2013-2014 Regular Sessions

I N A S S E M B L Y

June 19, 2013

Introduced by M. of A. CAMARA -- read once and referred to the Committee on Codes

AN ACT to amend the general business law and the penal law, in relation to establishing a statewide database to maintain and track coded ammunition and establishing penalties for individuals who violate such provisions; to amend the state finance law, in relation to establishing the ammunition coding system database fund; and to amend the tax law, in relation to establishing a tax credit for manufacturers or dealers who exchange old uncoded ammunition for new coded ammunition

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature hereby finds that  
2 each year in the United States more than thirty percent of all homicides  
3 involving a gun go unsolved. Handgun ammunition accounts for approxi-  
4 mately eighty percent of all ammunition sold within the United States.  
5 Current technology for matching a bullet used in a crime to the gun that  
6 fired it has worked moderately well for years, but presupposes that the  
7 weapon was recovered by law enforcement. Ammunition coding is a new and  
8 effective way for law enforcement to quickly identify persons of inter-  
9 est in gun crime investigations.

10 S 2. The general business law is amended by adding a new section 396-  
11 gg to read as follows:
