on Housing

AN ACT to amend the private housing finance law and the state finance law, in relation to dedicating Mitchell-Lama buyout revenues to affordable housing

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

Section 1. Legislative findings and intent. Mitchell-Lama housing was built in the 1950's as a response to the housing crisis after World War II. This housing created new vibrant communities that attracted businesses, schools, day care centers and stimulated economic activity that has allowed New York city to thrive. Without programs like Mitchell-Lama, New York City would only be inhabitable for the very rich or the very poor. Mitchell-Lama housing allows people of all economic means to live together in decent, affordable housing. This community is being threatened by the specter of buy-outs. Applying buy-out revenues to provide more affordable housing will preserve and promote the well being of our state's communities.
