AN ACT making an appropriation to the office for people with developmental disabilities for the purpose of providing additional services and expenses for community programs for people with developmental disabilities

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Statement of legislative intent. The legislature hereby 2 finds that providing people with developmental disabilities high quality 3 care is a critical state responsibility as affirmed in public policy including federal and state court cases and legislation. Furthermore the 5 legislature recognizes that critical reductions in state funding were enacted during the fiscal year 2013-2014 budget which will, if not restored, erode the quality of care for these vulnerable individuals 6 7 over time and sabotage state and federal mandates to achieve transformational objectives and transition to managed care. The legislature also 9 recognizes that, in accordance with budget language enacted as part of 10 chapter 53 of the laws of 2013, substantial and laudable progress has 11 12 been made by the executive working in cooperation with people with 13 developmental disabilities, their families and providers toward finding 14 savings to minimize the impact of fiscal year 2013-2014 funding 15 reductions. However, it is not sufficiently clear to what extent impact of these cuts have been minimized. Therefore it is the intent of 16 the legislature to ensure that the fiscal year 2013-2014 reduction be 17 fully restored and savings generated which are attributable to program 18 19 reductions, administrative reductions, more efficient operations or 20 appropriate lower cost care stay within the office for people with

 developmental disabilities' voluntary system for reinvestment towards unmet needs. Finally, this bill provides a cost effective vehicle for achieving its goals since it utilizes elements of the savings plan developed pursuant to chapter 53 of the laws of 2013 to reduce the actual appropriation required.

S 2. The sum of ninety million dollars (\$90,000,000), or so much thereof as may be necessary, is hereby appropriated to the office for people with developmental disabilities out of any moneys in the state treasury in the general fund, not otherwise appropriated, and made immediately available, for the purposes of this act. Such funding shall therefore supplement the monies appropriated by chapter 53 of the laws of 2013 to the office for people with developmental disabilities and shall be subject to the same conditions and requirements as stipulated in such chapter, including sub-allocations to the department of health for the state's medical assistance program.

The amount of such monies appropriated shall be determined by the commissioner of the office for people with developmental disabilities and the director of the budget and shall be based on a recommendation developed by the workgroup appointed pursuant to chapter 53 of the laws of 2013. The workgroup shall develop its recommendation upon evaluating the extent to which the savings plan it developed pursuant to budget language included in chapter 53 of the laws of 2013 results in any additional federal funds or other funds being made available that may be used to offset the requirement to appropriately use the full ninety million dollars (\$90,000,000). To the extent that these additional sources of funding fall short of \$90,000,000 no later than December 31, 2013 the director of the budget shall cause to be deposited sufficient funds to make up for such shortfall to the credit of the general fund.

S 3. This act shall take effect immediately.
