AN ACT to amend the public health law, in relation to prohibiting the sale of flavored tobacco products

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings. The legislature hereby finds and
2 declares that there has been a proliferation of flavored tobacco
3 products in recent years. Many of these products have fruit, chocolate
4 or other flavors that are particularly attractive to children. According
5 to public health experts, children are more likely to choose flavored
6 tobacco products when they start using tobacco, and thus the existence
7 of these products increases the incidence of tobacco use among children.
8 Moreover, the earlier that an individual begins using tobacco, the more
9 likely he or she will become addicted to tobacco products and will
10 continue to use them throughout his or her lifetime. As a result,
11 flavored tobacco products result in increased tobacco use, increased
12 addiction, a greater incidence of tobacco-related illnesses, increased
13 health care costs, and more tobacco-related deaths. In 2009, the United
14 States Congress enacted legislation prohibiting the sale of flavored
15 cigarettes, but such action does not apply to other tobacco products.
16 The legislature, therefore, finds and declares that flavored tobacco
17 products, like flavored cigarettes, present a significant threat to
18 public health, and that the sale of flavored tobacco products must be
19 prohibited.

20 S 2. Article 13-F of the public health law is amended by adding a new
21 section 1399-aaa to read as follows:

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets
[] is old law to be omitted.
