2 of the provisions of this act shall be subject to section 25 of the
3 retirement and social security law.

4 S 3. This act shall take effect immediately.

FISCAL NOTE.--

This bill would amend Chapter 548 of the Laws of 2000 to allow certain members who were honorably discharged from the military with at least 5 years of active duty, who are now receiving a federal government sponsored disability benefit, to purchase up to an additional 18 months of service credit for military duty. Such military duty is not restricted to the theater of operations, receipt of an expeditionary medal or periods of conflict which are required by current law. The additional service credit granted pursuant to this legislation, when added to credit granted for military service pursuant to any other provision of law shall not exceed a total of four and a half (4.5) years. Members must have at least five (5) years of credited service. Tier 1-5 members would be required to make a payment of three percent of their most recent compensation per year of additional service credit granted by this bill. Tier 6 members would be required to make a payment of six percent of their most recent compensation per year of additional service credit.

If this bill is enacted, insofar as this proposal affects the New York State and Local Employees' Retirement System (ERS), it is estimated that the past service cost will average approximately 12% (9% for Tier 6) of an affected members' compensation for each year of additional service credit that is purchased.

Insofar as this proposal affects the New York State and Local Police and Fire Retirement System (PFRS), it is estimated that the past service cost will average approximately 17% (14% for Tier 6) of an affected members' compensation for each year of additional service that is purchased.

The exact number of members who could be affected by this legislation cannot be readily determined.

ERS Costs: Pursuant to section 25 of the Retirement and Social Security Law, these per person one-time costs could be borne by the State of New York and would require an itemized appropriation by the State of New York sufficient to pay the cost of the provision. The State may amortize these per person one-time costs over a period of 5 years.

PFRS Costs: These costs would be shared by the State of New York and the participating employers in the PFRS.
