 permit or permits, or by the first day of August, nineteen hundred nine-  
28 ty-three, whichever is later; provided, however, that no additional  
29 development right or rights may be included in any permit renewed prior  
30 to the first day of June, nineteen hundred ninety-five. Any revenue  
31 realized from the issuance of such permits shall be deposited into the  
32 canal fund.

33 S 60. Section 101 of the canal law, as amended by chapter 335 of the  
34 laws of 2001, is amended to read as follows:

35 S 101. Railroads operating over canals. The [corporation] COMMISSIONER  
36 shall have a general supervisory power over so much of any railroad as  
37 passes over any canal or feeder belonging to the state or approaches  
38 within ten rods thereof, so far as may be necessary to preserve the free  
39 and perfect use of such canals or feeders, or for making any repairs,  
40 improvements or alterations thereupon. No railroad corporation shall  
41 construct its railroad over or at any place within ten rods of any canal  
42 or feeder belonging to the state, unless it submits to the [corporation]  
43 COMMISSIONER a map, plan and profile of such canal or feeder and of the  
44 route designated for its railroad, exhibiting distinctly and accurately  
45 the relation of each to the other at all the places within the limits of  
46 ten rods thereof, and obtains the written permission of the [corpo-  
47 ration] COMMISSIONER for the construction of such railroad, with such  
48 conditions, directions and instructions as in its judgment the free and  
49 perfect use of any such canal or feeder may require.

50 Whenever any street railroad shall cross over any bridge spanning a  
51 canal, or canal feeder, the company owning, maintaining and operating  
52 the same, shall be deemed liable for and shall pay all damages that may  
53 occur or arise, either to the state or to persons, by reason of its  
54 laying and maintaining its tracks or rail over, upon and across any such  
55 bridge, or by reason of the operation of its cars over the same; and any  
56 such company shall, upon demand of the [corporation] COMMISSIONER, make

1 any repairs to such structure to insure the continued safety thereof, as  
2 shall have been rendered necessary by reason of such use of said struc-  
3 ture by said company. Any company maintaining or operating a street  
4 railroad over, upon and across any such bridge shall indemnify the state  
5 [including the corporation] against any and all loss, damages or claims  
6 for damages for injuries to persons or property of passengers which  
7 shall be incurred by or made against such state by reason of the opera-  
8 tion of such railroad over any such bridge, and the [or corporation]  
9 COMMISSIONER may, in [its] HIS OR HER discretion, require any company so  
10 maintaining or operating a street railroad to furnish a bond, with sure-  
11 ties to be approved by [it] HIM OR HER to indemnify the state [including  
12 the corporation] from all such loss, damage or claim. All such permits  
13 heretofore or hereafter granted shall be revocable whenever the free and  
14 perfect use of any such canal or feeder may so require, or if such rail-  
15 road company shall fail to make any such repairs when required by the  
16 [corporation] COMMISSIONER. The railroad company using or occupying any  
17 bridge over the same shall, within a reasonable time after the service  
18 upon it, by the [corporation] COMMISSIONER of a written notice of such  
19 revocation, or to make such repairs, remove at its own cost and expense,  
20 its railroad from such bridge and from the limits of ten rods of said  
21 canal or feeder.

22 S 61. Section 102 of the canal law, as amended by chapter 335 of the  
23 laws of 2001, is amended to read as follows:

24 S 102. Pipe lines crossing canals. No pipe line shall be constructed  
25 upon or across any of the canals of this state, except by the consent of  
26 and in a manner and upon the terms prescribed by the [corporation]  
27 COMMISSIONER, unless constructed upon a fixed bridge across such canal  
28 and with the consent of the person, firm or corporation for whose bene-  
29 fit such bridge is constructed and maintained, or upon such a bridge  
30 over the canal, at the crossing of a public highway, or street, with the  
31 consent of the public officers having the supervision thereof, or of the  
32 municipal authorities of any village or city within whose limits such  
33 bridge may be, nor shall the pipes of any such corporation be laid  
34 through, on or along the banks of any of the canals of this state,  
35 unless such pipes shall be encased so as to prevent leakage, in such  
36 manner as shall be approved by the [corporation] COMMISSIONER.

37 S 62. Subdivision 1 of section 103 of the canal law, as amended by  
38 chapter 335 of the laws of 2001, is amended to read as follows:

39 1. The [corporation] COMMISSIONER shall have the power to impose tolls  
40 for the passage through locks and lift bridges by vessels which are  
41 propelled in whole or in part by mechanical power, and to collect such  
42 tolls by the sale of lock and lift bridge passes issued for such periods  
43 of time as the [corporation] COMMISSIONER shall determine. Tolls for  
44 such lock and lift bridge passes shall be established by regulation of  
45 the [corporation] COMMISSIONER with the advice of the canal recreation-  
46 way commission and following no fewer than two public hearings at  
47 geographically dispersed locations on the canal system. In addition, the  
48 [corporation] COMMISSIONER may provide by regulation for the sale of  
49 lock and lift bridge passes by any other entity, and may allow a charge  
50 for handling by such other entities not to exceed one dollar for each  
51 pass. No tolls shall be imposed or collected prior to the first day of  
52 April, nineteen hundred ninety-three. Vessels owned by the United  
53 States, a state, or subdivision thereof shall be exempted from the tolls  
54 authorized by this section.

55 S 63. Section 104 of the canal law, as amended by chapter 335 of the  
56 laws of 2001, is amended to read as follows:

1 S 104. Use of dry docks for repairs. The [corporation] COMMISSIONER  
2 may grant permission to owners of vessels operating upon the canals to  
3 use the state dry docks to the extent space is not required for the  
4 needs of canal maintenance vessels, and the [corporation] COMMISSIONER  
5 shall collect from such owners equitable charges for the use thereof.  
6 All sums collected for such use shall be paid into the canal fund.

7 S 64. Section 112 of the canal law, as amended by chapter 335 of the  
8 laws of 2001, is amended to read as follows:

9 S 112. Exemption of canal officers from arrest in civil actions.  
10 Neither the [corporation] COMMISSIONER, THE DEPARTMENT, nor any officer  
11 or responsible employee in the [corporation] DEPARTMENT in charge of  
12 canal structures or forces thereof, or other public officer employed  
13 upon or in charge of the canal system or part thereof shall be liable to  
14 arrest or to be held to bail in any civil action for any act done or  
15 omitted to be done by it in the exercise of its official duties, nor be  
16 subject to military duty while actually engaged in their respective  
17 employments upon the canal system while the same is navigable.

18 S 65. Section 113 of the canal law, as amended by chapter 335 of the  
19 laws of 2001, is amended to read as follows:

20 S 113. Delivery of property on discharge of employees. Every person  
21 employed upon the canal system and occupying any house, office, build-  
22 ing, or land belonging thereto, who is discharged from his OR HER  
23 employment or otherwise separated from the service, and the spouse and  
24 family of every such person, shall deliver to the [corporation or a  
25 person designated by it] COMMISSIONER OR HIS OR HER DESIGNEE, the  
26 possession of the premises so occupied and of all books, papers, matters  
27 or other articles and things belonging to the canal system acquired by  
28 virtue of such employment, within seven days after notice is served for  
29 that purpose by the [corporation] COMMISSIONER. In case of a refusal or  
30 neglect to make such delivery, any court of competent jurisdiction in  
31 the county where such premises are situate, may, on application, issue a  
32 warrant ordering any peace officer, when acting pursuant to his OR HER  
33 special duties, or police officer, with such assistance as may be neces-  
34 sary, to enter, in the daytime, upon the premises so occupied and remove  
35 therefrom all persons found in possession thereof, and to take into his  
36 OR HER custody all books, papers, articles and things there found  
37 belonging to the canal system, and deliver the same to the [corporation  
38 or to some person designated by it] COMMISSIONER OR HIS OR HER DESIGNEE,  
39 and such officer shall execute such warrant accordingly.

40 S 66. Section 114 of the canal law, as amended by chapter 335 of the  
41 laws of 2001, is amended to read as follows:

42 S 114. Functions, powers or duties imposed upon officers or employees  
43 by statutory name. Whenever a function, power or duty is imposed upon  
44 the [corporation] COMMISSIONER OR DEPARTMENT, and an officer or employ-  
45 ee, or a group or class thereof is designated in this chapter by a stat-  
46 utory or specific title or name to exercise such function or power or  
47 perform such duty, the exercise or performance thereof shall be deemed  
48 to be imposed upon the officer or employee in such [corporation] DEPART-  
49 MENT who shall be assigned thereto by such [corporation] DEPARTMENT,  
50 with the same force and effect, and such [corporation] DEPARTMENT may  
51 make such assignment as though no statutory or specific title or name  
52 had been used in this chapter to designate the particular officer or  
53 employee or group or class thereof charged with the exercise of such  
54 function or power, or the performance of such duty.

55 S 67. Section 120 of the canal law, as amended by chapter 335 of the  
56 laws of 2001, is amended to read as follows:

1 S 120. Claims for damage generally. There shall be allowed and paid to  
2 every person sustaining damages from the canals or from their use or  
3 management, or resulting or arising from the neglect or conduct of any  
4 officer of the state [or the corporation] having charge thereof, or  
5 resulting or arising from any accident, or other matter or thing  
6 connected with the canals, the amount of such damages to be ascertained  
7 and determined by the proper action or proceedings before the court of  
8 claims, but no judgment shall be awarded by such court for such damages  
9 in any case unless the facts provided therein make out a case which  
10 would create a legal liability against the state [or the corporation,]  
11 were the same established in evidence in a court of justice against an  
12 individual or corporation; but the [corporation] COMMISSIONER may make  
13 settlement of any such claim in any case where the amount thereof does  
14 not exceed the sum of five hundred dollars but no settlement shall be  
15 effective against the state [including the corporation] until the same  
16 has been approved by the attorney-general; provided that the provisions  
17 of this section shall not extend to claims arising from damages result-  
18 ing from the navigation of canals, and further provided that the  
19 provisions herein relating to damages resulting from navigation of the  
20 canals shall control notwithstanding any contrary or inconsistent  
21 provisions of any other law, general or special. The [corporation]  
22 COMMISSIONER shall not pay any damages awarded, or the amount of any  
23 commutations agreed on for the appropriation of land or water, or for  
24 the erection of a farm bridge, until a satisfactory abstract of title  
25 and certificate of search as to encumbrances is furnished, showing the  
26 person demanding such damages or commutations to be legally entitled  
27 thereto, which abstract and search shall be filed in the [office of the  
28 corporation] DEPARTMENT.

29 S 68. Section 121 of the canal law, as amended by chapter 335 of the  
30 laws of 2001, is amended to read as follows:

31 S 121. Adjustment of claims of owners of private dams. Whenever the  
32 state [including the corporation] in the course of the construction of  
33 the improved canals in the rivers or waterways of the state, for the  
34 purpose of obtaining a sufficient depth or supply of water for canal  
35 purposes, has utilized private dams theretofore lawfully constructed or  
36 maintained, in such a manner as to constitute the same an essential part  
37 or portion of the improved canals, the [corporation] COMMISSIONER may  
38 compromise, settle and adjust the claims and demands of the owners of  
39 any such dams on such terms and conditions, including the payment to the  
40 owners of any such dams of such sums of money as to [it] HIM OR HER may  
41 seem just and proper, and, by contract or otherwise, make proper  
42 provision with respect to the ownership of and for the maintenance and  
43 upkeep of any such dams, provided, however, that [it] HE OR SHE shall  
44 not sell, transfer or convey to any such owner any right, title or  
45 interest in or to the use of any part or portion of the water impounded  
46 by such dams.

47 S 69. Section 130 of the canal law, as amended by chapter 335 of the  
48 laws of 2001, is amended to read as follows:

49 S 130. Operation of hydro-electric plants at Crescent and Vischer  
50 Ferry. The [corporation] COMMISSIONER shall have charge of the hydro-e-  
51 lectric plants constructed pursuant to chapter five hundred thirty-two  
52 of the laws of nineteen hundred twenty-two for the development and  
53 generation into electric energy of water power available at the struc-  
54 tures known as the Crescent and Vischer Ferry dams located on the canal-  
55 ized Mohawk river between the city of Schenectady and the village of  
56 Waterford, and shall exercise the same powers over such structures as

1 [it] HE OR SHE has over other structures on the canal system. The said  
2 structures shall be maintained and operated as a part of the canal  
3 system.

4 Notwithstanding any general or special law to the contrary, the  
5 [corporation] COMMISSIONER, upon the approval of the state comptroller,  
6 and the division of the budget, is authorized to enter into a negotiated  
7 contract for the sale of surplus electricity produced at the Crescent  
8 and Vischer Ferry dams, upon such terms and conditions as are beneficial  
9 to the state [including the corporation]. Any revenue realized from the  
10 sale of such surplus electricity shall be deposited into the canal fund.

11 S 70. Section 131 of the canal law, as amended by chapter 335 of the  
12 laws of 2001, is amended to read as follows:

13 S 131. Emergency repairs. When, in the opinion of the [corporation]  
14 COMMISSIONER, an emergency exists endangering the canal system the  
15 [corporation] COMMISSIONER may seize any lands, equipment, materials or  
16 supplies necessary to avert such damage or to restore the banks or other  
17 property which may be threatened or have been damaged. [It] THE COMMIS-  
18 SIONER may subsequently return or otherwise dispose of such lands,  
19 equipment, materials or supplies so seized which may be no longer  
20 required in such manner and upon such terms as in [its] HIS OR HER judg-  
21 ment will be for the best interest of the state [including the corpo-  
22 ration]. [It] THE COMMISSIONER may enter into an agreement with the  
23 owner or owners of any property seized for such emergency repairs under  
24 this section covering the amount of damages sustained. Such agreement,  
25 when approved by the attorney-general, shall become an obligation of the  
26 [corporation] DEPARTMENT and paid from moneys available therefor. In  
27 case no agreement is consummated, the amount of damages sustained may be  
28 determined as provided in section one hundred twenty of this chapter.

