AN ACT to amend the environmental conservation law, in relation to the filling of borrow pits in Jamaica Bay; and providing for the repeal of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative intent. Due to the increase in vessel size in  
2 recent years, New York State waterways such as channels, berthing areas  
3 and harbors are being excavated in a process known as dredging to main-  
4 tain sufficient depth for safe and efficient vessel operation.  
5     Dredged material is naturally accumulated sediment, much of the  
6 dredged material does contain some contaminants at varying concen-  
7 trations.  
8     Jamaica Bay was dredged to supply soil for a number of construction  
9 projects. This process created borrow pits in the bay. These borrow  
10 pits have been identified as an attractive alternative for the disposing  
11 of dredge material.  
12     S 2. Section 15-0505 of the environmental conservation law is amended  
13 by adding an new subdivision 3-a to read as follows:
