AN ACT authorizing the reinstatement of prior approved work permits and waiving the requirements of section 35 and subdivision 2 of section 36 of the general city law as such provisions relate to rebuilding and repairing homes devastated by Hurricane Sandy in the city of New York; and providing for the repeal of such provisions upon expiration thereof

THE PEOPLE OF THE STATE OF NEW YORK, REPRESENTED IN SENATE AND ASSEMBLY, DO ENACT AS FOLLOWS:

1 Section 1. Legislative findings and intent. The storms, rains and
2 floods of Hurricane Sandy beginning on October 29, 2012 and ending
3 November 3, 2012 catastrophically impacted real property situated in the
4 city of New York. Storm surges in the Breezy Point neighborhood in the
5 borough of Queens severely damaged or destroyed many buildings, followed
6 by a major fire which destroyed additional buildings. Pursuant to the
7 requirements of sections 35 and 36 of the general city law, owners must
8 submit applications to the board of standards and appeals for
9 construction subject to the requirements of these provisions. However,
10 the unprecedented number of applications that could result from this
11 storm might hinder the expeditious repair and reconstruction of build-
12 ings in the area.

13 The legislature finds that it is in the best interests of owners of
14 homes and other buildings in Breezy Point to expedite the rebuilding and
15 repair of such buildings devastated in the wake of Hurricane Sandy