29 S 71. Section 132 of the canal law, as amended by chapter 335 of the  
30 laws of 2001, is amended to read as follows:

31 S 132. Investigate matters relating to the canal system; immunity of  
32 witnesses. 1. The [corporation] COMMISSIONER may, whenever [the corpo-  
33 ration] HE OR SHE shall deem it necessary, to effectively accomplish the  
34 purposes of this chapter, investigate any or all matters and trans-  
35 actions connected with or relating to the canal system. The [corpo-  
36 ration] COMMISSIONER shall hear and take proofs in regard to any matter  
37 pending before [it] HIM OR HER or which [it] HE OR SHE is authorized to  
38 examine or investigate. [It] THE COMMISSIONER shall have power to inves-  
39 tigate into the official conduct of any subordinate officer or employee  
40 and shall have the power to issue subpoenas for and require the attend-  
41 ance of witnesses and the production of all books and papers relating to  
42 any matter under inquiry. All such subpoenas shall be issued under the  
43 hand and seal of the [corporation] COMMISSIONER. A subpoena issued under  
44 this section shall be regulated by the civil practice law and rules. The  
45 testimony of witnesses in any such proceedings shall be under oath and  
46 the state officer instituting the proceedings shall have power to admin-  
47 ister oaths. A witness may have counsel and his OR HER examination by  
48 such counsel shall be reduced in writing as part of his OR HER deposi-  
49 tion.

50 2. In any investigation under this article, the [corporation] COMMIS-  
51 SIONER may confer immunity in accordance with the provisions of section  
52 50.20 of the criminal procedure law.

53 3. All evidence taken under this section shall be filed with the  
54 attorney-general. The expenses incurred in such investigation shall be  
55 paid from the canal fund.

1 S 72. Section 133 of the canal law, as amended by chapter 335 of the  
2 laws of 2001, is amended to read as follows:

3 S 133. Impose penalties and power to remit. The [corporation] COMMIS-  
4 SIONER may, in [its] HIS OR HER discretion, remit either absolutely, or  
5 on such conditions as [it] HE OR SHE shall prescribe, any forfeiture  
6 incurred by a violation of any provision of this chapter, or any of the  
7 rules and regulations established by [it] HIM OR HER, on the written  
8 petition of the person liable for the forfeiture, with due proof of the  
9 facts on which the application for the remission is founded, which peti-  
10 tion and proof and the order thereon shall be filed and preserved in the  
11 office of the department of audit and control.

12 S 73. Section 134 of the canal law, as amended by chapter 335 of the  
13 laws of 2001, is amended to read as follows:

14 S 134. Actions for penalties. All actions for penalties and forfei-  
15 tures imposed in this chapter, or for damages, on behalf of the state  
16 [including the corporation,] shall be prosecuted in the name of the  
17 [corporation] COMMISSIONER OR DEPARTMENT, by the [corporation] DEPART-  
18 MENT, unless otherwise specifically provided. All money recovered in  
19 such actions shall be accounted for and paid into the canal fund. The  
20 imposition or recovery of any such penalty or forfeiture shall not be a  
21 bar to recovery of any damages resulting to the [corporation] COMMIS-  
22 SIONER OR DEPARTMENT or any person, because of such violation.

23 S 74. Paragraph a of subdivision 1 and subdivision 2 of section 138-a  
24 of the canal law, paragraph a of subdivision 1 as amended by chapter 243  
25 of the laws of 1993, and subdivision 2 as added by chapter 766 of the  
26 laws of 1992, are amended to read as follows:

27 a. the [chairman of the authority, the] commissioner [of transporta-  
28 tion], the commissioner of the office of parks, recreation and historic  
29 preservation and the commissioner of environmental conservation, or  
30 their representatives;

31 2. The chairperson of the commission shall be the [chairman of the  
32 authority] COMMISSIONER. The members of the commission may elect a  
33 secretary and other necessary officers to serve for such a period as the  
34 members shall decide.

35 S 75. Section 138-b of the canal law, as amended by chapter 335 of the  
36 laws of 2001, is amended to read as follows:

37 S 138-b. Functions, powers and duties. The commission shall:

38 1. Develop, maintain and periodically revise a statewide canal recrea-  
39 tionway plan (hereinafter referred to as the "plan") for the canal  
40 system. Such plan shall be developed in accordance with the provisions  
41 of section one hundred thirty-eight-c of this article and shall be  
42 submitted to the [authority] DEPARTMENT for its consideration no later  
43 than the first day of June, nineteen hundred ninety-four.

44 2. Solicit input from counties intersecting or bordering the canal  
45 system and incorporate it to the greatest degree practicable in the  
46 development of the plan. In order to facilitate such incorporation  
47 commission members representing each of the regional planning boards  
48 shall request from and provide assistance to each county it represents  
49 in the preparation of a county canal plan. Multi-county canal plans may  
50 be requested by the regional planning board representative, as deemed  
51 appropriate, in lieu of individual county canal plans. In a region where  
52 a regional planning board does not exist, the commission shall solicit  
53 county canal plans from each of the chief executive officers of those  
54 counties outside the jurisdiction of a regional planning board. The  
55 commission shall prescribe uniform guidelines concerning the format of  
56 plans to be used by the regional planning board representatives to

1 assist counties in the preparation of county canal plans. The regional  
2 planning board representative shall encourage the development of county  
3 canal plans that reflect participation by diverse local interests by  
4 seeking advice, to the extent possible, from individuals and organiza-  
5 tions from such counties with an interest in recreation, hunting and  
6 fishing, the environment, canal related tourism businesses, historic  
7 preservation and commercial development along the canal. In order to be  
8 considered in the formulation of the plan, county canal plans must be  
9 submitted to the commission not later than the first day of June, nine-  
10 teen hundred ninety-three.

11 3. Ensure public comment on the plan, including at least three public  
12 hearings on the plan prior to submission of the plan to the [authority]  
13 DEPARTMENT. The commission may also hold hearings on other matters it  
14 deems appropriate.

15 4. If deemed appropriate, request that studies, surveys or analyses be  
16 performed by the [corporation, the] departments of transportation,  
17 economic development and environmental conservation and/or the office of  
18 parks, recreation and historic preservation to assist in the develop-  
19 ment, promotion, marketing and/or preservation of the canal system or  
20 the preparation of the plan. At the request of the commission, state  
21 agencies and public authorities shall cooperate fully and shall provide  
22 requested information in a timely manner.

23 5. Advise and assist the [corporation] DEPARTMENT in carrying out its  
24 duties and obligations related to the canal in the following manner:

25 a. evaluate and make recommendations for new operational, maintenance  
26 and capital initiatives or projects to enhance the canal;

27 b. establish criteria and procedures for the review by the commission  
28 for consistency with the canal recreationway plan of abandonments of  
29 canal lands, canal terminals and canal terminal lands, and leases of  
30 canal lands, canal terminals, and canal terminal lands proposed by the  
31 [corporation] COMMISSIONER pursuant to article six-A of this chapter;  
32 provided, however, that where local zoning laws and zoning ordinances  
33 are in effect on lands proposed to be leased or on lands adjacent to  
34 those lands proposed to be leased such review shall include, to the  
35 extent practicable, the consideration of the compatibility of such leas-  
36 es with the requirements of such local zoning laws and zoning ordi-  
37 nances; and provided further that the commission may determine that  
38 certain categories of leases do not require review;

39 c. submit to the [corporation] COMMISSIONER, the director of the budg-  
40 et and the chairpersons of the senate finance committee and the assembly  
41 ways and means committee, on the first day of October, nineteen hundred  
42 ninety-two, and on or before the first day of August in each year there-  
43 after, a budget request for the operations of the commission. Such  
44 request shall include provisions for staff services and other adminis-  
45 trative assistance as deemed necessary by the commission to perform its  
46 functions and meet its responsibilities during the next calendar year.  
47 The [corporation] DEPARTMENT shall provide staff services to the commis-  
48 sion and such other administrative assistance as may be necessary for  
49 the commission to carry out its functions, powers and duties;

50 d. submit to the [corporation] COMMISSIONER, the director of the budg-  
51 et and the chairpersons of the senate finance committee and the assembly  
52 ways and means committee, on the first day of October, nineteen hundred  
53 ninety-two, and on or before the first day of August in each year there-  
54 after, a budget request for the expenditure of funds available from the  
55 canal fund, for the purposes established by section ninety-two-u of the  
56 state finance law. Submissions made during the initial years shall give

1 funding priority for expenditures related to the development and/or  
2 promotion of the canal system;

3 e. undertake a comprehensive study of alternative waterway and canal  
4 toll and fee structures, including but not limited to, a comparative  
5 analysis of other existing waterway and canal systems, the impact of  
6 various toll and fee structures on recreational use, tourism, and  
7 commercial activity; and the revenue implications for each of these  
8 alternatives. The commission shall make recommendations to the [authori-  
9 ty] COMMISSIONER by the first day of April, nineteen hundred ninety-  
10 three, on appropriate tolls and fees to be charged for the use of the  
11 canal system and shall provide an update on the implementation of such  
12 recommendations by the first day of April, nineteen hundred ninety-five;  
13 and

14 f. utilize information provided by the [authority] DEPARTMENT and  
15 other state agencies and departments, pursuant to section ten of this  
16 chapter, surveying canal lands within the Adirondack park and studying  
17 current land uses, to make recommendations to the authority, no later  
18 than the first day of June, nineteen hundred ninety-four, concerning the  
19 future use of canal lands within the Adirondack park, including but not  
20 limited to the utilization of existing properties under revocable  
21 permits; and the identification of any property not needed for canal  
22 purposes that may be transferred to the department of environmental  
23 conservation.

24 6. Establish committees as it deems appropriate on matters relating to  
25 the commission's functions, powers and duties; such committees shall be  
26 chaired by a commission member but may include persons not members of  
27 the commission who provide expertise of interest specific to the charge  
28 of such committee.

29 a. the commission shall create a temporary committee which shall  
30 include the commissioner of the department of economic development and  
31 the commissioner of the office of parks, recreation and historic preser-  
32 vation or their representatives and others with appropriate expertise to  
33 identify opportunities for achieving the economic development potential  
34 of the recreationway and to make recommendations for specific implemen-  
35 tation of these opportunities, including recommendations for marketing  
36 and promotion designed to attract tourists.

37 b. the commission shall create a temporary committee, which may  
38 include appropriately accredited professionals, to assess and report to  
39 the [authority] COMMISSIONER on issues associated with managing the  
40 waters of the canal system, including issues relating to recreational  
41 use, habitats and flood prone areas.

42 7. Report on or before March thirty-first of each year commencing  
43 nineteen hundred ninety-four to the [corporation] COMMISSIONER, the  
44 governor, the temporary president of the senate and the speaker of the  
45 assembly on the activities of the commission with respect to the func-  
46 tions, powers and duties established in this section.

47 S 76. Section 138-c of the canal law, as amended by chapter 335 of the  
48 laws of 2001, is amended to read as follows:

49 S 138-c. Canal recreationway plan. 1. The commission shall, in accord-  
50 ance with the provisions of section one hundred thirty-eight-b of this  
51 article, formulate a statewide canal recreationway plan for the canal  
52 system that is based upon the inventory prepared pursuant to subdivision  
53 twenty-three of section ten of this chapter and that is consistent with  
54 the land use concepts contained in the state land acquisition plan  
55 prepared pursuant to section 49-0207 of the environmental conservation  
56 law and in the statewide comprehensive outdoor recreation plan prepared

1 pursuant to section 3.15 of the parks, recreation and historic preserva-  
2 tion law. The plan shall include, but not be limited to:

3 a. criteria for uses of the canal system which will effectuate the  
4 goal and objective of developing the canal into a recreationway system;

5 b. provisions for fostering a canal system characterized by clusters  
6 of development connected by stretches of undeveloped open space in areas  
7 between cities, villages and hamlets which will be conducive to the  
8 preservation of waterfowl, fish and wildlife habitats;

9 c. provisions for the consideration of environmental resources,  
10 including lands which possess significance for wildlife management,  
11 recreation or natural resource protection purposes and significant  
12 freshwater wetlands;

13 d. provisions which protect the public interest in such lands and  
14 waters for purposes of commerce, navigation, fishing, hunting, bathing,  
15 recreation and access to the lands and waters of the state, and other-  
16 wise encourage increased public access to the canal through the estab-  
17 lishment of parks, scenic by ways and recreational trails on the canal  
18 system. Such provisions shall ensure the public safety;

19 e. provisions to protect agricultural uses of canal land and waters;

20 f. provisions for appropriate development of businesses in appropriate  
21 locations which will support outdoor recreation activities;

22 g. provisions which give guidance to the [authority] DEPARTMENT with  
23 respect to managing water levels in reservoirs to provide water to the  
24 canal system and retain water for recreational purposes;

25 h. provisions to protect commercial shipping interests on the canal  
26 system; and

27 i. provisions for the consideration of historic buildings, sites and  
28 districts.

29 2. The plan shall establish goals and objectives with respect to  
30 implementation, with provision for amendment of the plan to reflect  
31 changing conditions.

32 3. a. The [corporation] COMMISSIONER shall act upon the plan submitted  
33 by the commission within four months after its submission and shall  
34 approve such plan unless [it] HE OR SHE finds that the plan, or any part  
35 thereof: (i) is not financially or operationally feasible; (ii) would  
36 violate any federal or state law, rule or regulation; (iii) violates  
37 agreements with noteholders or bondholders [of the authority]; (iv)  
38 interferes with existing contracts; or (v) is inconsistent with the  
39 findings of the generic environmental impact statement undertaken pursu-  
40 ant to section three hundred eighty-two of the public authorities law.

41 b. In the event that the [corporation] COMMISSIONER finds that the  
42 plan cannot be approved in its entirety, [it] HE OR SHE may approve such  
43 portions of the plan as [it] HE OR SHE deems appropriate, and shall  
44 recommend changes to the remaining portions of the plan to the commis-  
45 sion. The commission shall then have three months in which to consider  
46 the recommendations of the [corporation] COMMISSIONER and submit a  
47 revised plan or portions thereof to the [corporation] COMMISSIONER.

48 c. Upon the approval of the plan or a portion of the plan as provided  
49 in this section, the [corporation] COMMISSIONER shall deliver within ten  
50 days a copy of the plan or portion of the plan to the governor, the  
51 temporary president of the senate and the speaker of the assembly, with  
52 a dated notice of such approval.

53 S 77. Paragraph (i) of subdivision 1 of section 19 of the public offi-  
54 cers law, as added by chapter 115 of the laws of 2000, is amended to  
55 read as follows:

(i) For purposes of this section, the term "employee" shall include directors, officers and employees of the thruway authority [and its subsidiary, the canal corporation]. In those cases where the definition of the term "employee" provided in this paragraph is applicable, the term "state", as utilized in subdivisions two, three, and four of this section, shall mean the thruway authority when the employee is a director, officer, or employee of the thruway authority[, or its subsidiary, the canal corporation, when the employee is a director, officer, or employee of the canal corporation].

