4 tion in its broadest sense should be the socialization of the inmates
5 through varied impressional and expressional activities, with emphasis
6 on individual inmate needs. The objective of this program shall be the
7 return of these inmates to society with a more wholesome attitude toward
8 living, with a desire to conduct themselves as good citizens, and with
9 the skill and knowledge which will give them a reasonable chance to
10 maintain themselves and their dependents through honest labor. To this
11 end each inmate shall be given a program of education which, on the
12 basis of available data, seems most likely to further the process of
13 socialization and rehabilitation. Provided that, the commissioner, in
14 consultation with the commissioner of education, shall develop a curric-
15 ula for and require provision of an education program to all inmates, on
16 a periodic basis, on the consequences and prevention of shaken baby
17 syndrome which may include the viewing of a video presentation thereon.
18 The time daily devoted to such education shall be such as is required
19 for meeting the above objectives. The director of education, subject to
20 the direction of the commissioner and after consultation with the
21 commissioner of education, shall develop the curricula and the education
22 programs that are required to meet the special needs of each correction-
