AN ACT to amend the public service law, in relation to marketing practices of energy services companies

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative intent. The legislature finds that on March 14,
2 1996, the public service commission authorized energy services companies
3 (ESCOs) to compete with traditional utilities to supply consumers with
4 electricity or natural gas. Since then, approximately 85 ESCOs have
5 become certified to provide electricity in New York state and over 100
6 ESCOs have become certified to provide natural gas. The legislature
7 further finds that on October 19, 2012, the public service commission
8 instituted a new proceeding (12-M-0476) to examine aspects of the resi-
9 dential and small non-residential retail energy markets in the state,
10 during the course of which proceeding, the department of public service
11 found that some large scale non-residential customers were benefiting
12 from competition, while some small non-residential and residential
13 customers were not benefiting and paying more for energy than they typi-
14 cally would pay with their utility. The legislature further finds that
15 the proceeding discovered "major weaknesses in the residential and small
16 non-residential retail energy markets due to the lack of accurate, tran-
17 sparent and useful information and marketing behavior that creates and
18 too often relies on customer confusion." Therefore, to protect custom-