S 78. The opening paragraph of subdivision 1 and subdivision 2 of section 209-a of the state finance law, as amended by chapter 138 of the laws of 1997, are amended to read as follows:

Notwithstanding any other law, rule or regulation to the contrary, where, and to the extent that, an agreement between the state [or the New York state canal corporation] and an employee organization entered into pursuant to article fourteen of the civil service law on behalf of employees in a collective negotiating unit established pursuant to article fourteen of the civil service law provides for the payment of a supplement to the workers' compensation award, such supplement shall be paid in accordance with such agreement. Officers and employees serving in positions in the executive branch which are designated managerial or confidential pursuant to article fourteen of the civil service law, civilian state employees of the division of military and naval affairs of the executive department whose positions are not in, or are excluded from representation rights in any recognized or certified negotiating unit, those excluded from representation rights under article fourteen of the civil service law pursuant to rules and regulations of the public employment relations board and officers and employees of the legislature shall receive a supplement to the workers' compensation award provided, however, that officers and employees serving in positions in the executive branch which are designated managerial or confidential pursuant to article fourteen of the civil service law, civilian state employees of the division of military and naval affairs of the executive department whose positions are not in, or are excluded from representation rights in any recognized or certified negotiating unit and those excluded from representation rights under article fourteen of the civil service law pursuant to rules and regulations of the public employment relations board shall receive such supplement only with respect to an absence resulting from an occupational injury or disease occurring on or before June thirtieth, nineteen hundred ninety-two. Such supplement shall be paid in accordance with rules and regulations to be promulgated by the president of the civil service commission.

2. Notwithstanding any other law, rule or regulation to the contrary, where, and to the extent that, an agreement between the state [or the New York state canal corporation] and an employee organization entered into pursuant to article fourteen of the civil service law on behalf of employees in a collective negotiating unit established pursuant to article fourteen of the civil service law so provides, an employee placed on an authorized leave without pay during the course of an absence resulting from an occupational injury or disease found to be compensable by the workers' compensation board shall be deemed to be on the payroll at such employee's prevailing rate of annual compensation for the purpose of retirement credit and employer contributions to the retirement system. Officers and employees serving in positions in the executive branch which are designated managerial or confidential pursuant to article fourteen of the civil service law, civilian state employees of the

1 division of military and naval affairs of the executive department whose  
2 positions are not in, or are excluded from representation rights in any  
3 recognized or certified negotiating unit and those excluded from repre-  
4 sentation rights under article fourteen of the civil service law pursu-  
5 ant to rules and regulations of the public employment relations board  
6 who are placed on an authorized leave without pay during the course of  
7 an absence resulting from an occupational injury or disease found to be  
8 compensable by the workers' compensation board occurring on or after  
9 July first, nineteen hundred ninety-two, shall be deemed to be on the  
10 payroll at such officer's or employee's prevailing rate of compensation  
11 for the purpose of retirement credit and employer contributions to the  
12 retirement system. Any employee contribution relating to the retirement  
13 credit provided by this subdivision shall be paid directly by such  
14 employee to the retirement system pursuant to the rules and regulations  
15 of the comptroller. The retirement credit provided by this subdivision  
16 shall only apply to a period of authorized leave without pay occurring  
17 during the first twelve months of absence related to such occupational  
18 injury or disease.

19 S 79. Section 30 of the navigation law, as amended by chapter 486 of  
20 the laws of 2003, is amended to read as follows:

21 S 30. Navigation, jurisdiction over. The commissioner shall have  
22 jurisdiction over navigation on the navigable waters of the state and,  
23 except as otherwise provided, shall enforce the provisions of this chap-  
24 ter and the regulations established thereunder. As a guide to the inter-  
25 pretation and application of this article, nothing authorized [here-  
26 under] IN THIS SECTION shall be construed to convey any property rights,  
27 either in real estate or material, or any exclusive privilege; nor  
28 authorize any injury to private property or invasion of private rights  
29 or any infringement of federal, state or local laws or regulations, but  
30 shall express the assent of the state so far as it concerns the public  
31 rights of navigation. Nothing contained in this section shall be  
32 construed to limit, impair or affect the general powers and duties of  
33 the [canal corporation] COMMISSIONER OF TRANSPORTATION OR DEPARTMENT OF  
34 TRANSPORTATION relating to canals as set forth in section ten of the  
35 canal law.

36 S 80. Subdivision 2 of section 45-cc of the navigation law, as added  
37 by chapter 486 of the laws of 2003, is amended to read as follows:

38 2. Notwithstanding any other provisions of this chapter or any incon-  
39 sistent local laws, no vessel shall be operated on such canal system  
40 within one hundred feet of the shore, a dock, pier, raft, float or an  
41 anchored or moored vessel at a speed exceeding five miles per hour,  
42 unless such vessel is being operated near such shore, dock, float, pier,  
43 raft, or anchored vessel for the purpose of enabling a person engaged in  
44 water skiing to take off or land, and except in those areas where the  
45 [canal corporation] COMMISSIONER OF TRANSPORTATION has established a  
46 different speed by rule and regulation pursuant to the canal law. A  
47 violation of this subdivision or any applicable rules and regulations  
48 shall be a violation punishable as set forth in section seventy-three-c  
49 of this article.

50 S 81. Article 21 of the transportation law is REPEALED.

51 S 82. Paragraph 2 of subdivision (a) of section 168 of the economic  
52 development law, as amended by chapter 33 of the laws of 2006, is  
53 amended to read as follows:

54 (2) the chairman or his or her designated representative of the New  
55 York state thruway authority, the New York power authority, and the  
56 tourism advisory council, the New York state council on the arts, [the

canal corporation,] the canal recreationway commission, the Olympic regional development authority, and the Hudson River park trust;

S 83. Subdivision 1 of section 9-1705 of the environmental conservation law, as added by chapter 674 of the laws of 2007, is amended to read as follows:

1. There is hereby established the New York invasive species council. Such council shall consist of a total of [nine] EIGHT members and shall include the commissioner, the commissioners of agriculture and markets, transportation, parks, recreation and historic preservation, education, the secretary of state, the chairperson of the New York state thruway authority, [the director of the New York state canal corporation,] and the chairperson of the Adirondack Park agency, or a designee of such department, agency or public authority.

S 84. Subdivision 1 of section 73-0105 of the environmental conservation law, as amended by chapter 336 of the laws of 2008, is amended to read as follows:

1. The task force shall consist of [fourteen] THIRTEEN members; [nine] EIGHT of whom shall be the [director of the canal corporation,] commissioner of the department of environmental conservation, the secretary of state, the commissioner of transportation, the director of the state emergency management office, the commissioner of parks, recreation and historic preservation, the commissioner of agriculture and markets, the chairman of the power authority of the state of New York and the commissioner of economic development or designee; and five additional members who shall be from outside the public offices listed in this section and who shall have professional experience in the fields of hydrology, civil engineering, climatology, emergency management and soil and water conservation. The governor shall appoint three of the five additional members and the temporary president of the senate and speaker of the assembly shall each appoint one of each of the five additional members.

S 85. Subdivision 3 of section 73-0107 of the environmental conservation law, as added by chapter 456 of the laws of 2007, is amended to read as follows:

3. The department and the [canal corporation] DEPARTMENT OF TRANSPORTATION shall provide the task force with such facilities, assistance and data as will enable the task force to carry out its powers and duties. Additionally, all other agencies of the state or subdivisions thereof shall, at the request of the chair provide the task force with such facilities, assistance, and data as will enable the task force to carry out its powers and duties.

S 86. Subdivision 1 of section 37.05 of the parks, recreation and historic preservation law, as amended by chapter 64 of the laws of 2000, is amended to read as follows:

1. The Mohawk Valley heritage corridor commission is hereby established to be a body corporate and politic constituting a public benefit corporation and to consist of up to seventeen voting members who shall reside within the heritage corridor. One member each shall be appointed by the chief elected official from each of the counties of Albany, Schoharie, Montgomery, Schoharie, Herkimer, Fulton, Saratoga and Oneida. The legislative body of each city, town and village in such counties may recommend prospective appointees to its respective county. The Capital District Regional Planning Commission and the Oneida/Herkimer Counties Comprehensive Planning Program each may designate a representative to participate as non-voting members of the commission. The remaining nine members shall be appointed as follows: two members shall be appointed by the temporary president of the senate; two members shall be appointed by

1 the speaker of the assembly; one member shall be appointed by the minor-  
2 ity leader of the senate; one member shall be appointed by the minority  
3 leader of the assembly; three members shall be appointed by the gover-  
4 nor, at least one of whom shall be the chief elected official of a city,  
5 town or village located in whole or in part within the Mohawk Valley  
6 area. The commission may increase the number of its members by one, to  
7 reach a total of eighteen members, to provide for representation of a  
8 Native American Indian nation with federal and/or state legal recogni-  
9 tion who resides in the Mohawk Valley. All persons responsible for  
10 appointing members of the commission shall be mindful of the importance  
11 of assuring adequate representation on the commission of the interests  
12 of various municipal entities, conservationists, business owners and  
13 operators, tourism promotion agencies, persons engaged in agricultural  
14 pursuits, minorities and educators, and persons having an interest and  
15 experience with at least one of the four heritage area goals of preser-  
16 vation, recreation, education, and economic development. The commis-  
17 sioner, the commissioner of economic development, the commissioner of  
18 agriculture and markets, the commissioner of environmental conservation,  
19 THE COMMISSIONER OF TRANSPORTATION, the chairman of the New York state  
20 thruway authority [and canal corporation] and other members of the New  
21 York state heritage areas advisory council, or their representatives,  
22 and the mayors, supervisors or other chief elected officer of any city,  
23 town, or village located in whole or part in the Mohawk Valley area may  
24 participate in commission meetings as non-voting members and shall  
25 receive notice of all commission meetings. Appointment to the commission  
26 shall be filed with the commissioner who shall convene the first meeting  
27 of the commission following the commissioner's approval of the manage-  
28 ment plan and the filing of a majority of the appointments.

29 S 87. Paragraph 1 of subdivision j of section 41 of the retirement and  
30 social security law, as amended by chapter 18 of the laws of 2012, is  
31 amended to read as follows:

32 1. In addition to any other service credit to which he or she is enti-  
33 tled, a member who meets the requirements set forth in paragraphs two  
34 and three of this subdivision shall be granted one day of additional  
35 service credit for each day of accumulated unused sick leave which he or  
36 she has at time of retirement for service, but such credit shall not (a)  
37 exceed one hundred sixty-five days, (b) be considered in meeting any  
38 service or age requirements prescribed in this chapter, and (c) be  
39 considered in computing final average salary. However, for an executive  
40 branch member designated managerial or confidential pursuant to article  
41 fourteen of the civil service law or in the collective negotiating units  
42 established by article fourteen of the civil service law designated the  
43 professional, scientific and technical services unit, the rent regu-  
44 lation services negotiating unit, the security services negotiating  
45 unit, the security supervisors negotiating unit, the state university  
46 professional services negotiating unit, the administrative services  
47 negotiating unit, the institutional services negotiating unit, the oper-  
48 ational services negotiating unit and the division of military and naval  
49 affairs negotiating unit such service credit limitation provided in  
50 subparagraph (a) of this paragraph shall not exceed two hundred days.  
51 For a nonjudicial officer or employee of the unified court system not in  
52 a collective negotiating unit or in a collective negotiating unit speci-  
53 fied in section one of chapter two hundred three of the laws of two  
54 thousand four, for employees of the New York state dormitory authority,  
55 for employees of the New York state thruway authority, [the New York  
56 state canal corporation] and the state university construction fund and

1 for employees of the New York liquidation bureau such service credit  
2 limitation provided in subparagraph (a) of this paragraph shall not  
3 exceed two hundred days. For members who first become members of a  
4 public retirement system of the state on or after April first, two thou-  
5 sand twelve, such credit shall not exceed one hundred days.

6 S 88. Subdivisions 10 and 12 of section 351 of the public authorities  
7 law, subdivision 10 as added by chapter 766 of the laws of 1992 and  
8 subdivision 12 as amended by chapter 586 of the laws of 1993, are  
9 amended to read as follows:

10 10. The term "New York state canal system" shall mean all of the  
11 canals, canal lands, feeder canals, reservoirs, canal terminals, canal  
12 terminal lands and other property under the jurisdiction of the [author-  
13 ity] DEPARTMENT OF TRANSPORTATION pursuant to article one-A of the canal  
14 law.

15 12. The term "thruway system" shall mean: (a) the thruway; AND (b) the  
16 [New York state canal system; and (c) the] Tappan Zee ferry service.

17 S 89. Subdivision 13 of section 351 of the public authorities law is  
18 REPEALED.

19 S 90. Subdivision 10 of section 354 of the public authorities law, as  
20 amended by chapter 766 of the laws of 1992, is amended to read as  
21 follows:

22 10. To construct, reconstruct or improve on or along the thruway  
23 system in the manner herein provided, suitable facilities for gas  
24 stations, restaurants, and other facilities for the public, or to lease  
25 the right to construct, reconstruct or improve and operate such facili-  
26 ties; such facilities shall be publicly offered for leasing for opera-  
27 tion, or the right to construct, reconstruct or improve and operate such  
28 facilities shall be publicly offered under rules and regulations to be  
29 established by the authority, provided, however, that lessees operating  
30 such facilities at the time this act becomes effective, may reconstruct  
31 or improve them or may construct additional like facilities, in the  
32 manner and upon such terms and conditions as the board shall determine;  
33 and provided further, however, that such facilities constructed, recon-  
34 structed or improved on or along the canal system shall be consistent  
35 with the canal recreationway plan approved pursuant to section one  
36 hundred thirty-eight-c of the canal law [and section three hundred  
37 eighty-two of this title];

38 S 91. Section 355 of the public authorities law, as amended by chapter  
39 138 of the laws of 1997, is amended to read as follows:

40 S 355. Officers and employees; transfer, promotion and seniority. 1.  
41 Officers and employees of state departments[, OR agencies[, or the  
42 canal corporation] may be transferred to the authority and officers,  
43 agents and employees of the authority may be transferred to state  
44 departments[, OR agencies[, or the canal corporation,] without examina-  
45 tion and without loss of any civil service status or rights. No such  
46 transfer from the authority [or canal corporation] to any state depart-  
47 ment, agency, or division may, however, be made except with the approval  
48 of the head of the state department, agency, or division involved and  
49 the director of the budget and in compliance with the rules and regu-  
50 lations of the state civil service commission.

51 2. Promotions from positions in state departments and agencies to  
52 positions in the authority [or canal corporation], and vice versa, may  
53 be made from interdepartmental promotion lists resulting from promotion  
54 examinations in which employees of the authority[, employees of the  
55 canal corporation,] and employees of the state are eligible to partic-  
56 ipate.

1 3. In computing seniority for purposes of promotion or for purposes of  
2 suspension or demotion upon the abolition of positions in the service of  
3 the authority or in the service of the state, in the case of an employee  
4 of the authority a period of prior employment in the service of the  
5 state shall be counted in the same manner as though such period of  
6 employment had been in the service of the authority, and in the case of  
7 an employee of the state a period of prior employment in the service of  
8 the authority shall be counted in the same manner as though such period  
9 of employment had been in the service of the state. For the purposes of  
10 the establishment and certification of preferred lists, employees  
11 suspended from the authority shall be eligible for reinstatement in the  
12 service of the state, and employees suspended from the service of the  
13 state shall be eligible for reinstatement in the service of the authori-  
14 ty, in the same manner as though the authority were a department of the  
15 state. [All provisions contained within this subdivision shall apply to  
16 the canal corporation in the same manner that they apply to the authori-  
17 ty.]

18 S 92. Section 357 of the public authorities law, as amended by chapter  
19 766 of the laws of 1992, is amended to read as follows:

20 S 357. Right of authority to use state property; payment for improve-  
21 ments. On assuming jurisdiction of a thruway highway section or  
22 connection or any part thereof, or of a highway connection, [or of the  
23 New York state canal system,] the authority shall have the right to  
24 possess and use for its corporate purposes so long as its corporate  
25 existence shall continue, any real property and rights in real property  
26 theretofore acquired by the state, including all improvements thereon  
27 [and state canal lands and properties; provided that the use by the  
28 authority of canal lands and properties for highway purposes shall not  
29 interfere with the use thereof for canal purposes].

30 S 93. Subdivision 1 of section 359 of the public authorities law, as  
31 amended by chapter 766 of the laws of 1992, is amended to read as  
32 follows:

33 1. On assuming jurisdiction of a thruway section or connection or any  
34 part thereof, or of a highway connection, [or of the New York state  
35 canal system,] the authority shall proceed with the construction, recon-  
36 struction or improvement thereof. All such work shall be done pursuant  
37 to a contract or contracts which shall be let to the lowest responsible  
38 bidder, by sealed proposals publicly opened, after public advertisement  
39 and upon such terms and conditions as the authority shall require;  
40 provided, however, that the authority may reject any and all proposals  
41 and may advertise for new proposals, as herein provided, if in its opin-  
42 ion, the best interests of the authority will thereby be promoted;  
43 provided further, however, that at the request of the authority, all or  
44 any portion of such work, together with any engineering required by the  
45 authority in connection therewith, shall be performed by the commission-  
46 er and his OR HER subordinates in the department of transportation as  
47 agents for, and at the expense of, the authority.

48 S 94. Section 359-a of the public authorities law, as added by chapter  
49 140 of the laws of 2002, is amended to read as follows:

50 S 359-a. Procurement contracts. For the purposes of section twenty-  
51 eight hundred seventy-nine of this chapter as applied to the authority  
52 [or the canal corporation], the term "procurement contract" shall mean  
53 any written agreement for the acquisition of goods or services of any  
54 kind by the authority [or the canal corporation] in the actual or esti-  
55 mated amount of fifteen thousand dollars or more.

1 S 95. Section 360 of the public authorities law, as amended by chapter  
2 766 of the laws of 1992, is amended to read as follows;

3 S 360. Operation and maintenance. Operation and maintenance by the  
4 authority of any thruway section or connection or any part thereof or of  
5 a highway connection[, the New York state canal system] of which it has  
6 assumed jurisdiction shall be performed (a) by the use of authority  
7 forces and equipment at the expense of the authority or by agreement at  
8 the expense of the state or other parties; (b) by contract with munici-  
9 palities or independent contractors; (c) at the request of the authori-  
10 ty, by the commissioner and his OR HER subordinates in the department of  
11 transportation as agents for, and at the expense of the authority, or  
12 (d) by a combination of such methods.

13 S 96. Section 362 of the public authorities law, as amended by chapter  
14 766 of the laws of 1992, is amended to read as follows:

15 S 362. Assistance by state officers, departments, boards, divisions  
16 and commissions. At the request of the authority, engineering and legal  
17 services for such authority shall be performed by forces or officers of  
18 the department of transportation and the department of law respectively,  
19 and all other state officers, departments, boards, divisions and commis-  
20 sions shall render services within their respective functions. At the  
21 request of the authority, services in connection with the collection of  
22 any charges or fees for the use of the thruway[, the New York state  
23 canal system] or any part thereof may be performed by the department of  
24 motor vehicles.

25 S 97. Paragraph (a) of subdivision 1 of section 365 of the public  
26 authorities law, as amended by chapter 766 of the laws of 1992, is  
27 amended to read as follows:

28 (a) Subject to the provisions of section three hundred sixty-six of  
29 this title, the authority shall have the power and is hereby authorized  
30 from time to time to issue its negotiable notes and bonds in conformity  
31 with applicable provisions of the uniform commercial code in such prin-  
32 cipal amount as, in the opinion of the authority, shall be necessary to  
33 provide sufficient moneys for achieving the corporate purposes thereof,  
34 including construction, reconstruction and improvement of the thruway  
35 sections and connections, and highway connections herein described, [the  
36 New York state canal system subject to the provisions of section three  
37 hundred eighty-three of this title,] together with suitable facilities  
38 and appurtenances, the payment of all indebtedness to the state, the  
39 cost of acquisition of all real property, the expense of maintenance and  
40 operation, interest on notes and bonds during construction and for a  
41 reasonable period thereafter, establishment of reserves to secure notes  
42 or bonds, and all other expenditures of the authority incident to and  
43 necessary or convenient to carry out its corporate purposes and powers.

44 S 98. Paragraph (i) of subdivision 3 of section 365 of the public  
45 authorities law, as amended by chapter 766 of the laws of 1992, is  
46 amended to read as follows:

47 (i) the acquisition of jurisdiction over, and of property for, thru-  
48 ways[, the New York state canal system,] and the construction, recon-  
49 struction, improvement, maintenance or operation thereof;

50 S 99. Sections 382 and 383 of the public authorities law are REPEALED.

51 S 100. Paragraph e of subdivision 6 of section 2897 of the public  
52 authorities law is REPEALED.

53 S 101. Subdivisions 2 and 5 of section 92-u of the state finance law,  
54 subdivision 2 as added by chapter 766 of the laws of 1992 and subdivi-  
55 sion 5 as amended by chapter 483 of the laws of 1996, are amended to  
56 read as follows:

1 2. Such fund shall consist of all revenues received from the operation  
2 of the New York state canal system as defined in section [three hundred  
3 fifty-one of the public authorities law and section] two of the canal  
4 law, including payments on leases for use of canal lands, terminals and  
5 terminal lands, tolls received for lock and lift bridge passage,  
6 payments for hydroelectric easements and sales, for purchase of other  
7 abandoned canal lands, payments for any permits and leases for use of  
8 the water and lands of the system and payments for use of dry docks and  
9 other moneys made available to the fund from any other source [other  
10 than a grant, loan or other inter-corporate transfer of funds of the New  
11 York state thruway authority], and any income earned by, or incremental  
12 to, the fund due to investment thereof, or any repayment of any moneys  
13 advanced by the fund.

