3 S 2. Part A of chapter 504 of the laws of 2009, amending the retire-
4 ment and social security law relating to establishing police and fire
5 retirement provisions, is amended by adding a new section 8-a to read as

7 S 8-A. NOTWITHSTANDING ANY OTHER PROVISION OF LAW TO THE CONTRARY ANY

14 2009 AND BEFORE JANUARY 10, 2010.

15 S 3. This act shall take effect immediately.

FISCAL NOTE.--Pursuant to Legislative Law, Section 50:

This bill would grant that an individual who became a Tier 3 or a Tier
5 member of the New York State and Local Police and Fire Retirement
System (PFRS) and whose employer has elected to provide the provisions
of Section 384-d, and who is not subject to a collective bargaining
agreement, would no longer be required to make mandatory employee
contributions.

This bill would also allow a small number of individuals who became
members of the PFRS on or after July 1, 2009 and before January 9, 2010
and who did not timely file an application to become covered under the
provisions of Section 384-d within the one year required filing period
to file for such coverage.

Further, this bill would amend Chapter 604 of the Laws of 2009 to
allow an individual who became a member of PFRS on or after July 1, 2009
and before January 10, 2010 to join a special retirement plan open to
him or her pursuant to a collective bargaining agreement in effect on or
after July 1, 2009 and before January 10, 2010. Such members who elect
coverage under Article 22 of the Retirement and Social Security Law will
not be required to make employee contributions.

If this bill is enacted, we anticipate that the employers of such
members who are covered under PFRS special retirement contributory plans
would see an increase in their annual contributions for the fiscal year
ending March 31, 2014 of approximately 4.4% of the annual salaries.

In addition to these costs, there would be future annual costs which
would be borne by any employer of a member who would become eligible to
file for Section 384-d coverage. These costs would depend on the current
plan coverage and salaries of affected members. There would also be a
past service cost for each such member, which would depend on the age,
service, salary and plan coverage of the member. These past service
costs would be borne by all the employers in the PFRS.
