5986--B

2013-2014 Regular Sessions

I N S E N A T E

November 15, 2013

Introduced by Sens. LIBOUS, RITCHIE, BONACIC, BOYLE, DeFRANCISCO, FARLEY, FLANAGAN, GALLIVAN, HANNON, LAVALLE, LITTLE, MARCELLINO, MARCHIONE, MAZIARZ, O'MARA, SEWARD, ZELDIN -- read twice and ordered printed, and when printed to be committed to the Committee on Rules -- recommitted to the Committee on Mental Health and Developmental Disabilities in accordance with Senate Rule 6, sec. 8 -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee -- committee discharged, bill amended, ordered reprinted as amended and recommitted to said committee

AN ACT to amend chapter 56 of the laws of 2012, amending the mental hygiene law and other laws relating to the office for people with developmental disabilities and the office of mental health, in relation to delaying the closure and consolidation of facilities operated by such offices

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Short title. This act shall be known and may be cited as
2 the "freeze unsafe closures now act".
3 S 2. Legislative findings. The legislature hereby finds that the state
4 has recently announced its intent to downsize and close numerous facilities
5 operated by the office of mental health and the office for people
6 with developmental disabilities. These facilities provide inpatient
7 services to individuals with serious mental illness or developmental
8 disabilities who are very frail, who are dangerous or violent, or who
9 are children and adolescents. The stated purpose of these closures is
10 to achieve full community integration of the mentally ill and developmentally
11 disabled individuals residing throughout the state in accordance with the Supreme Court
12 decision in *Olmstead v. L.C.*, 527 U.S. 581 (1999), is a United States Supreme Court case regarding
13 discrimination against people with mental disabilities, which held that
14 under the Americans with Disabilities Act (ADA), individuals with mental
15 disabilities who are very frail, who are dangerous or violent, or who are children and adolescents.

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets [] is old law to be omitted.

LBD13050-06-4

1 disabilities have the right to live in the community rather than in
2 institutions, if in the words of the opinion of the court, "the State's
3 treatment professionals have determined that community placement is
4 appropriate, the transfer from institutional care to a less restrictive
5 setting is not opposed by the affected individual, and the placement can
6 be reasonably accommodated, taking into account the resources available
7 to the State and the needs of others with mental disabilities". The
8 court also stated that "We emphasize that nothing in the ADA or its
9 implementing regulations condones termination of institutional settings
10 for persons unable to handle or benefit from community settings".

11 These closures would result in the loss of much-needed inpatient beds
12 without adequate planning for community-based, state-provided alterna-
13 tives. This plan also reduces innovative programs that include family
14 involvement or behavior modification for the mentally ill and the devel-
15 opmentally disabled. For mentally ill and developmentally disabled
16 consumers, their safety net has been cut. The termination of services
17 to these individuals by the state will have a dramatic unforeseen impact
18 by forcing state employees to move to new communities, disrupting care
19 for fragile consumers, increasing incidents of individuals with violent
20 tendencies to victimize children and others, the overburdening of hospi-
21 tal emergency rooms, and inundating local correctional facilities with
22 many new inmates.

23 The legislature hereby finds that closure of these facilities is not
24 required by the Olmstead decision and other federal mandates to achieve
25 full community integration of the mentally ill and the developmentally
26 disabled. The state will not achieve significant savings by shutting
27 the doors of these vital facilities; unfortunately, there is a very
28 significant chance the individuals being affected by these closures will
29 turn up in our criminal justice system and/or health care facilities.

30 The purpose of this act shall be to postpone action providing for the
31 closure of facilities operated by the office of mental health and the
32 office for people with developmental disabilities until April 1, 2015 so
33 more adequate planning and collaboration can occur.

34 S 3. Sections 20 and 21 of part J of chapter 56 of the laws of 2012,
35 amending the mental hygiene law and other laws relating to the office
36 for people with developmental disabilities and the office of mental
37 health, are amended to read as follows:

38 S 20. The commissioner of [the office for people with] developmental
39 disabilities shall provide notification to the temporary president of
40 the senate and the speaker of the assembly sixty days prior to a
41 reduction in capacity of twenty persons or more or closure of a develop-
42 mental center or other institutional setting which is subject to such
43 reduction or closure pursuant to such commissioner's planned downsizing
44 and closing of institutional capacity. PROVIDED, HOWEVER, THAT NO STATE
45 OPERATED FACILITY SHALL BE REDUCED IN CAPACITY OR CLOSED BY THE OFFICE
46 FOR PEOPLE WITH DEVELOPMENTAL DISABILITIES PURSUANT TO THIS ACT PRIOR TO
47 APRIL 1, 2017.

48 S 21. This act shall take effect immediately, provided however, that
49 on or before May 31, 2012 the office for people with developmental disa-
50 bilities shall submit a report to the temporary president of the senate
51 and the speaker of the assembly on implementation related to the
52 restructuring of developmental disabilities services offices. The office
53 shall also publish the report on the office's website. The report shall
54 include but not be limited to: the plan timeline for transition of each
55 of the developmental disabilities service offices into a state oper-
56 ations offices of the office for people with developmental disabilities;

1 the location of each state operations office, its catchment area, and a
2 list of services that will be administered under its jurisdiction; and
3 the location of each developmental disabilities regional office, its
4 catchment area, and a list of programs under its jurisdiction; and
5 provided further that section twenty of this act shall expire and be
6 deemed repealed on [March 31, 2013] APRIL 1, 2017.

7 S 4. Sections 2 and 4 of part 0 of chapter 56 of the laws of 2012,
8 amending the mental hygiene law and other laws relating to the office
9 for people with developmental disabilities and the office of mental
10 health, section 4 as amended by section 2 of part H of chapter 56 of the
11 laws of 2013, are amended to read as follows:

12 S 2. Notwithstanding the provisions of subdivisions (b) and (e) of
13 section 7.17 of the mental hygiene law, section 41.55 of the mental
14 hygiene law, or any other law to the contrary, the office of mental
15 health is authorized, ON AND AFTER APRIL 1, 2017, to close, consolidate,
16 reduce, transfer or otherwise redesign services of hospitals, other
17 facilities and programs operated by the office of mental health, and to
18 implement significant service reductions and reconfigurations according
19 to this section as shall be determined by the commissioner of mental
20 health to be necessary for the cost-effective and efficient operation of
21 such hospitals, other facilities and programs. One of the intents of
22 actions taken that result in closure, consolidation, reduction, transfer
23 or other redesign of services of hospitals is to reinvest savings such
24 that, to the extent practicable, comparable or greater levels of commu-
25 nity based mental health services will be provided to persons with
26 mental illness in need of services within the catchment areas of such
27 hospitals, as determined by the commissioner of mental health with
28 approval from the director of the division of the budget.

29 (a) In addition to the closure, consolidation or merger of one or more
30 facilities, the commissioner of mental health is authorized, ON AND
31 AFTER APRIL 1, 2017, to perform any significant service reductions that
32 would reduce inpatient bed capacity by up to 400 beds, which shall
33 include but not be limited to, closures of wards at a state-operated
34 psychiatric center or the conversion of beds to transitional placement
35 programs, provided that the commissioner provide at least 45 days notice
36 of such reductions to the temporary president of the senate and the
37 speaker of the assembly and simultaneously post such notice upon its
38 public website. In assessing which significant service reductions to
39 undertake, the commissioner shall consider data related to inpatient
40 census, indicating nonutilization or under utilization of beds, and the
41 efficient operation of facilities.

42 (b) At least 75 days prior to the anticipated closure, consolidation
43 or merger of any hospitals named in subdivision (b) of section 7.17 of
44 the mental hygiene law, the commissioner of mental health shall provide
45 notice of such closure, consolidation or merger to the temporary presi-
46 dent of the senate, and speaker of the assembly, the chief executive
47 officer of the county in which the facility is located, and shall post
48 such notice upon its public website. The commissioner shall be author-
49 ized to conduct any and all preparatory actions which may be required to
50 effectuate such closures during such 75 day period. In assessing which
51 of such hospitals to close, the commissioner shall consider the follow-
52 ing factors: (1) the size, scope and type of services provided by the
53 hospital; (2) the relative quality of the care and treatment provided by
54 the hospital, as may be informed by internal or external quality or
55 accreditation reviews; (3) the current and anticipated long-term need
56 for the types of services provided by the facility within its catchment

1 area, which may include, but not be limited to, services for adults or
2 children, or other specialized services, such as forensic services; (4)
3 the availability of staff sufficient to address the current and antic-
4 ipated long term service needs; (5) the long term capital investment
5 required to ensure that the facility meets relevant state and federal
6 regulatory and capital construction requirements, and national accredi-
7 tation standards; (6) the proximity of the facility to other facilities
8 with space that could accommodate anticipated need, the relative cost of
9 any necessary renovations of such space, the relative potential operat-
10 ing efficiency of such facilities, and the size, scope and types of
11 services provided by the other facilities; (7) anticipated savings based
12 upon economies of scale or other factors; (8) community mental health
13 services available in the facility catchment area and the ability of
14 such community mental health services to meet the behavioral health
15 needs of the impacted consumers; (9) the obligations of the state to
16 place persons with mental disabilities in community settings rather than
17 in institutions, when appropriate; and (10) the anticipated impact of
18 the closure on access to mental health services.

19 (c) Any transfers of inpatient capacity or any resulting transfer of
20 functions shall be authorized to be made by the commissioner of mental
21 health and any transfer of personnel upon such transfer of capacity or
22 transfer of functions shall be accomplished in accordance with the
23 provisions of section 70 of the civil service law ON AND AFTER APRIL 15,
24 2017.

25 S 4. This act shall take effect immediately and shall be deemed to
26 have been in full force and effect on and after April 1, 2012; provided
27 that the date for any closure or consolidation pursuant to this act
28 shall be on a date certified by the commissioner of mental health; and
29 provided further, however, that SECTION TWO OF this act shall expire and
30 be deemed repealed [March 31, 2013] APRIL 1, 2017.

31 S 5. This act shall take effect immediately and shall be deemed to
32 have been in full force and effect on and after March 31, 2013.
