## 11 PART A-2

Section 1. Legislative intent. The legislature hereby finds and declares that given the current fiscal climate in this state, many school districts, particularly small, rural districts, are threatened by a decline in educational opportunities and programs for their students.

School districts are seeking new models of delivering services to students that are most cost-effective and efficient, in order to sustain or enhance the quality of services to maintain or expand the scope of services offered to students.

The legislature recognizes that many secondary schools in the state are experiencing financial limitations that may impair their ability to offer students the same range or quality of courses that other secondary schools may provide. In order to ensure that these districts continue to offer their students advanced course work, districts should be afforded the opportunity to establish a regional secondary school.

Under this new model of delivering services, districts will be able to streamline programs and services, increase resources and increase their purchasing power through shared services. These resultant cost savings will allow money to flow into educational programs and services for students which will, in turn, help to improve student performance and meet college and career readiness.

Section 1. Subdivision 1 of section 5 of the civil service law, as added by chapter 790 of the laws of 1958, is amended to read as follows:

1. The department. There shall continue to be in the state government a department of civil service. THE DEPARTMENT SHALL NOT MERGE OR CONSOLIDATE WITH ANY OTHER DEPARTMENT, DIVISION, AGENCY OR OFFICE UNLESS EXPRESSLY PERMITTED BY LAW. The head of the department shall be

the president of the state civil service commission who shall be responsible for the discharge of the duties and functions of the department.

S 2. This act shall take effect immediately.

4 PART Y

 Section 1. Legislative findings and declaration of purpose. The legislature hereby finds that the costs of completing higher education for residents of the state of New York are increasing at a rate significantly faster than the rate of inflation. Paying out of pocket has become increasingly difficult for families and students seeking to improve their educational and economic prospects. An affordable college education has become increasingly inaccessible to large numbers of middle class families in the state, for whom financial resources, including state grants and scholarships, are either limited or unavailable. Many families and students have no choice but to turn to the private lending market in order to finance their higher education.

Compounding the problem is the fact that typical interest rates for student loans offered through the private lending market are relatively high when compared to interest rates for other purposes, such as a mortgage or automobile. Additionally, the average student loan debt upon graduation is more than \$26,000 per student in the state. Reducing the debt burden that students endure upon graduating college has become a critical public policy goal.

As increasing the share of the state's population that undertakes and completes higher education is also a desirable public policy goal, and an individual's decision to complete a program of postsecondary education typically reaps economic and social rewards to the individual, the legislature hereby declares that it is in the best interest of the state to create a student loan linked deposit program whereby the state will subsidize private lenders to provide reduced-rate loans to students.

- S 2. Paragraph c of subdivision 1 of section 680 of the education law, as added by chapter 622 of the laws of 2008, is amended and a new paragraph d is added to read as follows:
- c. To enter into cooperative agreements, subject to the approval of the board of trustees and the director of the budget, with other entities, including, but not limited to, other states, the federal government, and post-secondary institutions, to establish, administer, and operate federal student aid programs. Notwithstanding the provisions of paragraphs a and b of this subdivision, the corporation is authorized, pursuant to such cooperative agreements, to provide federal student aid services to students and families who are not residents of New York state[.]; AND
- D. TO ADMINISTER AND OPERATE A STUDENT LOAN LINKED DEPOSIT PROGRAM PURSUANT TO ARTICLE FIFTEEN-A OF THE STATE FINANCE LAW.
- S 3. Subdivision 2 of section 98-a of the state finance law, as added by chapter 705 of the laws of 1993, is amended to read as follows:
- 2. Notwithstanding any provision of law to the contrary, investment of bond proceeds and other funds not immediately required may be invested the comptroller in linked deposits pursuant to article fifteen OR ARTICLE FIFTEEN-A of this chapter. If any moneys are invested by the comptroller in linked deposits pursuant to article fifteen OR ARTICLE FIFTEEN-A of this chapter, the comptroller shall compute the monthly earnings for all funds, other than the general fund, as if no such moneys had been invested in such linked deposits.

S 4. The state finance law is amended by adding a new article 15-A to read as follows:
