AN ACT to amend the education law, in relation to establishing family  
literacy programs for economically disadvantaged families living in  
poverty areas or in areas served by low-performing public schools

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEM-  
BLY, DO ENACT AS FOLLOWS:

1     Section 1. Legislative findings and declaration. It is the purpose of  
2     this act to help break the cycle of poverty and illiteracy by improving  
3     the educational opportunities for New York's low-income families by  
4     funding family literacy programs that integrate early childhood develop-  
5     ment, adult literacy or adult basic education, inter-generational learn-  
6     ing and parenting education. The legislature finds and declares that the  
7     provision of comprehensive family literacy programs will help many  
8     parents and children living in poverty to improve their lives. The  
9     legislature finds that, based on national and state surveys, persons  
10    with low literacy levels are most likely to live in poverty and be  
11    dependent on public assistance. The legislature finds that a compar-  
12    atively high percentage of students attending low-performing public  
13    schools live in poverty or have parents with limited English language  
14    proficiency or poor literacy skills. The legislature finds that there is  
15    inadequate funding to address the illiteracy problem in these communi-  
16    ties. Therefore, the legislature finds that it is necessary to fund  
17    family literacy programs targeted to economically disadvantaged families  
18    residing in poverty areas or in attendance zones served by low-perform-  
19    ing public schools to assist adults and children living in these commu-