14 5. Moneys of the fund, following appropriation by the legislature,  
15 shall be available to the [New York state thruway authority] DEPARTMENT  
16 OF TRANSPORTATION and shall be expended by such [authority or subsidiary  
17 corporation thereof] DEPARTMENT only for the maintenance, construction,  
18 reconstruction, development or promotion of the canal system; provided,  
19 however, that in the initial years, expenditures of moneys of the fund  
20 for the development and/or promotion of the canal system shall be  
21 accorded a priority by the [authority or subsidiary corporation thereof]  
22 DEPARTMENT. In addition, moneys of the fund may be used for the  
23 purposes of interpretive signage and promotion for appropriate histor-  
24 ically significant Erie canal lands and related sites. Moneys shall be  
25 paid out of the fund by the state comptroller on certificates issued by  
26 the director of the budget.

27 S 102. Subdivision 1 of section 373 of the public authorities law, as  
28 amended by chapter 776 of the laws of 1951, is amended to read as  
29 follows:

30 1. The state does pledge to and agree with the holders of notes,  
31 bonds, or other obligations of the authority not guaranteed by the state  
32 that the state will not limit or alter the rights hereby vested in the  
33 authority to establish and collect such fees, rentals and charges as may  
34 be convenient or necessary to produce sufficient revenue to meet the  
35 expense of maintenance and operation and to fulfill the terms of any  
36 agreements made with the holders thereof, or in any way impair the  
37 rights and remedies of such holders until such notes, bonds, and other  
38 obligations, together with the interest thereon, with interest on any  
39 unpaid installments of interest, and all costs and expenses in  
40 connection with any action or proceedings by or on behalf of such hold-  
41 ers, are fully met and discharged; PROVIDED, HOWEVER, THAT IF ANY TOLL,  
42 FEE, CHARGE OR ANY COMBINATION THEREOF IMPOSED ON A VEHICLE FOR THE USE  
43 OF THE THRUWAY, EXCLUDING ANY TOLLS, FEES, OR CHARGES FOR THE USE OF A  
44 BRIDGE OR SET OF BRIDGES, EXCEEDS THE TOLL, FEE, CHARGE OR COMBINATION  
45 THEREOF THAT SUCH VEHICLE WOULD HAVE BEEN SUBJECT TO ON THE FIRST DAY OF  
46 JANUARY, TWO THOUSAND TWELVE DIVIDED BY THE NATIONAL CONSUMER PRICE  
47 INDEX DETERMINED BY THE UNITED STATES DEPARTMENT OF LABOR FOR JANUARY,  
48 TWO THOUSAND TWELVE AND MULTIPLIED BY THE NATIONAL CONSUMER PRICE INDEX  
49 DETERMINED BY THE UNITED STATES DEPARTMENT OF LABOR FOR THE MOST RECENT  
50 MONTH PUBLISHED, THEN THE ENTIRE AMOUNT THAT THE TOLL, FEE, CHARGE OR  
51 COMBINATION THEREOF EXCEEDS THE AMOUNT THAT THE VEHICLE WOULD HAVE BEEN  
52 SUBJECT TO ON THE FIRST DAY OF JANUARY, TWO THOUSAND TWELVE MUST BE  
53 PLACED IN A SEPARATE FUND IN ACCORDANCE WITH SUCH REQUIREMENTS AS THE  
54 STATE COMPTROLLER MAY PRESCRIBE. THE AUTHORITY SHALL USE SUCH FUNDS AND  
55 ANY INTEREST EARNED THEREON TO PAY INSTALLMENTS ON NOTES, BONDS OR OTHER  
56 OBLIGATIONS DUE BEFORE THE END OF THE CURRENT CALENDAR YEAR OR TO

1 PURCHASE NOTES, BONDS OR OTHER OBLIGATIONS OF THE AUTHORITY ISSUED AT  
2 LEAST TWO YEARS PRIOR AND NOT GUARANTEED BY THE STATE, WHICH SHALL THERE-  
3 UPON BE CANCELLED, AT A PRICE NOT EXCEEDING (A) IF THE NOTES OR BONDS  
4 ARE THEN REDEEMABLE, THE REDEMPTION PRICE THEN APPLICABLE PLUS ACCRUED  
5 INTEREST TO THE NEXT INTEREST PAYMENT DATE THEREON, OR (B) IF THE NOTES  
6 OR BONDS ARE NOT THEN REDEEMABLE, THE REDEMPTION PRICE APPLICABLE ON THE  
7 FIRST DATE AFTER SUCH PURCHASE UPON WHICH THE NOTES OR BONDS BECOME  
8 SUBJECT TO REDEMPTION PLUS ACCRUED INTEREST TO SAID DATE. THE AUTHORITY  
9 SHALL MAKE A GOOD FAITH EFFORT TO EXHAUST SUCH FUND BY THE LAST DAY OF  
10 DECEMBER EACH YEAR.

11 S 103. (a) Notwithstanding any other provision of law to the contrary,  
12 all employees of the New York state canal corporation, as constituted  
13 pursuant to chapter 766 of the laws of 1992, as a subsidiary of the New  
14 York state thruway authority, and such other employees of the thruway  
15 authority as may be mutually agreed to by the chairman of the authority  
16 and the commissioner of transportation shall be transferred to the  
17 department of transportation. Employees so transferred shall be trans-  
18 ferred without further examination or qualification and shall retain  
19 their respective civil service classification status. In addition, the  
20 New York state canal corporation as constituted pursuant to chapter 766  
21 of the laws of 1992 as a subsidiary of the New York state thruway  
22 authority shall, for a period of two years following the effective date  
23 of this act, be considered the former agency of such employees trans-  
24 ferred pursuant to this section for the purposes of subdivision 8 of  
25 section 73 of the public officers law.

26 (b) Any such employee who at the time of such transfer shall have been  
27 in a negotiating unit represented by an employee organization which was  
28 certified or recognized pursuant to article 14 of the civil service law,  
29 and whose job function or duties have remained essentially the same,  
30 shall continue to be represented by said employee organization, in a  
31 bargaining unit within the department of transportation. Successor  
32 employees to the positions held by such transferred employees in the  
33 department of transportation shall, consistent with the provisions of  
34 article 14 of the civil service law, be included in the same unit as  
35 their predecessors. Nothing in this section shall be construed to  
36 affect (i) the rights of employees pursuant to an existing or most  
37 recently expired collective bargaining agreement, or (ii) existing law  
38 with respect to an application by the public employment relations board  
39 seeking designation by the board that certain persons are managerial or  
40 confidential. Nothing in this section shall preclude changes in negoti-  
41 ating units of such employees consistent with the provisions of article  
42 14 of the civil service law.

43 S 104. Severability. If any clause, sentence, paragraph, section or  
44 part of this act shall be adjudged by any court of competent jurisdic-  
45 tion to be invalid, such judgment shall not affect, impair or invalidate  
46 the remainder thereof, but shall be confined in its operation to the  
47 clause, sentence, paragraph, section or part thereof directly involved  
48 in the controversy in which such judgment shall have been rendered. In  
49 addition, this act, being necessary for the welfare of the state and its  
50 inhabitants, shall be liberally construed so as to effectuate its  
51 purposes.

52 S 105. This act shall take effect immediately; provided, however, that  
53 the amendments made to sections 73-0105 and 73-0107 of the environmental  
54 conservation law by sections eighty-four and eighty-five of this act  
55 shall not affect the repeal of such sections as provided in section 3 of  
56 chapter 456 of the laws of 2007, as amended and shall be deemed repealed

1 therewith; provided, further, that the amendments to subdivision 1 of  
2 section 37.05 of the parks, recreation, and historic preservation law  
3 made by section eighty-six of this act shall not affect the repeal of  
4 such section and shall be deemed to be repealed therewith.
