AN ACT to amend the tax law and the state finance law, in relation to allocating certain revenue to the tobacco use prevention and control program fund for programs to help smokers quit and to keep children from smoking

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Statement of legislative intent. The legislature finds  
2     that:  
3     New York state has raised over twelve billion dollars in tobacco  
4     revenues over the past seven years, yet only three and one-half percent  
5     of these revenues have been spent on the state's Tobacco Use Prevention  
6     and Control Program.  
7     In the year 2013, New York state spent only sixteen percent of the  
8     amount recommended by the Centers for Disease Control and Prevention on  
9     tobacco control. New York state was once a leader in tobacco control  
10    support spending, but now ranks twenty-first in the United States.  
11    From the years 2007-2013, funding for the New York State Tobacco Use  
12    Prevention and Control Program was cut by more than half. This inadequate  
13    funding level for the program stands in contrast to promises made  
14    in 1998 by public officials to invest state dollars earned from the  
15    Tobacco Master Settlement Agreement in tobacco control programs.

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets [ ] is old law to be omitted.

LBD10963-10-4

1 The Tobacco Master Settlement Agreement states that its purpose is to  
2 "achieve for the Settling States and their citizens significant funding  
3 for the advancement of public health" and "the implementation of impor-  
4 tant tobacco-related public health measures."

5 When more adequately funded, the State Tobacco Use Prevention and  
6 Control Program achieved successes in the effort to curb tobacco use.  
7 Teenage and adult tobacco use rates had fallen faster in New York state  
8 than in the United States as a whole.

9 Limited funding prevents the State Tobacco Use Prevention and Control  
10 Program from reaching the most vulnerable populations with the highest  
11 rates of smoking, individuals with limited income. A recent analysis by  
12 the American Cancer Society of New York and New Jersey found that lung  
13 cancer rates in upstate New York are higher than the national average.

14 Tobacco use takes a terrible toll on New York. In the year 2009, twen-  
15 ty-five thousand four hundred lives were prematurely lost due to tobacco  
16 use, with an estimated nine thousand six hundred ten of those deaths  
17 resulting from cancer. Tobacco costs New Yorkers over eight billion  
18 dollars in health care costs, including nearly two billion seven hundred  
19 thousand dollars in Medicaid expenditures.

20 The legislature therefore declares that New York state should fulfill  
21 the promise made by state policy makers at the time of the State Tobacco  
22 Master Settlement Agreement to use tobacco revenues for programs to help  
23 smokers quit and to keep children from smoking. The legislature further  
24 declares that funding for the Tobacco Use Prevention and Control Program  
25 should be incrementally increased on an annual basis over the next ten  
26 years to reach the level recommended by the United States Centers for  
27 Disease Control and Prevention that would be current by the year 2024.

28 S 2. Section 482 of the tax law, as amended by section 2 of part T of  
29 chapter 61 of the laws of 2011, is amended to read as follows:

49 accordance with section twenty-eight hundred seven-v of the public  
50 health law. NOTWITHSTANDING THE PROVISIONS OF SECTION ONE HUNDRED
