(b) (i) In order to comply with paragraph (a) of this subdivision, a food facility that does not provide sit-down service shall disclose the information in a clear and conspicuous manner on a brochure that is made available at the point of sale prior to or during the placement of an order. A food facility that provides sit-down service shall provide the nutritional information in a clear and conspicuous size and typeface on at least one of the following:

(1) A brochure available on the table.

(2) A menu next to each standard menu item.

(3) A menu, under an index section that is separate from the listing of standard menu items.

(4) A menu insert.

(5) A table tent on the table.

(ii) Notwithstanding subparagraph (i) of this paragraph, a food facility that has a drive-through area and uses a menu board to display or list standard menu items at the point of sale shall, for purposes of the drive-through area only, disclose the nutritional information in a clear and conspicuous manner on a brochure or other printed material that is available upon request, and shall conspicuously display a notice at the point of sale that reads: "NUTRITIONAL INFORMATION IS AVAILABLE UPON REQUEST" or other similar statement that indicates the disclosure of nutritional information is available upon request.

(d) On and after January 1, 2017, every food facility that has a drive-through area and uses a menu board to display or list standard menu items at the point of sale shall, for purposes of the drive-through area only, disclose the nutritional information for each standard menu item in a clear and conspicuous manner on a brochure or other printed material that is available upon request, and shall clearly and conspicuously display a notice at the point of sale that reads: "NUTRITIONAL INFORMATION IS AVAILABLE UPON REQUEST" or other similar statement that indicates the disclosure of nutritional information is available upon request. If a food facility subject to this paragraph discloses nutritional information in the manner described in paragraph (b) of this subdivision, the food facility shall be deemed to be in compliance with this paragraph.

4. For purposes of subdivision 3 of this section, the disclosure of calorie content information on a menu or menu board next to a standard menu item that is a combination of at least two standard menu items on the menu or menu board, shall, based upon all possible combinations for that standard menu item, include both the minimum amount of calories for the calorie count information and the maximum amount of calories for the

1 calorie count information. If there is only one possible total amount of
2 calories, then this total shall be disclosed.

3 5. For purposes of subdivision 3 of this section, the disclosure of
4 calorie content information on a menu or menu board next to a standard
5 menu item that is not an appetizer or dessert, but is intended to serve
6 more than one individual, shall include both of the following:

7 (a) The number of individuals intended to be served by the standard
8 menu item.

9 (b) The calorie content information per individual serving. If the
10 standard menu item is a combination of at least two standard menu items,
11 this disclosure shall, based upon all possible combinations for that
12 standard menu item, include both the minimum amount of calories for the
13 calorie count information and the maximum amount of calories. If there
14 is only one possible total amount of calories, then this total shall be
15 disclosed.

16 6. For beverage items, a range of calorie count information may be
17 provided, which includes both the minimum amount of calories for any
18 beverage item and the maximum amount of calories.

19 7. The nutritional information and calorie content information
20 required by this act shall be determined on a reasonable basis. A
21 reasonable basis determination of nutritional information and calorie
22 content information shall be required only once per standard menu item,
23 provided that portion size is reasonably consistent and the food facili-
24 ty follows a standardized recipe and trains to a consistent method of
25 preparation.

26 8. Menus and menu boards may include a disclaimer that indicates that
27 there may be variations in nutritional content across servings, based on
28 variations in overall size and quantities of ingredients, and based on
29 special ordering.

30 9. This act shall not be construed to create or enhance any claim,
31 right of action, or civil liability that did not previously exist under
32 state law or limit any claim, right of action, or civil liability that
33 otherwise exists under state law. No private right of action shall arise
34 out of this act. The only enforcement mechanism of this act shall be the
35 local enforcement agency.

36 10. This act shall not be construed to preclude any food facility from
37 voluntarily providing nutritional information in addition to the
38 requirements of this act.

39 11. To the extent consistent with federal law, this act, as well as
40 any other state law that regulates the disclosure of nutritional infor-
41 mation, is a matter of statewide concern and occupies the whole field of
42 regulation regarding the disclosure of nutritional information by a food
43 facility as well as content required to be posted on menus, menu boards
44 and food item tags. No ordinance or regulation of a local government
45 shall regulate the dissemination of nutritional information or the
46 content required to be placed on menus, menu boards or food item tags by
47 a food facility. Any ordinance or regulation that violates this prohibi-
48 tion is void and shall have no force or effect.

49 12. Commencing July 1, 2015, a food facility that violates this act is
50 guilty of an infraction, punishable by a fine of not less than fifty
51 dollars or more than five hundred dollars, which may be assessed by a
52 local enforcement agency. However, a food facility may not be found to
53 violate this act more than once during an inspection visit. Notwith-
54 standing the penal law or any other provision of law to the contrary, a
55 violation of this act shall not constitute a misdemeanor.

1 13. Within 180 days after the effective date of this act, the New York
2 state department of health shall promulgate regulations defining the
3 specific requirements that constitute substantial compliance with this
4 act by food facilities.

5 14. If any provision of this act or the application thereof is for any
6 reason held invalid, ineffective, or unconstitutional by a court of
7 competent jurisdiction, the remainder of this act shall not be affected
8 thereby, and to this end, the provisions of this act are severable.

9 S 3. This act shall take effect immediately.
