AN ACT to amend the New York state urban development corporation act, in  
relation to creating the small business energy loan program

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-  
BLY, DO ENACT AS FOLLOWS:

1     Section 1. The legislature hereby finds and declares that the state's  
2     chronically high energy costs are often cited as a key factor for why  
3     New York-based businesses and New York-made products are not competitive  
4     in national and global markets. The legislature further finds that the  
5     state's economic expansion is tied to the growth and development of  
6     small businesses. By reducing a primary cost component in a rapidly  
7     growing sector of the state's economy, those businesses are rendered  
8     more competitive, and thus help to better secure New York-based jobs. In  
9     addition, thriving businesses and communities will augment the tax base,  
10    which in distressed communities is disproportionately lower than in  
11    other areas of the state.

12    Therefore, the legislature seeks to provide funds to reduce high ener-  
13    gy costs, via a zero or low interest loan, or loan interest rate  
14    reduction program for energy efficiency projects to stimulate the growth  
15    and development of small businesses and jobs in New York state.

16    S 2. Section 1 of chapter 174 of the laws of 1968, constituting the  
17    New York state urban development corporation act, is amended by adding a  
18    new section 16-w to read as follows:

EXPLANATION--Matter in *ITALICS* (underscored) is new; matter in brackets  
[ ] is old law to be omitted.
