AN ACT creating a legislative task force on outdoor environmental education and recreation that will benefit residents of New York state by stewardship and conservation of the environment, an appreciation of the importance of the wise use of natural resources as well as acknowledgment of the health benefits of time spent in nature

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. (a) The legislature hereby finds that
2 in the last two decades, childhood has moved indoors. The average Ameri-
3 can boy or girl spends just four to seven minutes each day in unstruc-
4 tured outdoor play, and more than seven hours each day in front of an
5 electronic screen. The decline in the appreciation and prevalence of
6 outdoor recreation opportunities profoundly impacts the wellness of our
7 state's youth. The correlation between increasing childhood obesity
8 rates and the decline in outdoor recreation is undeniable.
9 (b) The legislature further finds that visual and physical access to
10 basic types of open space is vital for everyone, and particularly valu-
11 able to children growing up in "urban hardscapes", or areas where access
12 to nature is limited.
13 (c) The legislature further finds that the development of policies
14 that foster stewardship of the environment, the importance of the wise
15 use of natural resources and recognition of the health benefits of time
16 spent in nature are essential to the residents of New York state. The

1 legislature concludes that this can best be accomplished by the creation
2 of a task force on outdoor environmental education and recreation.

3 S 2. Objectives. A legislative task force on outdoor environmental
4 education and recreation is hereby established to:

6 York state has an aggressive outdoor environmental education and recre-

8 ing opportunities for outdoor play and learning;

9 (b) Identify and support programs which offer safe access to open
10 spaces and summer camp to children from urban areas;

12 New York's public and private sectors focus on creating opportunities
13 for underserved and at-risk children to participate in outdoor play and
14 educational experiences;

15 (d) Promote the development of strategies to ensure that K-12 educa-
16 tional institutions develop policies and programs that promote environ-
17 mental education to encourage outdoor play thereby improving public
18 health and take advantage of the physical, mental and spiritual benefits
19 of moving outdoors in nature;

20 (e) Promote the development of strategies to assist community based,
21 nonprofit organizations in furthering programs that provide for summer
22 camp and out of school time opportunities for outdoor recreation or
23 education;

24 (f) Evaluate laws, rules, and procedures to ensure that they facili-
25 tate, or at least do not hinder, the growth of outdoor play or environ-
26 mental education.
