I N A S S E M B L Y

(PREFILED)

January 9, 2013

Introduced by M. of A. CLARK, SCARBOROUGH -- Multi-Sponsored by -- M. of
A. PEOPLES-STOKES, RIVERA, WEISENBERG -- read once and referred to the
Committee on Education

AN ACT to amend the education law, in relation to establishing a pilot
program for overage, under-credit students to prepare these students
for post secondary education or training and providing for the repeal
of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-
BLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature hereby finds and
2 declares it necessary to increase the graduation rate in this state,
3 particularly New York City, Yonkers, Buffalo, Rochester, and Syracuse,
4 where the drop-out rate is exceptionally high particularly with minority
5 and limited English proficient students. To do so, the legislature finds
6 it necessary to create a research-based pilot program to assist overage,
7 under-credit students, who are typically at risk of not graduating,
8 obtain a high school diploma or general equivalency diploma (GED), and
9 to prepare these students for post-secondary education or training. The
10 legislature recognizes that a variety of individual, familial, and
11 community-based factors may contribute to a student's failure to gradu-
12 ate, including, but not limited to, the student's poor academic perform-
13 ance or attendance, parents' academic history, alcohol and/or substance
14 abuse in the home, upbringing in a single parent household or teen
15 parent household, neglect and/or abuse in the home, insufficient
16 parental interest or involvement in students' academic performance, or
17 otherwise, limited English proficiency in the home, limited access to
18 health care, or limited economic means, poverty or parental unemploy-
19 ment.

20 The pilot program will examine the relationship between the aforemen-
21 tioned risk factors and the students' academic progress as well as the

1 influence of the program's academic and after school support services on
2 the student's academic progress, post-secondary education or training,
3 and employability. The pilot program is expected to engage one thousand
4 two hundred eligible students in academic and after-school services. The
5 pilot program will provide assistance and support to selected students
6 to assist them to obtain a high school diploma or GED and to prepare
7 them for post-secondary education or training. The program will further
8 provide assistance and support to the students for two years after the
9 students' attainment of such a diploma. This research-based pilot
10 program will provide a comprehensive look at the needs of and adverse
11 influences on overage, under-credit students and provide a fundamental
12 plan for remediation.

13 S 2. The education law is amended by adding a new article 100 to read
14 as follows:

15 ARTICLE 100

16 OVERAGE AND UNDER-CREDIT STUDENTS

17 SECTION 4950. DEFINITIONS.
